### **Skyful Of Freedom A 60 Years Of The Bbc World Service:**

*BBC World Service* Gordon Johnston, Emma Robertson, 2019-11-14 This book is the first full length history of the BBC World Service from its interwar launch as short wave radio broadcasts for the British Empire to its twenty first century incarnation as the multi media global platform of the British Broadcasting Corporation The book provides insights into the BBC s working relationship with the Foreign Office the early years of the Empire Service and the role of the BBC during the Second World War In following the voice of the BBC through the Cold War and the contraction of the British empire the book argues that debates about the work and purposes of the World Service have always involved deliberations about the future of the UK and its place in the world In current times these debates have been shaped by the British government s commitment to leave the European Union and the centrifugal currents in British politics which in the longer term threaten the integrity of the United Kingdom Through a detailed exploration of its past the book poses questions about the World Service s possible future and argues that for the BBC the question is not only what it means to be a global broadcaster as we enter the third decade of the twenty first century but what it means to be a national broadcaster in a divided kingdom

Stanton,2013-09-01 Modeled after the BBC the Palestine Broadcasting Service was launched in 1936 to serve as the national radio station of Mandate Palestine playing a pivotal role in shaping the culture of the emerging middle class in the region Despite its significance the PBS has become nearly forgotten by scholars of twentieth century Middle Eastern studies Drawn

extensively from British and Israeli archival sources *This Is Jerusalem Calling* traces the compelling history of the PBS's twelve years of operation illuminating crucial aspects of a period when Jewish and Arab national movements simultaneously took form Andrea L Stanton describes the ways in which the mandate government used broadcasting to cater to varied audiences including rural Arab listeners in an attempt to promote a modern vision of Arab Palestine as an urbane politically sophisticated region In addition to programming designed for the education of the peasantry religious broadcasting was created to appeal to all three main faith communities in Palestine which ultimately may have had a disintegrating separatist effect Stanton's research brings to light the manifestation of Britain's attempts to prepare its mandate state for self governance while supporting the aims of Zionists While the PBS did not create the conflict between Arab Palestinians and Zionists the service reflected articulated and magnified such tensions during an era when radio broadcasting was becoming a key communication tool for emerging national identities around the globe
