Weeks, 2003-04-16 On June 22 1941 just less than two years after signing the Nazi Soviet Agreements Adolf Hitler's German army invaded the Soviet Union The attack hardly came as a surprise to Josef Stalin in fact history has long held that Stalin spent the two intervening years building up his defenses against a Nazi attack With the gradual declassifying of former Soviet documents though historians are learning more and more about Stalin's grand plan during the years 1939-1941 Longtime Soviet expert Albert L Weeks has studied the newly released information and come to a different conclusion about the Soviet Union's pre war buildup it was not precaution against German invasion at all In fact Weeks argues the evidence now suggests Soviet mobilization was aimed at an eventual invasion of Nazi Germany The Soviets were quietly biding their time between 1939 and 1941 allowing the capitalist powers to destroy one another all the while preparing for their own Westward march Stalin Weeks shows wasn't waiting for a Nazi attack Hitler simply beat him to the punch **Access to History: Stalin's Russia 1924-53 4th Edition** Michael Lynch, 2008-06-27 The Access to History series is the most popular and trusted series for AS and A level history students The new editions combine all the strengths of this well loved series with a new design and features that allow all students access to the content and study skills needed to achieve exam success This is a new edition of the bestselling title *Bolshevik and Stalinist Russia 1918-56* which now focuses on the period from 1924-53 It has been revised and fully updated for the 2008 AS specifications for Edexcel and AQA providing both a narrative and an analysis of the impact of Stalin's leadership on the USSR It examines Stalin's rise to power following Lenin's death in 1924 the nature of his rule the economic changes he

Stalin's Soviet Justice David M. Crowe, 2019-06-13 From the show trials of the 1920s and 1930s to the London Conference this book examines the Soviet role in the Nuremberg IMT trial through the prism of the ideas and practices of earlier Soviet legal history detailing the evolution of Stalin's ideas about the trial of Nazi war criminals Stalin believed that an international trial for Nazi war criminals was the best way to show the world the sacrifices his country had made to defeat Hitler and he together with his legal mouthpiece Andrei Vyshinsky maintained tight control over Soviet representatives during talks leading up to the creation of the Nuremberg IMT trial in 1945 and the trial itself But Soviet prosecutors at Nuremberg were unable to deal comfortably with the complexities of an open western style legal proceeding which undercut their effectiveness throughout the trial However they were able to present a significant body of evidence that underscored the brutal nature of Hitler's racial war in Russia from 1941-45 a theme which became central to Stalin's efforts to redefine international criminal law after the war Stalin's *Soviet Justice* provides a nuanced analysis of the Soviet justice system at a crucial turning point in European history and it will be vital reading for scholars and advanced students of the legal history of the Soviet Union the history of war crimes and the aftermath of the Second World War

A. Rees, 2003-11-14 This is the first attempt to systematically study the
