St Simons Island Enchanting Golden Isle:

St. Simons Island, 1988 *St. Simons, Enchanted Island* Barbara Hull, 1980 Soon after James Edward Oglethorpe arrived from England to found the present State of Georgia he established his home on St Simons Island This most prized jewel in the chain of barrier islands known as the Golden Isles was to be a pawn in recurring difficulties with both the native Indians and the Spanish Later after the American colonies had asserted their independence St Simons developed into a patriarchal society centering upon great plantations of Sea Island cotton Devastated by the Civil War and its aftermath it became early in the twentieth century a favored resort for both winter and summer visitors This is its story written by a long time summer visitor whose affection for the Island s gentle beaches and moss hung woodlands shines through her concise and entertaining narrative Publisher s description *St. Simons Island* Glenda Cochran, 1990-09 *Georgia's Land of the Golden Isles* Burnette Vanstory, 1981 Since it first appeared in 1956 Mrs Vanstory s rich narrative of the barrier islands from Ossabaw to Cumberland and the mainland towns along the way has become the standard popular history of Georgia s golden coast Thoroughly revised and with over forty new illustrations this edition traces the crucial and colorful role these islands have played from the sixteenth century to the twentieth Home at one time or another to the American Indians the French the Spanish and the English to buccaneers friars and priests to Puritans and Scottish Highlanders to slave traders planters soldiers statesmen and millionaires these islands are as rich in history as they are in natural beauty Georgia s Land of the Golden Isles now takes the reader through the years from General James Oglethorpe to President Jimmy Carter unfolding the stories of the lives that have touched or been touched by the golden isles of Georgia *The Sweetness of Life* Eugene D. Genovese, 2017-10-05 This book examines the home and leisure life of planters in the antebellum American South Based on a lifetime of research by the late Eugene Genovese 1930 2012 with an introduction and epilogue by Douglas Ambrose *The Sweetness of Life* presents a penetrating study of slaveholders and their families in both intimate and domestic settings at home attending the theatre going on vacations to spas and springs throwing parties hunting gambling drinking and entertaining guests completing a comprehensive portrait of the slaveholders and the world that they built with slaves Genovese subtly but powerfully demonstrates how much politics economics and religion shaped informed and made possible these leisure activities A fascinating investigation of a little studied aspect of planter life *The Sweetness of Life* broadens our understanding of the world that the slaveholders and their slaves made a tragic world of both sweetness and slavery **Lost Plantations of the South** Marc R. Matrana, 2009-01-01 The great majority of the South s plantation homes have been destroyed over time and many have long been forgotten In *Lost Plantations of the South* Marc R Matrana weaves together photographs diaries and letters architectural renderings and other rare documents to tell the story of sixty of these vanquished estates and the people who once called them home From plantations that were destroyed by natural disaster such as Alabama s Forks of Cypress to those that were intentionally demolished such as Seven Oaks in Louisiana and Mount

Brilliant in Kentucky Matrana resurrects these lost mansions Including plantations throughout the South as well as border states Matrana carefully tracks the histories of each from the earliest days of construction to the often contentious struggles to preserve these irreplaceable historic treasures Lost Plantations of the South explores the root causes of demise and provides understanding and insight on how lessons learned in these sad losses can help prevent future preservation crises Capturing the voices of masters and mistresses alongside those of slaves and featuring more than one hundred elegant archival illustrations this book explores the powerful and complex histories of these cardinal homes across the South

Wormsloe Plantation Drew A. Swanson,2012-04 Why do we preserve certain landscapes while developing others without restraint Drew A Swanson s in depth look at Wormsloe plantation located on the salt marshes outside of Savannah Georgia explores that question while revealing the broad historical forces that have shaped the lowcountry South Wormsloe is one of the most historic and ecologically significant stretches of the Georgia coast It has remained in the hands of one family from 1736 when Georgia s Trustees granted it to Noble Jones through the 1970s when much of Wormsloe was ceded to Georgia for the creation of a state historic site It has served as a guard post against aggression from Spanish Florida a node in an emerging cotton economy connected to far flung places like Lancashire and India a retreat for pleasure and leisure and a carefully maintained historic site and green space Like many lowcountry places Wormsloe is inextricably tied to regional national and global environments and is the product of transatlantic exchanges Swanson argues that while visitors to Wormsloe value what they perceive to be an authentic undisturbed place this landscape is actually the product of aggressive management over generations He also finds that Wormsloe is an ideal place to get at hidden stories such as African American environmental and agricultural knowledge conceptions of health and disease the relationship between manual labor and views of nature and the ties between historic preservation and natural resource conservation *Remaking Wormsloe Plantation* connects this distinct Georgia place to the broader world adding depth and nuance to the understanding of our own conceptions of nature and history *Island Time* Jingle Davis,2013-06-01 Capturing the history and beauty of a key destination in the land of the Golden Isles Eighty miles south of Savannah lies St Simons Island one of the most beloved

seaside destinations in Georgia and home to some twenty thousand year round residents In *Island Time* Jingle Davis and Benjamin Galland offer a fascinating history and stunning visual celebration of this coastal community Prehistoric people established some of North America's first permanent settlements on St Simons leaving three giant shell rings as evidence of their occupation People from other diverse cultures also left their mark Mocama and Guale Indians Spanish friars pirates and privateers British soldiers and settlers German religious refugees and aristocratic antebellum planters Enslaved Africans and their descendants forged the unique Gullah Geechee culture that survives today Davis provides a comprehensive history of St Simons connecting its stories to broader historical moments Timbers for Old Ironsides were hewn from St Simons's live oaks during the Revolutionary War Aaron Burr fled to St Simons after killing Alexander Hamilton Susie Baker King Taylor became the first black person to teach openly in a freedmen's school during her stay on the island Rachel Carson spent time on St Simons which she wrote about in *The Edge of the Sea* The island became a popular tourist destination in the 1800s with visitors arriving on ferries until a causeway opened in 1924 Davis describes the challenges faced by the community with modern growth and explains how St Simons has retained the unique charm and strong sense of community that it is known for today Featuring more than two hundred contemporary photographs historical images and maps *Island Time* is an

Pressly,2018-07-15 An essay collection exploring the history of 5 000 year relationship between human culture and nature on the Georgia coast One of the unique features of the Georgia coast today is its thorough conservation At first glance it seems to be a place where nature reigns But another distinctive feature of the coast is its deep and diverse human history Indeed few places that seem so natural hide so much human history In *Coastal Nature Coastal Culture* editors Paul S Sutter and Paul M Pressly have brought together work from leading historians as well as environmental writers and activists that explores how nature and culture have coexisted and interacted across five millennia of human history along the Georgia coast as well as how those interactions have shaped the coast as we know it today The essays in this volume examine how successive communities of Native Americans Spanish missionaries British imperialists and settlers planters enslaved Africans lumbermen pulp and paper industrialists vacationing northerners Gullah Geechee nature writers environmental activists and many others developed distinctive relationships with the environment and produced well defined coastal landscapes Together these histories suggest that contemporary efforts to preserve and protect the Georgia coast must be as respectful of the rich and multifaceted history of the coast as they are of natural landscapes many of them restored that now define so much of the region Contributors William Boyd S Max Edelson Edda L Fields Black Christopher J Manganiello Tiya Miles Janisse Ray Mart A Stewart Drew A Swanson David Hurst Thomas and Albert G Way **St. Simons Memoir** Eugenia Price,2021-04-27 Her joyous remembrance of her first decade on an enchanted island And of those cherished friends who inspired her best selling trilogy *Lighthouse New Moon Rising and Beloved Invader* After only a few golden hours on Georgia s St Simons Island Eugenia Price longed to make it her home Even though she loved her old town house in Chicago and her busy writing and lecturing schedule the shadow streaked light filled place had cast its spell and would not let her go The reader too will feel the Island s magic as Genie describes her odyssey with her friend Joyce Blackburn from the urban North to Southern small town community life and peace With deep affection and humor she shares her many friendships with the first six the elderly folk who gave her their love their stories and their memories so that she could write her novels of St Simons with her beloved editor Tay Hohoff who encouraged and goaded her and with all the other people who helped with her writing and with the building of her Island home in the midst of the dear dark woods Although she had been uncertain at first of her welcome to St Simons she later experienced the rare privilege of having the Island name a day in her honor These intimate pages are also filled with Genie s quiet faith in God and her eternal gratitude for His grace in sending her to St Simons She calls her book a memoir but it is more than that It is a thanksgiving celebration of life and of its surprising goodness even in the midst of sorrow and loss So that she can exclaim to Joyce How could life be better than it is right now *The complete camper guide for Georgia (USA)* , Anna Melanie Pavich,2010-04-15 As the wife of a frequently absent slaveholder and public figure Anna Matilda Page King 1798 1859 was the de facto head of their
