Creative Industries and Entrepreneurship Luciana Lazzeretti, Marilena Vecco, 2018 This book investigates the evolving paradigm of creative industries and creative entrepreneurship and their related economy over time It explores different stages of the paradigm diffusion in first generation countries such as the US Canada Australia and Europe and second generation countries in Asia South America and North Africa in order to identify new trends and their distinctive aspects By adopting a multidisciplinary approach the book develops a comprehensive overview of the composite phenomenon of the creative economy and its relationship with entrepreneurship

Handbook of Research on Ethnic Minority Entrepreneurship Leo Paul Dana, 2007 Professor Dana and his colleagues have carefully and successfully put together a collection of chapters on ethnic minority entrepreneurship from all parts of the world The book comprises eight parts and 49 chapters Undoubtedly given the massive size and content of a 835 page book it is fair to ask is it value for money The answer is unequivocally yes A further comment on the content of the book should probably reassure potential readers and buyers of the book This collection is undoubtedly rich creative and varied in many respects Therefore it will be of great benefit to researchers and scholars alike I will strongly recommend this book to researchers students teachers and policy makers Aminu Mamman International Journal of Entrepreneurial Behaviour and Research The volume presents an impressive panorama of studies on ethnic entrepreneurs ranging from Dalits in

India to Roma entrepreneurs in Hungary B P Corrie Choice From a focus on middle man minorities in the 1950s the study of minority ethnic entrepreneurship has evolved into a vast undertaking A major ingredient in this expansion is the massive population movements of the past thirty years that have created ethnic minority communities in almost all advanced economies From New York to San Francisco from Birmingham to Hamburg from the Chinese in Canada to the Turks in Finland to the Ghanians in South Africa to the Lebanese in New Zealand more than twenty chapters in this volume treat small scale ethnic entrepreneurship and the cultural and institutional resources which support it At the other end of the spectrum the ethnic Chinese have created ever larger multi divisional enterprises in the host societies of Southeast Asia At the mid point of the spectrum analyzed in an elegant paper by Ivan Light is the recently identified transmigrant entrepreneur accultured in two societies but assimilated in neither whose special endowments have provided the lynchpin for for much of the international trade expansion in the global economy over the past decade And Dana and Morris provide us with much more Afro American entrepreneurship caste and class the theory of clubs women ethnic entrepreneurs minority ethnicity and IPOs In the quality of its contributions and in the reach of its coverage this Handbook attains a very high standard Peter Kilby Wesleyan University US The new Handbook of Research on Ethnic Minority Entrepreneurship edited by L o Paul Dana constitutes a major contribution to the literature on ethnic enterprise Unlike previous work which tended to focus on one country or one region of the world this book is global in scope You will find chapters on America Europe and Asia as well as integrative essays that review important principles and concepts from the literature on ethnic entrepreneurship I particularly appreciate the historical and evolutionary framework within which the contributions are situated This book belongs on the shelf of everyone who has an interest in immigration and entrepreneurship or ethnic entrepreneurship more generally Howard Aldrich University of North Carolina US This exhaustive interdisciplinary Handbook explores the phenomena of immigration and ethnic minority entrepreneurship in light of marked changes since the mid twentieth century and the advent of easier more affordable travel and more open and integrated national economies The international contributors key experts in their respective fields illustrate that myriad ethnic minorities exist across the globe and that their entrepreneurship can and does significantly influence national economies The contributors go on to promote our understanding of which factors make for successful entrepreneurship and perhaps more importantly how negative political consequences that members of successful entrepreneurial ethnic minorities might face can be minimized This extensive collection of current research on entrepr *Handbook of Research on Entrepreneurs* ♦ *Engagement in Philanthropy* Marilyn L. Minorities in Entrepreneurship Glenice J. Wood,M. J. Davidson,Sandra L. Fielden,2012-01-01 In their powerful presentation of Minorities in Entrepreneurship the authors go beyond the traditional definitions of entrepreneurship to enhance our understanding of minority groups whether they be younger older women ethnic immigrant LGB disabled or indigenous The book provides a new perspective on the driving forces in becoming a business owner and the push and pull factors within and across groups Enhanced by in depth case studies of members in each group the study is a valuable contribution to the understanding of all venture owners a rich reference source for scholars and a worthwhile book of readings for students in the fields of entrepreneurship and gender and diversity Dorothy Perrin Moore The Citadel in Charleston South Carolina US There are books on minorities and there are books on entrepreneurship but there are no books combining the two and amongst a wide range of minorities in society This truly is a novel and innovative work and should be essential reading for all interested this topic Cary L Cooper CBE Lancaster University Management School UK Although there is an expanding body of literature on the characteristics aspirations motivations challenges and barriers of mainstream entrepreneurs relatively little is known about whether these findings can be applied to the entrepreneurial activities of minority groups This book addresses this short fall and presents an international review of the characteristics motivations and obstacles of eight minority groups younger older women ethnic immigrant lesbian gay and bisexual disabled and indigenous entrepreneurs The expert contributors discover enormous variability between these minority groups such as in the motivators that either pushed or pulled individuals into an entrepreneurial venture as well as diverse attitudes toward success some groups wanted to achieve financial security others wanted to enhance their sense of self worth or to change existing social and economic circumstances However some striking similarities were noted initial disadvantage often created a powerful impetus to starting up a business venture and accessing finance was extremely difficult for many Including comparative cross cultural data and case studies on the various minority groups reviewed both post graduate students and undergraduate students studying entrepreneurship will find this book an invaluable resource In addition it will also be of interest to policy makers governments and all those who wish to comprehend the nature of small business ownership for a wide range of minority business owners

De Gruyter Handbook of Poverty, Disadvantage and Entrepreneurship Michael H. Morris,Susana C. Santos,2024-12-16 Is entrepreneurship a pathway out of poverty Does creating a business represent a means for improving one s life circumstances Surprisingly little is known about ventures started by those in circumstances of poverty This pioneering handbook integrates diverse perspectives from around the world regarding the poverty and entrepreneurship interface While the tendency among many scholars economic developers and policymakers is to downplay these ventures arguing they are largely inefficient marginal enterprises that create little innovation and few jobs the chapters in this handbook demonstrate their significant contributions and encourage societies to invest in their

development The authors explore a range of factors affecting the ability of the poor to create enterprises that contribute to their well being including the role played by personal capabilities education family support and faith availability of microfinance technology supportive community ecosystems and a munificent institutional environment By shedding light on issues that can help nations realize the potential of these ventures this volume demonstrates how entrepreneurship can serve as a source of empowerment while providing direction regarding ways to surmount the obstacles that stand in the way
