Sky Ships:

Sky Ships William F Althoff,2016-02-15 Originally published in 1990 Sky Ships is easily the most comprehensive history of U S Navy airships ever written The Naval Institute Press is releasing this new edition complete with two hundred new photographs to commemorate the twenty fifth anniversary of the book s publication Impressed by Germany s commercial and military Zeppelins the United States initiated its own airship program in 1915 Naval Air Station Lakehurst in New Jersey was homeport for several of the largest machines ever to navigate the air The success of the commercial rigid airship peaked in 1936 with transatlantic round trips between Central Europe and the Americas by Hindenburg and by Graf Zeppelin ending with the infamous fire in 1937 That setback the onset of war and the accelerated progress of heavier than air technology ended rigid airship development The Navy continued to use blimps to protect Allied shipping during World War II Following the war the Navy persisted with efforts to integrate the airships but the program was finally discontinued in the early 1960s

Sky-ships Alfred Cecil Hardy,1943 **Moon for Sale** Richard Price,2017-01-15 The poems in Richard Price s Moon for Sale delight in linguistic play turning over sound and sense with gleeful dexterity But they are equally visually sensitive Price s lyricism speaks as much to a cinematic sensibility as to a poetic one to Terrence Malick s Tree of Life to the carefully braided documentaries of Viera Cak nyov and to the elegiac filmscapes of Margaret Tait In the shadow of a culture in which even the moon is up for auction Moon for Sale records the decadence of our times by incorporating and repurposing that culture s language At the same time a haven of meaning is sought in the erotic in the intimate transactions between bodies that rush of unclevering which both simplifies and intensifies the world **Skyships and Sisters** Jonathon Mast,2022-10-15

Pirates plus magic equals trouble Madelyn can face any threat with her cutlass her magic and a grin Her people are safe on her floating Island in the sky Until pirates attack Fae skyships swoop down Pirates raid the Island They search for Madelyn of the Sky If they were just pirates Madelyn wouldn t even hesitate It would be no contest But she s not the only one who can use magic this time What do the pirates want with her Can she face them alone And is she any match for fae magic

Skyships Over Innsmouth Susan Laine,2016-08-02 Twenty winters have passed since the Cataclysm brought down society and robbed people of their memories Humanity vastly reduced in numbers since the initial chaos has started anew in Canal City with the aid of library books and steam technology The Scout and Ranger Corps was established to search for possible survivors and to replenish dwindling resources Dev is the captain of the scout airship Smoke Sparrow and Shay is the scholar of their newest expedition Their destination is Innsmouth Massachusetts a small fishing town that is mentioned in obscure books but shows up on no maps Might its secrets offer answers But within the fog covered ruined hillside town by the bay lurk unspeakable dangers and horrors beyond imagining The expedition team soon learns that Innsmouth is one town that should have been left forgotten **Rear Admiral Herbert V. Wiley** Ernest Marshall,2018-09-25 This book is simultaneously a biography of Admiral Herbert Victor Wiley and a history of the U S Navy s lighter than air program As

tensions rose between Japan and the U S over control of East Asia and the Pacific Ocean the prospects of war between the two nations increased The Navy tracked the Germans use of zeppelins during the First World War and saw in them an aircraft with the potential to conduct long range reconnaissance over the oceans something that could not be achieved by airplanes or surface ships While rapid progress was being made in manned flight it was still young enough that the future of LTA vs HTA flight was unknown At the time however airships had a much greater range than airplanes making them suitable for reconnaissance In its history the Navy had four great airships the U S S Shenandoah the U S S Los Angeles the U S S Akron and the U S S Macon Wiley served on all four of these airships and the history of these vessels is covered through the career of Wiley Three of the airships ended in disaster and Wiley survived the crash of two of them The book explores in detail the events leading to the crash of each airship through examination of the records of the Navy s Courts of Inquiry that investigated the cause of each crash The book also tracks issues surrounding the use of non flammable helium as a lifting gas instead of highly explosive hydrogen used by the Germans The U S had a monopoly on the supply of helium While Germany sought to purchase helium from the U S the government board governing the sale of helium blocked its availability to Germany on the basis it might be used for wartime purposes Dr Hugo Eckener had run the Zeppelin works in Friedrichshaven since the end of WWI and he had a vision for LTA flight that was peaceful including international transoceanic passenger and freight services The outbreak of WW II ended the zeppeling industry and dashed all of Eckener s dreams Following the crash of the Macon Wiley returned to the surface fleet eventually becoming Commander of Destroyer Squadron 29 in the Asiatic Fleet shortly before the bombing of Pearl Harbor [Into the Abyss](#) J.L. Edge Chronicles: Midnight Over Sanctaphrax Paul Stewart, Chris Riddell, 2008-07-22 SANCTAPHRAX WILL BE destroyed by the energy of the Mother Storm Far over the Edge the Mother Storm is brewing a storm more terrifying than any seen in the lifetime of any Edgeland Sweeping in from the open sky it must strike the source of the Edgewater River to bring new energy to the land But in its way is Sanctaphrax a magnificent city built on a floating rock and tethered to the land by a massive chain Only one person can save the Edgelands from certain disaster Twig the young sky pirate captain who dared to sail over the Edge and returned with his memory shattered and his crew flung far and wide But to recover his memory and take action Twig must first find his lost crew And this means a journey back into the Deepwoods and beyond As before Stewart's descriptions are brilliant Riddell's line drawings are exquisitely detailed and notably grotesque Altogether this series is so exceptional that if I had any chance of collecting I'd bet good money on it still being in print a century from now When's the next book coming
