Stalins Teardrops:

Stalin's Teardrops: And Other Stories Ian Watson, 2011-09-29 Ian Watson is one of the most prolific short story writers in contemporary science fiction with a range and invention that others might envy In this collection we move from a ghostly occurrence in Catalonia to a memorably hallucinatory and atmospheric tale of eggs and ectoplasm in pre glasnost Russia The Times said of Watson that his stories are springloaded with effect compressed with a drama that in others might take a novel to eke out a judgement confirmed by he dozen stories collected here [Short Story Index](#) , 1994 [Weird Tales](#) 299 (Winter 1990/1991) Jonathan Carroll, 1990-12 The special Jonathan Carroll issue all artwork by Featured Artist Thomas Kidd includes 4 stories by Carroll plus contributions from William F Nolan Ian Watson Nina Kiriki Hoffman and many more [The Book of Ian Watson](#) Ian Watson, 2011-09-29 British Science Fiction award winner Ian Watson graces us here with a brilliant new collection of short stories and essays Though he dazzles the reader with his footwork in the kaleidoscope intensity of his vision each piece is plainly the work of a master craftsman Whether he is dealing with a future culture where whales control us The Culling or taking a hilarious poke at the matter of government funding The President's Not for Turning his concepts are clear and undeniably logical True to the highest ideal of science fiction Watson carries present tendencies of our society to possible conclusions in Roof Gardens under Saturn and points a warning finger at the consequences of alienation from the environment In an innovative style which borders on the experimental Watson explores in The Pharaoh and the Mademoiselle the horrors of fascism Ian Watson's writing stays with us He entertains and he makes us think If in some future and better world politicians were to take advice from writers Watson should be one of them [Miracle Visitors](#) Ian Watson, 2011-09-29 John Deacon uses hypnosis to research altered states of consciousness One of his subjects Michael Peacocke is unusually susceptible and in their first session together he recalls a Close Encounter which took place some years before Deacon is sceptical of UFOs and dismisses Peacocke's story as an adolescent sexual fantasy But then inexplicable things happen the tape of the session is mysteriously erased Deacon's dog is killed he and Michael see a pterodactyl Michael's girlfriend is menaced by Men in Black and Deacon is forced to reconsider Could UFOs be symbols projected from the collective unconscious Are they messages from the biomatrix Does the mind have the ability to project tulpas objects and people which are physically real yet somehow illusory [Best New Horror 1](#) Stephen Jones, 2013-10-10 From razor sharp terror to supernatural chills This sensational for the best short horror novels and stories collects spine melting material from all areas of the field blood soaked reveries splatterplunk nightmares and thought provoking fantasies that linger long into the night Rare treats include the The Pin by Robert R McMannon one of the most sustained stomach churning chillers of recent years Thomas Tessier's elegant Blanca The Horn by Stephen Gallagher and Thomas Ligotti's dark vision The Strange Design of Master Rignolo Included are other writers at the pinnacle of their careers Karl Edward Wagner Richard Laymon Steve Rasnic Tem and Ramsey Campbell as well as rising stars like Kim Newman Ian Watson Brian Lumley Chet Williamson and many

Encyclopedia of Science Fiction Don D'Amassa, 2015-04-22 Presents articles on the science fiction genre of literature including authors themes significant works and awards **Queenmagic, Kingmagic** Ian Watson, 2011-09-29 In another world somewhere in space and time two countries Bellogard and Chorny are locked in perpetual war conducted by magic Each of the main members of the two countries courts king queen prince bishop knight and squire has their own form of magic and special ways of moving magically A war may continue for centuries until one side succeeds in killing the other side s king at which point the whole world vanishes only to reappear and have the cycle begin again Pedino is a young Bellogardian who becomes the queen s squire and as part of his training is sent into a seedier part of the city to uncover a Chornian spy During his adventures he meets and falls in love with a whore Sara who turns out to be a Chornian bishop s squire Pedino succeeds in killing the other Chornian bishop a remarkable achievement for a mere squire but in the manoeuvres which follow Chorny proves to have outwitted its rival and Pedino s whole world is threatened with extinction There have been many stories modelled on chess games but none so ingenious and enjoyable as Ian Watson s latest novel And as one would expect from Watson the story of Bellogard and Chorny is only the beginning When Pedino and Sara manage to escape the destruction of their universe they find themselves in a series of even more bizarre worlds operating under still stranger rules as they seek to discover the purpose of their existence and the meaning of their universe Queenmagic Kingmagic is Ian Watson in sparkling exuberant form *The Road to Science Fiction: From here to forever* James E. Time Machine Tales Paul J. Nahin, 2016-12-24 This book contains a broad overview of time travel in science fiction along with a detailed examination of the philosophical implications of time travel The emphasis of this book is now on the philosophical and on science fiction rather than on physics as in the author s earlier books on the subject In that spirit there are for example no Tech Notes filled with algebra integrals and differential equations as there are in the first and second editions of TIME MACHINES Writing about time travel is today a respectable business It hasn t always been so After all time travel prima facie appears to violate a fundamental law of nature every effect has a cause with the cause occurring before the effect Time travel to the past however seems to allow indeed to demand backwards causation with an effect the time traveler emerging into the past as he exits from his time machine occurring before its cause the time traveler pushing the start button on his machine s control panel to start his trip backward through time Time Machine Tales includes new discussions of the advances by physicists and philosophers that have appeared since the publication of TIME MACHINES in 1999 examples of which are the chapters on time travel paradoxes Those chapters have been brought up to date with the latest philosophical thinking on the paradoxes

Sunstroke: And Other Stories Ian Watson, 2011-09-29 This second collection of Watson s short stories further demonstrates his seemingly inexhaustible imagination In The Thousand Cuts the entire human race finds its consciousness blanked out for varying periods but life seems somehow to have gone on in the missing days and indeed previously intractable problems have moved towards a solution In Sunstroke a doctor blinded accidentally during the voyage to a seemingly benign new world becomes gradually aware of disturbing changes afflicting

her sighted companions These stories and many others confirm Watson's place in the forefront of contemporary SF writers

The Mammoth Encyclopedia of Science Fiction George Mann, 2012-03-01 This encyclopedia is the most up to date concise clear and affordable guide to all aspects of science fiction from its background to generic themes and devices from authors established and new to films Science fiction has evolved into one of the most popular cutting edge and exciting fiction genres with a proliferation of modern and classic authors themes and ideas movies TV series and awards Arranged in an A Z format and featuring a comprehensive index and cross referencing system The Mammoth Encyclopedia of Science Fiction is also the most accessible and easy to use encyclopedia of its kind currently available The Fire Worm Ian Watson, 2011-09-29 Psychiatrist John Cunningham is secretly also Jack Cannon author of popular horror novels Under hypnotic regression John's patient Tony reveals a bizarre and horrifying tale of a past life lived on Tyneside in the 1950s involving two schoolboys and a weird creature with paranormal powers lurking in caves beneath Tynemouth Castle As John regresses Tony through earlier lives as far back as the 14th century it begins to seem that the local legend captured in folksong of a malevolent Lambton Worm may have had a basis in fact that it was in fact the salamander of alchemical belief summoned by an alchemist known as Raymond Lully and possibly still locked below Tynemouth Castle And while John Cunningham is exploring Tony's multiple personalities he begins to experience personality problems of his own as Jack Cannon begins to assert his own individuality *Salvage Rites: And Other Stories* Ian Watson, 2011-09-29 Ian Watson's latest collection shows the same range and apparently inexhaustible fund of ideas that have characterized all his previous books No other contemporary figure in SF is so prolific or inventive a writer of short stories In the title story we immediately encounter a phantasmagoric vision of a society increasingly dependent on recycling its usable material other brilliant inventions include a planet inhabited by lemur like aliens who bafflingly produce marvellously finished stone carvings without apparently having the tools to do so The Moon and Michelangelo people fighting their way through the various levels of what appears to be a real life version of a computer adventure game Jewels in an Angel's Wing and a zoo in which are caged the extensions into our universe of four dimensional hyperbeings Hyperzoo And that is only the beginning there are fifteen stories in all each one a state of the art example of short science fiction at its finest **Deathhunter** Ian Watson, 2011-09-29 The regions that have survived the holocaust in Watson's new novel have largely transformed themselves from prewar violence into a peaceful utopia without either conflict or art In place of belief in a religious afterlife the old and ailing accept euthanasia at Houses of Death where priestlike guides counsel them One of these guides is Jim Todhunter who pursues research into the nature of death despite official censure When he is assigned to guide that rarity in the new world a murderer he finds a natural ally in the obsessive Nathan Weinberger himself an ex guide As usual with Watson the initial impression of a green and pleasant land is revealed to be only one facet of a more complex and disturbing reality

Converts Ian Watson, 2011-09-29 He is a financial giant but the Sponsor wants more he wants to become a super human

to be the modern day Adam father to a new generation of humans with heightened DNA He had the viral injection to change himself the will to do it and now all he needs is an Eve to join him on his journey He thinks he s found the perfect match in Jean Sandra Norwich a woman convinced she is trapped between the genes of her mother and daughter The Sponsor offers her freedom and so much more the chance to be the mother of all Superbeings But she will get more than she bargained for CONVERTS is a masterpiece of science fiction and Ian Watson has superbly reworked Ovid s METAMORPHOSES to create an extraordinary futuristic tale **The Butterflies of Memory** Ian Watson,2011-09-29 Ian Watson is one of the finest writers of SF and fantasy stories and Butterflies of Memory is his 10th collection a selection of stories that are by turns serious and playful and always wildly imaginative In the title story what if mobile phones were to become truly mobile flying about like butterflies An Appeal to Adolf tells of gay sailors on a Nazi battleship many kilometres long during a Second World War unfamiliar to us Lover of Statues of an enigmatic alien visiting the only statue of Satan in the world in Madrid while in the bubbling stew of faiths which is Jerusalem a doorway opens to reveal capricious godlike beings And just suppose that Jules Verne undertook an actual journey to the centre of the Earth Closer to home in a Midlands town a man who seems to have suddenly popped into existence tries to discover who and what he is Hijack Holiday written a year before 9 11 presciently if bizarrely anticipates events akin to those on that fateful day
