Sri Lanka A Survey:

Sri Lanka, 2010 Sri Lanka Walter Nubin, 2002 This book provides an overview of the development of a small country which on the one hand is unique and on the other hand is also an interesting reflection and microcosm of the global economy Sri Lanka's development is one of the contrasts complicated by social conflicts and ethnic tensions Social political economic and constitutional developments are considered This is in accordance with the Sri Lankan tradition of seeing the world as a connected whole The Democratic Socialist Republic of Sri Lanka formerly known as Ceylon is an island in the Indian Ocean approximately 18 miles off the south eastern coast of India with a population of about 19 million Density is highest in the south west where Colombo the country's main port and industrial centre is located Sri Lanka is ethnically linguistically and religiously diverse Sri Lanka follows a non aligned foreign policy It participates in multilateral diplomacy particularly at the United Nations where it seeks to promote sovereignty independence and development in the developing world Coastal Disaster Surveys and Assessment for Risk Mitigation Tomoya Shibayama, Miguel Esteban, 2022-12-19 This collection covers essential concepts in the management of coastal disasters outlining several field surveys of such events that have taken place in the 21st century including the Indian Ocean Tsunami the Tohoku Earthquake and Tsunami and the storm surges generated by Hurricane Katrina Cyclone Nargis and Typhoon Haiyan Measurements of flood heights distributions of structural destruction and the testimonies of residents are reported with the results being analysed and compared with past events and numerical simulations to clarify and reconstruct the reality of these disasters The book covers the state of the art understanding of disaster mechanisms and the most advanced tools for the simulation of future events Uniquely explains how to use disaster surveys along with simulations to mitigate risk Combines pure scientific studies with practical research and proposes procedures for effective coastal disaster mitigation Coastal Disaster Surveys and Assessment for Risk Mitigation is ideal for students in the field of disaster risk management as well as engineers who deal with issues related to tsunamis storm surges high wave attack and coastal erosion Comparative Quantification of Health Risks: Sexual and reproductive health Majid Ezzati, 2004 Over the centuries human health has improved because science has come to understand the main causes of disease affecting populations At the same time the broader policy relevant issue of population exposure to risks has remained under explored relative to documentation of established diseases This publication provides a comprehensive assessment of the scientific evidence on prevalence and the resulting health effects of a range of exposures that are known to be hazardous to human health **Review of Food Consumption Surveys-1985** Food and Agriculture Organization of the United Nations, 1986-01-01 **Surveys, Plans and People** International Institute for Environment & Development, 1993 **Buddhism and Politics in Twentieth Century Asia** Ian Harris, 2010-07-15 In this study a team of international scholars assess the manner in which Buddhist organizations and individuals have resisted come to terms with or in some cases allied themselves with the forces of war modernity westernization nationalization capitalism communism and ethnic

conflict By examining issues such as left right divisions in the monastic order the rise of organized lay movements Buddhist social activism as well as explicitly Buddhist inspired political activity this book seeks to demonstrate that the emphasis on meditation and mental training is only one strand in this richly complex world historical tradition

Guidance Note: Use of Political Economy Analysis for ADB Operations Asian Development Bank, 2013-06-01. Political economy analysis facilitates understanding on how incentives institutions and ideas shape political action and development outcomes in ADB's developing member countries (DMCs). These factors can inform assessments of feasibility of policy reform and institutional change, the contribution that ADB and other development partners can realistically make and the risks involved. A political economy analysis can therefore strengthen the design of more effective support leading to better development results. While important for all DMCs, political economy considerations especially matter in DMCs with fragile and conflict affected situations. This guidance note develops a definition and parameters for political economy analysis to ensure consistency and to guide country sector and project teams in analysis. It

provides ADB staff with guidance on how political economy analysis can be used to inform the design and implementation of ADB operations for more feasible and sustainable development outcomes *A Measured Approach to Ending Poverty and Boosting Shared Prosperity* World Bank,2014-10-07 In 2013 the World Bank Group adopted two new goals to guide its work ending extreme poverty and boosting shared prosperity More specifically the goals are to reduce extreme poverty in the world to less than 3 percent by 2030 and to foster income growth of the bottom 40 percent of the population in each country While poverty reduction has been a mainstay of the World Bank's mission for decades the Bank has now set a specific goal and timetable and for the first time the Bank has explicitly included a goal linked to ensuring that growth is shared by all The discussion until now has centered primarily on articulating the new goals This report the latest in World Bank's Policy Research Report series goes beyond that and lays out their conceptual underpinnings discusses their relative strengths and weaknesses by contrasting them with alternative indicators and proposes empirical approaches and requirements to track progress towards the goals The report makes clear that the challenges posed by the World Bank Group's new stance extend not just to the pursuit of these goals but indeed to their very definition and empirical content The report also argues that an improved data infrastructure consisting of many elements including the collection of more and better survey data is critical to ensure that progress towards these goals can be measured and policies to help achieve them can be identified and prioritized

Geriatric Psychiatry in South Asia Nilamadhab Kar,Sujita Kumar Kar,S. M. Yasir Arafat,2025-07-28 This book is about the current status and ways ahead of geriatric psychiatry in South Asia South Asia is home to a large proportion of the world's elderly With improved longevity the geriatric population is increasing fast in recent years in South Asian countries Along with this the mental health burden of the older adults is increasing However mental health care of older adults in South Asia is a neglected area Little is known about the burden of mental disorders and available mental health services specific for the older adults population in South Asia and other low and middle income countries It is well known that resources are fewer in this region and most of the older adults in these areas are not recognized or treated There is a urgent need to explore the services available their appropriateness and effectiveness and to reflect on the region specific economically viable solutions that can be adapted soon The book discusses how these services can be seamlessly integrated to the existing support systems Besides the interventional aspects the book also explores the facilitating and impeding factors of implementing evidence based preventive efforts in these countries
