Yerger,1988-01-01 **Hitler's Armed SS** Anthony Tucker-Jones,2022-09-15 A history of Germany s Waffen SS from its origins to its evolution featuring insights to its leading commanders divisions war crimes and more The Waffen SS was one of the most formidable German military formations of the Second World War feared for its tenacity and ruthlessness in battle notorious for the atrocities it committed As a distinct fighting force derived from the Nazi Party s SS organization it stood apart from the other units of the German army Its origins structure and operational role during the war are often misunderstood and the controversy still surrounding its conduct make it difficult today to get an accurate picture of its actions and its impact on the fighting Anthony Tucker Jones in this concise and fluently written account provides an absorbing and clear sighted introduction to it He traces its development under Himmler from modest beginnings in the early 1930s as Hitler s personal protection squad of elite soldiers to a force which eventually amounted to thirty eight divisions Towards the end of the war many Waffen SS units were formed from foreign volunteers and proved to be of poor quality but its premier panzer divisions thoroughly deserved their reputation as tough fighters Through accounts of the Waffen SS s major battles on the Eastern Front in Normandy and finally in defence of Germany a detailed picture emerges of the contribution it made to the German war effort especially when Hitler s armies were in retreat The parts played by the most famous Waffen SS formations Das Reich Totenkopf Leibstandarte SS Adolf Hitler among them and their commanders men like Dietrich and Hausser can be seen in the wider context of the war and Germany s defeat Praise for Hitler s Armed SS An extraordinarily informed and informative account that will prove to be a welcome and enduringly appreciated contribution to personal professional community and academic library World War II history collections and supplemental curriculum studies lists Midwest Book Review This is a good starter to understand the Waffen SS and its role on the battlefield It describes each SS Division and its key actions and outcomes Michael McCarthy Battlefield Guide

Valhalla's Warriors Terry Goldsworthy, 2010-06 They were the soldiers sworn by an oath of loyalty to follow Hitler into a maelstrom of genocidal barbarity They were the elite of the German military in World War Two They were the Waffen SS On June 22 1941 before dawn German troops invaded Russia The Barbarossa campaign included some of the greatest episodes in military history it also allowed Hitler's ideological warriors the Waffen SS to give full vent to their ideological way of war It provided the killing ground in which some of the worst atrocities seen by humanity were committed In Valhalla's Warriors author Dr Terry Goldsworthy meticulously chronicles what has become one of the most famous fighting elites in World War Two Discovering the truths behind the legend by drawing on hundreds of sources including first hand accounts of Waffen SS veterans and spanning five years of research Dr Goldsworthy leads the reader through the events that occurred on the Eastern Front both on the front lines and behind This book is an exploration of the Waffen SS and by necessity of evil The Waffen SS are commonly regarded as the elite of Germany's armed forces during World War II They gained much of this reputation whilst fighting on the Eastern Front in Russia Germany's war against the Soviet Union in World War II in particular the role of the Waffen SS forms much of the subject matter of this book The death and destruction during this conflict would result not just from military operations but also from the systematic killing and abuse that the Waffen SS directed against Jews Communists and ordinary citizens This book provides a clear concise history of the Waffen SS campaign of conquest and genocide in Russia by looking at the actions both on and behind the front lines By drawing on the best of military and Holocaust scholarship this book dispels the

myths that have distorted the role of the Waffen SS in both the military operations themselves and the unthinkable crimes that were part of them The conventional wisdom that the Waffen SS in World War II fought a relatively clean fight unsullied by the atrocities committed by the Nazis is challenged and largely demolished Focusing on the Eastern Front the book contends that the Nazi vision of a racial ideological death struggle against Slavic hordes and their Jewish Bolshevik commissars resonated with soldiers of the Waffen SS steeped in traditional anti Semitic and racist dogmas In doing so this book clearly shows that the Waffen SS was an organisation that committed widespread atrocities and were truly soldiers of evil
