Leninism Joseph Stalin, 1931      Vladimir Lenin, Joseph Stalin & Leon Trotsky Charles River Charles River

Editors, 2017-11-10 Includes pictures of Lenin Stalin Trotsky and important people places and events in their lives Explains each man's role in the Revolution and its aftermath Discusses the conspiracy theories surrounding Stalin's death and how Stalin came to power against Lenin's wishes Includes a bibliography for further reading Among the leaders of the 20th century arguably none shaped the course of history as much as Vladimir Lenin 1870-1924 the Communist revolutionary and political theorist who led the Bolshevik Revolution that established the Soviet Union In addition to shaping the Marxist Leninist political thought that steered Soviet ideology he was the first Soviet premier until his death and set the Soviet Union on its way to becoming one of the world's two superpowers for most of the century in addition to being the West's Cold War adversary As it turned out the creation of the Soviet Union came near the end of Lenin's life as he worked so hard that he had burned himself out by his 50s dying in 1924 after a series of strokes had completely debilitated him Near the end of his life he expressly stated that the regime's power should not be put in the hands of the current General Secretary of the Communist Party Joseph Stalin Of course Stalin managed to do just that modernizing the Soviet Union at a breakneck pace on the backs of millions of poor laborers and prisoners If Adolf Hitler had not inflicted the devastation of World War II upon Europe it's quite likely that the West would consider Joseph Stalin 1878-1953 the 20th century's greatest tyrant Before World War II Stalin consolidated his position by frequently purging party leaders most famously Leon Trotsky and Red Army leaders executing hundreds of thousands of people at the least In one of history's greatest textbook examples of the idea that the enemy of my enemy is my friend Stalin's Soviet Union allied with Britain and the United States to defeat Hitler in Europe with the worst of the war's carnage coming on the eastern front during Germany's invasion of Russia Nevertheless the victory in World War II established the Soviet Union as one of the world's two superpowers for nearly 50 years in addition to being the West's Cold War adversary Along with Vladimir Lenin Trotsky led the October Bolshevik Revolution of 1917 and held crucial posts in the early Soviet governments but after Lenin's death Trotsky was exiled persecuted and finally murdered at the behest of his arch rival Joseph Stalin For the final decade of his life Trotsky was a man trapped in between two worlds A communist seeking refuge in the capitalist West Trotsky was deemed a secret agent of the capitalist powers by Stalin's propaganda but the Soviet Union's enemies also viewed him with suspicion In the initial aftermath of Lenin's death Trotsky had been his ally's heir apparent and for those inclined to believe the Soviet experiment had started promisingly but gone astray Trotsky became the embodiment of the betrayed promise of the early Bolshevik revolution There were certain ironies in this widespread sympathetic interpretation of Trotsky's legacy For the Marxists and Marxist sympathizers appalled by Stalin's paranoid police state Gulag concentration camps and strict suppression of dissent Trotsky was viewed as a

humane and cosmopolitan opposite to Stalin But Trotsky himself had overseen and spearheaded campaigns of persecution against Russians suspected of counterrevolutionary leanings and he had written a long tract defending these terroristic measures as necessary safeguards of the revolution The Soviet Union's Big Three explores the lives and legacies of Lenin Trotsky and Stalin before the Bolshevik Revolution as well as the crucial roles they played in establishing the Soviet Union and turning it into a modern superpower

Stalin,2017-04-21 Translated from the Russian in 1928 this and the second volume of the same title give an invaluable picture of what the Russian leader Joseph Stalin understood by Leninism Building on the pamphlet Foundations of Leninism which forms the first part of this book the work presents a unified and complete work on the problems of Leninism and socialist construction as they were manifested in the 1920s as well as discussion of the October Revolution and the relationship of the USSR and the West in the years following the First World War **Foundations of Leninism** J. Stalin,2019-11-29 The foundations of Leninism is a big subject To exhaust it a whole volume would be required Indeed a whole number of volumes would be required Naturally therefore my lectures cannot be an exhaustive exposition of Leninism at best they can only offer a concise synopsis of the foundations of Leninism Nevertheless I consider it useful to give this synopsis in order to lay down some basic points of departure necessary for the successful study of Leninism Lenin was a Marxist and Marxism is of course the basis of his world outlook But from this it does not at all follow that an exposition of Leninism ought to begin with an exposition of the foundations of Marxism To expound Leninism means to expound the distinctive and new in the works of Lenin that Lenin contributed to the general treasury of Marxism and that is naturally connected with his name Only in this sense will I speak in my lectures of the foundations of Leninism **From Lenin to**

1917 Vladimir Il'ich Lenin,1938 *V.I. Lenin and J.V. Stalin on the State* Vladimir Il'ich Lenin,Joseph Stalin,1978 Lenin and Stalin on Propaganda ,1942 The personality cult of Stalin in Soviet posters, 1929-1953 Anita Pisch,2016-12-16 From 1929 until 1953 Iosif Stalin s image became a central symbol in Soviet propaganda Touched up images of an omniscient Stalin appeared everywhere emblazoned across buildings and lining the streets carried in parades and woven into carpets and saturating the media of socialist realist painting statuary monumental architecture friezes banners and posters From the beginning of the Soviet regime posters were seen as a vitally important medium for communicating with the population of the vast territories of the USSR Stalin s image became a symbol of Bolshevik values and the personification of a revolutionary

new type of society The persona created for Stalin in propaganda posters reflects how the state saw itself or at the very least how it wished to appear in the eyes of the people The Stalin who was celebrated in posters bore but scant resemblance to the man Iosif Vissarionovich Dzhugashvili whose humble origins criminal past penchant for violent solutions and unprepossessing appearance made him an unlikely recipient of uncritical charismatic adulation The Bolsheviks needed a wise nurturing and authoritative figure to embody their revolutionary vision and to legitimate their hold on power This leader would come to embody the sacred and archetypal qualities of the wise Teacher the Father of the nation the great Warrior and military strategist and the Saviour of first the Russian land and then the whole world This book is the first dedicated study on the marketing of Stalin in Soviet propaganda posters Drawing on the archives of libraries and museums throughout Russia hundreds of previously unpublished posters are examined with more than 130 reproduced in full colour The personality cult of Stalin in Soviet posters 1929 1953 is a unique and valuable contribution to the discourse in Stalinist studies across a number of disciplines
