Stairway To Eternal Life Or Stumblingblock To Spir:

The Stairway To Freedom Bob Sanders, 2016-03-01 This book The Stairway To Freedom was dictated from the spirit world by The Great White Brotherhood and is a complete primer of esoteric knowledge covering virtually every aspect of a human being's development whilst here in incarnation and also will see one's life into the spiritual realms as one progresses towards God. It covers a large gamut of seemingly unrelated topics covering Sexuality The birth process How life develops and is controlled by archangels What is God and what God's Power is What our auras are How we can develop spirituality Diet Organising one's daily routine and a host of other topics. The book cleverly weaves all these apparently disparate elements into a cohesive whole so that the student can have a firm grasp on the way that life operates whilst incarnate here on Earth and will help guide one through that life and also what awaits someone when this incarnation is finished and they return to their true home the spirit realms. There are also a couple of prayers that were dictated from the spirit world some guided meditations and lastly a number of questions and answers that were asked of the Great White Brotherhood on a variety of topics. Although it is a book on spirituality it offers a lot of practical information relevant to the problems that people face in their daily lives. The Brotherhood all had incarnations here on Earth at some stage and so have first hand knowledge of the difficulties that we face. It is not a remote academic book just dealing with what is God. It is written in simple if precise language and all people will find that they can connect to the information presented in the various chapters. As a last point a great deal of love was put in by the Great White Brotherhood to give us this book and a great deal of hard work was put in by various people to present this to you. It is hoped that the information will change your life.

Stairway to Eternal Life Or "Stumblingblock" to Spiritual Death Brian Moroni Reck, 2004-08-01 As far as understanding Paul's writing there is no book that is more complete and comprehensive than this one. If you have ever been frustrated or uninterested while reading the books of Paul you are not alone. Unfortunately most saints in our day know very little of Paul's writings. They can quote some common verses but they know little of the doctrines contained within its pages. If you are like most you wish you knew the Bible better and how to use it to support the doctrines of the church today. If you understand what Paul is talking about you can do just that. Once the doctrines have been noted the verses become very clear and are incredibly enlightening. The doctrines of grace faith and works are clearly defined and explained. He describes how there cannot be one without the others. The sacredness of marriage and baptism where we came from and gifts of the Spirit are clearly explained as well. He teaches us about the Savior why he came why the Law of Moses was instituted and how the Law was fulfilled. He is a witness of Christ and exemplifies the character traits of the Savior. It is wonderful to see the fullness of the gospel of Jesus Christ unfold within Paul's unique writing style. Once a person understands what Paul is speaking of they will begin to see the church in our day. All the problems are the same. All the doctrines of today's church are the same. A person doesn't need to understand a different culture to see how Paul's writings apply to us. His writings are truly another
