

The background of the book cover is a painting of a forest path. The path is made of wooden planks and leads into a dense forest. The trees have vibrant autumn foliage in shades of red, orange, and yellow. In the foreground, there is a stone well or structure. The overall scene is serene and evocative of a journey into nature.

## **Stairways To Heaven Drugs In American Religious History:**

*Stairways to Heaven* Robert C. Fuller, 2000-10-01 From Native Americans use of tobacco for solemnizing oaths to the spread of New Age religious beliefs in Haight Ashbury coffeehouses drugs have been intimately associated with American spirituality Here Fuller presents an important dimension of American religious history the use of mind altering substances as an aid to spirituality He illustrates how such substances as peyote jimson weed hallucinogenic mushrooms LSD marijuana wine and coffee have stimulated ecstatic revelations of spiritual truth and strengthened the social bonds that sustain communities of faith Fuller also sheds light on the controversial legal ethical and spiritual controversies that surround drug use in the contemporary U S

*Christ Returns from the Jungle* Marc G. Blainey, 2021-06-01 After more than 450 years of European intrusions into South America s rainforest small groups of people across Europe now gather discreetly to participate in Amazonian ceremonies their local governments consider a criminal act As devotees of a new Brazil based religion called Santo Daime they claim that they contact God by way of ayahuasca a potent psychoactive beverage first developed by native communities in pre Columbian Amazonia This bitter brown liquid is a synergy of plants containing DMT a mind altering chemical classified as an illicit hallucinogen in most countries By contrast Santo Daime members daimistas revere ayahuasca as a sacrament combining it with rituals and theologies borrowed from Christian mysticism indigenous shamanism Afro Brazilian spiritualism and Western esotericism The Santo Daime religion was founded in 1930 by an Afro Brazilian rubber tapper named Raimundo Irineu Serra now known as Mestre Master Irineu Presenting results from more than a year of fieldwork with Santo Daime groups in Europe Marc G Blainey contributes new understandings of contemporary Westerners search for existential well being on an increasingly interconnected planet As a thorough exploration of daimistas beliefs about the therapeutic potentials of ayahuasca this book takes readers on an ethnographic journey into the deepest recesses of the human psyche

**Basic Witches** Jaya Saxena, Jess Zimmerman, 2017-08-29 A magical lifestyle guide for everything from powering up a stylish crystal to banishing terrible Tinder dates Want to feel terrifyingly beautiful Wear the right color of eye shadow to project otherworldly glamour Need to exorcise a toxic friendship Repeat the proper incantation and make it disappear Want to increase your energy Whip up a tasty herbal potion to rev up your stamina DIY projects rituals and spells along with fun historical sidebars summon the best trends of the modern witchy lifestyle and the time trusted traditions of the hell raising women of the past With humor heart and a hip sensibility Jaya Saxena and Jess Zimmerman dispense witchy wisdom for the curious the cynical and anyone who could use a magical boost Selected Table of Contents CHAPTER 1 Self Initiation An Induction into Basic Witchery What We Mean by Witchcraft Our Favorite Pop Culture Witches CHAPTER 2 Glamours The Power to Change How You Look How to Clothe Yourself in Literal Darkness The Dark Magic of Unfeminine Haircuts A Spell for Self Care CHAPTER 3 Healing The Power to Care for Yourself A Spell to Make Peace with Your Body Magical Exercise A Ritual for a Relaxing Netflix Binge CHAPTER 4 Summoning The

Power to Care for Others and Have Them Care for You The Transformative Power of Vulnerability A Collaborative Ritual to Deepen Friendship CHAPTER 5 Enchantment The Power to Make Choices about Love and Sex Conjuring Your Perfect Mate The Magic Circle of Consent A Spell for Talking about Sex CHAPTER 6 Banishment The Power to Avoid What Brings You Down Expelling Social Toxicity The Different Types of Personal Demons A Spell to Counter Impostor Syndrome CHAPTER 7 Divination The Power to Decide Your Destiny A Spell to Name Your Heart's Desire How to Read Tea Leaves     **Seeking the Sacred with Psychoactive Substances** J. Harold Ellens, 2014-10-28 Can drugs be used intelligently and responsibly to expand human consciousness and heighten spirituality This two volume work presents objective scientific information and personal stories aiming to answer the question The first of its kind this intriguing two volume set objectively reports on and assesses this modern psycho social movement in world culture the constructive medical use of entheogens and related mind altering substances Covering the use of substances such as ayahuasca cannabis LSD peyote and psilocybin the work seeks to illuminate the topic in a scholarly and scientific fashion so as to lift the typical division between those who are supporters of research and exploration of entheogens and those who are strongly opposed to any such experimentation altogether The volumes address the history and use of mind altering drugs in medical research and religious practice in the endeavor to expand and heighten spirituality and the sense of the divine providing unbiased coverage of the relevant arguments and controversies regarding the subject matter Chapters include examinations of how psychoactive agents are used to achieve altered states in Judaism Christianity Islam and Buddhism as well as in the rituals of shamanism and other less widely known faiths This highly readable work will appeal to everyone from high school students to seasoned professors in both the secular world and in devoted church groups and religious colleges     Spirituality in the Flesh Robert C. Fuller, 2008-09-08 Comfortable with the language of scientific analysis and sympathetic to the inherently subjective aspects of religious events Fuller introduces the biological study of religion by joining together this era's unprecedented understanding of bodily states with an expert's knowledge of religious phenomena Culling together insights from scientific observations historical allusions and literary references Spirituality in the Flesh offers a bold look at the biological underpinnings of religion and opens up new and exciting agendas for understanding the nature and value of human religiosity     *Miracles* J. Harold Ellens, 2008-07-30 Can science psychology and biology explain miracles This three volume set attempts to answer that question presenting the latest as well as classic thinking and research regarding miracles from fields that include psychology psychiatry theology biology and history We have all heard of what seem miraculous events which have surfaced across history They range from stigmata and bleeding icons to deadly tumors that disappear and healers who succeed just by laying hands on the afflicted from people who can predict unexpected events to so called mediums and those who can allegedly see and speak with the dead These books led by an eminent scholar who serves as series editor for the Praeger series Psychology Religion and Spirituality examine miracles of body mind and spirit presenting the most recent research and writing on these

uncommon events aiming to bring hard science to some of the most persistent and peculiar phenomena associated with the human race Can science psychology and biology explain miracles This three volume set attempts to answer that question presenting the latest as well as classic thinking and research regarding miracles from fields that include psychology psychiatry theology biology and history From news of a crippled woman who left her wheelchair and walked after an evangelist prayed over her to stories of people who died on the operating table only to be revived to tell of bright lights and the pathway to the afterlife we've all heard of what seem miraculous events They have surfaced across history They range from stigmata and bleeding icons to deadly tumors that disappear and healers who succeed just by laying hands on the afflicted from people who can predict unexpected events to so called mediums and those who can allegedly see and speak with the dead Some miracles are intricately tied to religious beliefs but there are millions of people who ascribe to no particular religion yet still believe that things happen that defy all laws of nature and thus defy scientific explanation In these books eminent scholar J Harold Ellens and his team of expert contributors examine miracles of body mind and spirit presenting the most recent research and writing on these uncommon events as they aim to bring hard science to some of the most persistent and peculiar phenomena associated with the human race

*High Weirdness* Erik Davis, 2019-11-05 An exploration of the emergence of a new psychedelic spirituality in the work of Philip K Dick Terence McKenna and Robert Anton Wilson A study of the spiritual provocations to be found in the work of Philip K Dick Terence McKenna and Robert Anton Wilson *High Weirdness* charts the emergence of a new psychedelic spirituality that arose from the American counterculture of the 1970s These three authors changed the way millions of readers thought dreamed and experienced reality but how did their writings reflect as well as shape the seismic cultural shifts taking place in America In *High Weirdness* Erik Davis America's leading scholar of high strangeness examines the published and unpublished writings of these vital iconoclastic thinkers as well as their own life changing mystical experiences Davis explores the complex lattice of the strange that flowed through America's West Coast at a time of radical technological political and social upheaval to present a new theory of the weird as a viable mode for a renewed engagement with reality

*Marks of the Beast* Glenn W. Shuck, 2004-12-01 The Left Behind series by Tim LaHaye and Jerry B Jenkins has become a popular culture phenomenon selling an astonishing 40 million copies to date These novels written by two well known evangelical Christians depict the experiences of those left behind in the aftermath of the Rapture when Christ removes true believers leaving everyone else to suffer seven years of Tribulation under Satan's proxy Antichrist In *Marks of the Beast* Shuck uncovers the reasons behind the books unprecedented appeal assessing why the novels have achieved a status within the evangelical community even greater than Hal Lindsey's 1970 blockbuster *The Late Great Planet Earth* It also explores what we can learn from them about evangelical Christianity in America Shuck finds that ironically the series not only reflects contemporary trends within conservative evangelicalism but also encourages readers especially evangelicals to embrace solutions that enact rather than

engage their fears Most strikingly he shows how the ultimate vision put forth by the series authors inadvertently undermines itself as the series unfolds

**The Age of Atheists** Peter Watson,2014-02-18 Examines atheism as a modern intellectual achievement that has motivated individuals to pursue invention and self reliance citing the accomplishments of secular philosophers scientists and artists who have worked in the absence of religious belief

*High Culture* Christopher Partridge,2018-06-01 History is littered with evidence of humanity s fascination with drugs and the pursuit of altered states From early Romanticism to late nineteenth century occultism and from fin de si cle Paris to contemporary psychedelic shamanism psychoactive substances have played catalyzing people Yet serious analysis of the religious dimensions of modern drug use is still lacking the use of drugs and the pursuit of transcendence from the nineteenth century to the present day Beginning with the Romantic fascination with opium it chronicles the discovery of anesthetics the psychiatric and religious interest in hashish the bewitching power of mescaline and hallucinogenic fungi the more recent uses of LSD as well as the debates surrounding drugs and religious experience This fascinating and wide ranging sociological and cultural history fills a major gap in the study of religion in the modern world and our understanding of the importance of countercultural thought offering new and timely insights into the controversial relationship between drugs and mystical experience

**Alcohol and Drugs in North America** David M. Fahey,Jon S. Miller,2013-08-27 Alcohol and drugs play a significant role in society regardless of socioeconomic class This encyclopedia looks at the history of all drugs in North America including alcohol tobacco prescription drugs cannabis cocaine heroin methamphetamine and even chocolate and caffeinated drinks This two volume encyclopedia provides accessibly written coverage on a wide range of topics covering substances ranging from whiskey to peyote as well as related topics such as Mexican drug trafficking and societal effects caused by specific drugs The entries also supply an excellent overview of the history of temperance movements in Canada and the United States trends in alcohol consumption its production and its role in the economy as well as alcohol s and drugs roles in shaping national discourse the creation of organizations for treatment and study and legal responses This resource includes primary documents and a bibliography offering important books articles and Internet sources related to the topic

**Psychedelic Horizons** Thomas B. Roberts,2015-11-03 This is a different kind of book about psychedelics Rather than describing psychedelic experiences it presents four future oriented ideas coming over the psychedelic horizon which illustrate the potential benefits of psychedelics for humanity Stanislav Grof s view of our minds as a way to understand works of art looking at Disney s Snow White The evidence that psychedelic occasioned mystical experiences can boost our immune systems Psychedelics as a way of adding new cognitive programmes to our thinking skills Applying the ideas from Part 3 to learning

Esalen Jeffrey J. Kripal,2011-09-07 Jeffrey Kripal here recounts the spectacular history of Esalen the institute that has long been a world leader in alternative and experiential education and stands today at the center of the human potential movement Forged in the literary and mythical leanings of the Beat Generation inspired in the lecture halls of

Stanford by radical scholars of comparative religion the institute was the remarkable brainchild of Michael Murphy and Richard Price Set against the heady backdrop of California during the revolutionary 1960s Esalen recounts in fascinating detail how these two maverick thinkers sought to fuse the spiritual revelations of the East with the scientific revolutions of the West or to combine the very best elements of Zen Buddhism Western psychology and Indian yoga into a decidedly utopian vision that rejected the dogmas of conventional religion In their religion of no religion the natural world was just as crucial as the spiritual one science and faith not only commingled but became staunch allies and the enlightenment of the body could lead to the full realization of our development as human beings An impressive new book Kripal has written the definitive intellectual history of the ideas behind the institute San Francisco Chronicle Kripal examines Esalen s extraordinary history and evocatively describes the breech birth of Murphy and Price s brainchild His real achievement though is effortlessly synthesizing a dizzying array of dissonant phenomena Cold War espionage ecstatic religiosity incongruous pairings Darwinism Tantric sex and otherwise schizy ephemera psychedelic drugs spaceflight into a cogent satisfyingly complete narrative Atlantic Monthly Kripal has produced the first all encompassing history of Esalen its intellectual social personal literary and spiritual passages Kripal brings us up to date and takes us deep beneath historical surfaces in this definitive elegantly written book Playboy Supernatural as Natural Michael Winkelman,2015-09-04 This book provides a general introduction to the biological and evolutionary bases of religion and is suitable for introductory level courses in the anthropology and psychology of religion and comparative religion Why did human ancestors everywhere adopt religious beliefs and customs The presence and persistence of many religious features across the globe and time suggests that it is natural for humans to believe in the supernatural In this new text the authors explore both the biological and cultural dimensions of religion and the evolutionary origins of religious features *Intoxication in Mythology* Ernest L. Abel,2014-12-09 Myths from the ancient world usually have some supernatural element a component often generated from a particular intoxicant These substances promoted a variety of states including possession by the gods liberation of the soul or a communion with the spirit world From Acan the Mayan god of intoxicating drinks to Zagreus the first incarnation of the Greek god Dionysus this encyclopedia encompasses intoxicant related stories from world mythology that explain the origins of a particular intoxicant or how that intoxicant was involved in creating a particular culture Entries are arranged alphabetically without regard to category e g gods intoxicants places and rites Different versions of a single myth are presented when pertinent to the overriding theme Entries record the referenced story the identity of the culture in which the myth originated and when applicable information about related plant sources and pharmacological effects Cross references are noted in bold and sources appear at the end of each entry Appendices group entries by category and by place of origin *Psychedelic Mysticism* Morgan Shipley,2015-11-12 Concerned with scholarly popular and religious backdrops that understand the connection between psychedelics and mystical experiences to be devoid of moral concerns and ethical

dimensions a position supported empirically by the rise of acid fascism and psychedelic cults by the late 1960s *Psychedelic Mysticism Transforming Consciousness Religious Experiences and Voluntary Peasants in Postwar America* traces the development of sixties psychedelic mysticism from the deconditioned mind and perennial philosophy of Aldous Huxley to the sacramental ethics of Timothy Leary Richard Alpert and Ralph Metzner to the altruistic religiosity practiced by Stephen Gaskin and The Farm Building directly off the pioneering psychedelic writing of Huxley these psychedelic mystics understood the height of psychedelic consciousness as an existential awareness of unitive oneness a position that offered worldly alternatives to the maladies associated with the postwar moment e g vapid consumerism and materialism lifeless conformity unrelenting racism heightened militarism In opening a doorway to a common world Morgan Shipley locates how psychedelics challenged the coherency of Western modernity by fundamentally reorienting postwar society away from neoliberal ideologies and toward a sacred understanding of reality defined by mutual coexistence and responsible interdependence In 1960s America psychedelics catalyzed a religious awakening defined by compassion expressed through altruism and actualized in projects that sought to ameliorate the conditions of the least advantaged among us In the exact moments that historians and cultural critics often locate as signaling the death knell of the counterculture Gaskin and The Farm emerged not as a response to the perceived failures of the hippies nor as an alternative to sixties politics but in an effort to fulfill the religious obligation to help teach the world how to live more harmoniously Today as we continue to confront issues of socioeconomic inequality entrenched differences widespread violence and the limits of religious pluralism *Psychedelic Mysticism* serves as a timely reminder of how religion in America can operate as a tool for destabilization and as a means to actively reimagine the very basis of how people relate such a legacy can aid in our own efforts to build a more peaceful sustainable and compassionate world

**Thomas Merton in California** Thomas Merton, 2024 In May and October of 1968 Thomas Merton offered two extended conferences at Our Lady of the Redwoods Abbey a Cistercian women's community in Northern California It is comprised of previously unpublished letters and over twenty six hours of conference talks

Pot Politics Mitch Earleywine, 2006-08-31 By drawing on chapters from experts in multiple disciplines this book will focus on ethical religious economic psychological and political arguments for cannabis policies that range from prohibition to supervised medical use to unrestricted legalization Several authors weigh costs and benefits in their evaluations of policy Others focus on moral arguments that they claim transcend standard cost and benefit analyses Additional chapters provide new perspectives on issues that may contribute to cost benefit analyses or moral arguments Each presents a unique perspective on overlapping issues demonstrating how recognized experts can examine the same data and come to markedly different conclusions

**The Blackwell Guide to Theology and Popular Culture** Kelton Cobb, 2008-04-15 The Blackwell Guide to Theology of Popular Culture outlines various general theories of popular culture identifies theologians and theological concepts that are conducive to analyzing popular culture and explores religious themes that are asserting

themselves through popular movies novels music television shows and advertising A timely examination and contribution to the rapidly expanding field of theology and popular culture Locates the theological analysis of culture alongside political sociological economic aesthetic and psychological analyses Surveys the work of religious and theological scholars who have turned their attention to popular culture Considers classic Christian thinkers who have wrestled with culture such as St Paul Tertullian Augustine Schleiermacher Tillich and Ricoeur Proposes a method for analysing culture to discern its religious content Identifies religious themes in popular culture Uses illustrations ranging from the fiction of Nick Hornby to *Six Feet Under* An appendix provides lists of films novels television series consumer products architectural works cultural events and corporate icons that lend themselves to theological analysis

**From Goodwill to Grunge** Jennifer Le Zotte, 2017-02-02 In this surprising new look at how clothing style and commerce came together to change American culture Jennifer Le Zotte examines how secondhand goods sold at thrift stores flea markets and garage sales came to be both profitable and culturally influential Initially selling used goods in the United States was seen as a questionable enterprise focused largely on the poor But as the twentieth century progressed multimillion dollar businesses like Goodwill Industries developed catering not only to the needy but increasingly to well off customers looking to make a statement Le Zotte traces the origins and meanings of secondhand style and explores how buying pre owned goods went from a signifier of poverty to a declaration of rebellion Considering buyers and sellers from across the political and economic spectrum Le Zotte shows how conservative and progressive social activists from religious and business leaders to anti Vietnam protesters and drag queens shrewdly used the exchange of secondhand goods for economic and political ends At the same time artists and performers from Marcel Duchamp and Fanny Brice to Janis Joplin and Kurt Cobain all helped make secondhand style a visual marker for youth in revolt

Recognizing the mannerism ways to acquire this book **Stairways To Heaven Drugs In American Religious History** is additionally useful. You have remained in right site to begin getting this info. get the Stairways To Heaven Drugs In American Religious History associate that we allow here and check out the link.

You could buy lead Stairways To Heaven Drugs In American Religious History or get it as soon as feasible. You could quickly download this Stairways To Heaven Drugs In American Religious History after getting deal. So, considering you require the books swiftly, you can straight acquire it. Its consequently agreed simple and suitably fats, isnt it? You have to favor to in this look
