*Carpe Aqualis! Seize the Wave* Frank F. Lunn, 2006      *Stack the Logs!* Frank F. Lunn, 2004-02 Facing adversity is a part of life It is up to those challenged as to how these obstacles will impact their lives In this inspiring new book *Stack the Logs Building a Success Framework to Reach Your Dreams* Frank F Lunn describes how his relationship with his late father and his young son s devastating diagnosis of leukemia led to a new formula for success based on a tried and true philosophy The result is a remarkable lesson on how we can get the most out of life Lunn who has a successful entrepreneurial background engages you from the very first pages He describes an experience with his father which provided the foundation for the book and details his own son s frightening fight against cancer Lunn tells of a simple note in a birthday card from his father about how stacking the logs one at a time making life choices one by one was the only route to success and how it suddenly became clear this simplistic idea was truly profound Frank F Lunn was living a normal busy life when he received a phone call that stopped time His eight year old son had just been diagnosed with leukemia The next six months were a struggle for the entire Lunn family as they battled with Frankie against a cancer of the blood and bone marrow a cancer very similar to what ironically had defeated Lunn s father four years earlier At the time of his son s illness the premise for this book was still in its infancy It is based on his father s homespun advice to stack the logs one decision and choice stacked on top of another until success is achieved      *Stack the Logs!* Frank F. Lunn, 2004-02-01 This self help manual provides a unique perspective into uncovering and applying simple truths to one s life for ultimate success The concepts discussed are based on the words of the author s late father to stay positive maintain moral character and keep on stacking those logs
