**A Descriptive Bibliography of Allama Muhammad Iqbal (1877-1938)** Dieter Taillieu, Francis Laleman, Winand M. Callewaert, 2000 Excellent bibliographical work about Allama Muhammad Iqbal in the Arabic scripts Urdu Persian Arabic and so on has been published by the Iqbal Academy Lahore Our publication covers only what appeared in the Roman script English German French Dutch Italian Polish Czech Portuguese Swedish Finnish Turkish and Russian Many books have some kind of bibliographical list and we have tried to include all that material in the present publication With the generous support of the Ministry of Education Government of Pakistan the Iqbal Foundation Europe at the KU Leuven Belgium has endeavoured to combine meticulous and patient work in libraries with the most modern search on internet The result is an impressive tribute to Iqbal and to the research about him 2500 entries the latest entry dated 1998 A Schimmel Even if many superfluous or repetitive articles may have been published a researcher should look at even small contributions they may contain valuable information and rare insights The databank we compiled at the university of Leuven is composed of material taken from published works and from the on line services of the major university libraries From this it appeared that hundreds of scholars and authors have contributed to the immense databank about Iqbal The highest number of contributions is by Annemarie Schimmel S A Vahid and B A Dar followed by A Bausani K A Waheed A J Arberry and so many others      **The**

**Political Philosophy of Sri Aurobindo** Vishwanath Prasad Varma, 1990-01-01      **The Essential Aurobindo** Sri Aurobindo, 2001 Who wrote the Gospel of John The author identifies himself only as the disciple whom Jesus loved and Christian tradition tells us that this disciple was the apostle John However during the past century scholars have increasingly come to doubt that attribution In 1902 Rudolf Steiner wrote that the author of the Gospel of John was in fact Lazarus Steiner's position stemmed from his insight that Lazarus's encounter with death involved far more than people realized an initiation into higher spiritual realities that uniquely qualified him to write this gospel Edward Smith takes up this argument and shows that subsequent research has tended to favor Lazarus for reasons grounded in John's Gospel itself More important Smith shows that subsequent discoveries at Nag Hammadi and Mar Saba corroborate Steiner's reasoning about the nature of the raising of Lazarus pointing to Lazarus as the rich young ruler of Mark's Gospel      *Netaji Subhas Confronted the Indian Ethos (1900-1921)* Adwaita P. **Aurobindo's Philosophy of Brahman** Phillips, 2023-03-27      **The Metaphysics of Becoming** Thomas Padiyath, 2014-01-31 This study attempts to elucidate a possible meeting point of the traditions of Eastern and Western metaphysical thinking In discussing Whitehead's and Aurobindo's views on being and becoming it seeks the possibility of a

better engagement between the East and the West in the light of the philosophical insights It is an initiation into the Sitz im Leben of Whitehead s philosophy and his general thought pattern It carries a perceptive analysis to show the clear primacy of Becoming or Process in Whitehead that extends even to the Divine It also highlights Aurobindo as a unique Indian Philosopher who articulated Indian thought in Western categories He was able to integrate the evolutionary theory of the West with the Indian understanding of becoming The relationship between God and Creativity and Sachchidananda and the Supermind is studied within the context of Enlightenment and Modernity and the way of doing philosophy in the West and in the East **The Study of Hinduism** Arvind Sharma,2003 In this text leading scholars from around the world take stock of

two centuries of international intellectual investment in Hinduism Since the early 19th century when the scholarly investigation of Hinduism began to take shape as a modern academic discipline Hindu studies has evolved from its concentration on description and analysis to an emphasis on understanding Hindu traditions in the context of the religion s own values concepts and history Offering an assessment of the current state of Hindu studies the contributors to this volume identify past achievements and chart the course for what remains to be accomplished in the field **Sri Aurobindo** Hari
