Stalking Widow:

The Widows' Pact J.L. Cole, 2023-01-25 Lena Martin's life couldn't be more tragic. So far in her twenty-seven years she has buried her best friend, her husband, and subsequently what little enthusiasm she had for life. Evelyn, a passionate elderly widow, is the opposite. Opinionated and slightly obnoxious, she hasn't met a problem she couldn't fix. When an unlikely friendship blossoms between them, it seems to be exactly what each of them needs, except one is harbouring a dark secret and the other a troubled past that sends the duo spiraling into a world where right and wrong isn't black and white but a shade of grey with red pooled beside it.

The Psychology of Stalking J. Reid Meloy, 2001-05-15 The Psychology of Stalking is the first scholarly book on stalking ever published. The stalking of public figures and many other aspects of stalking, as well as legal issues. This landmark text is of interest to both professionals and other thoughtful individuals who recognize the serious nature of this ominous social behavior. First scholarly book on stalking ever published. Contributions from virtually all major researchers in the field. Discussion of what to do when being stalked. Uses examples from recent publicized cases.

Psycho-Criminological Approaches to Stalking Behavior Heng Choon (Oliver) Chan, Lorraine L. Sheridan, 2020-03-26 Provides multidisciplinary coverage of stalking behavior worldwide from both academic and practical approaches. Psycho-Criminological Approaches to Stalking Behavior: The International Perspective is a thorough up-to-date overview of stalking, perpetration, and victimization in different regions of the world. This authoritative book brings together contributions from a team of leading scholars and practitioners that discuss a diverse range of interrelated topics and issues relevant to stalking and intrusive behavior from both theoretical and practical contexts. Whereas most of the literature on the subject is written from a Western viewpoint, this unique volume examines empirical research, policies, and practices from Asian and African countries as well as those from Europe, the Americas, and Australia to provide a truly global perspective. Divided into three parts, the book first examines theories and research on cross-national differences in stalking among college students, ex-partner stalking in Finland, cyberstalking, victimization in Singapore, the heterogeneity of stalking and stalkers in Australia, public familiarity and understanding of stalking, harassing legislation in Australia, the United Kingdom, and the United States, and more. The book's second part focuses on national portraits of stalking in a number of understudied populations, including Lithuania, Spain, Denmark, Portugal, and South Africa. Finally, in the third section of the book, the chapters largely emphasize policy and best practice, including the Dutch model of policing, stalking risk assessment and management of stalking in Sweden, psycho-legal responses to online interpersonal harm, the German approach to stopping stalking, the United Kingdom response to assessing

and managing stalking and the work of the Danish Stalking Centre This important contribution to the field Offers insights from international professionals applicable in other geographical contexts Discusses the factors that influence social awareness and responses to stalking Explores the importance of victim vulnerability factors when managing risk of stalking Presents real world case studies of stalking behavior intimate partner violence stalking victimization and statutory and law enforcement efforts Reviews the intervention practices of the support institutions and justice systems of different countries Psycho Criminological Approaches to Stalking Behavior The International Perspective is an ideal primary or supplementary text for courses in criminology criminal justice forensic psychology and social and behavioral science as well as a valuable source of reference for those who deal with offenders or victims of stalking including law enforcement agents mental health professionals legal practitioners social services personnel and policy makers *Widow's Wreath* Cynthia Riggs, 2018-06-12 It s a case of cold feet and cold blooded murder as 92 year old poet sleuth Victoria Trumbull gets more than she bargained for after hosting an ill fated wedding A wedding on picturesque Martha s Vineyard promises to be the affair of the season when Penny Arbuthnot asks her cousin feisty 92 year old poet Victoria Trumbull if she can use her property for the reception Victoria agrees but she has no idea what s in store for the hapless couple For one Penny is seriously in debt and desperate to marry money She thinks she s on the road to riches when she hooks Rocco Bufano whose father is a multi billionaire But unbeknownst to Penny Rocco s been disowned by dad He s also in hock up to his ears and thinks he s bagged the catch of a lifetime in a wealthy Vineyard native He also knows that someone is out to kill him In fact several guests have a reason to off Rocco among them an autistic savant with a prodigious knowledge of murder weapons Victoria has assumed the reception will be a modest lemonade and gingersnap affair but when a body is found in her cellar it may be a happily never after in *Widow s Wreath* the fourteenth engaging installment in Cynthia Riggs s beloved Martha s Vineyard mysteries *Stalking Widow* John Frederick Burke, 2000 **Young People, Stalking Awareness and Domestic Abuse** Maria Mellins, Rachael Wheatley, Caroline Flowers, 2023-09-12 This book addresses domestic abuse and stalking among young people in the UK and Ireland with a focus on intersectionality and lifestyle settings In partnership with the Alice Ruggles Trust this book draws on a wealth of expert contributions including those with lived experience frontline services such as Paladin National Stalking Advocacy Service charities EmilyTest and Hollie Gazzard Trust researchers of so called honour based abuse and online harms and forensic psychologists who work with people who stalk It begins with an overview of ways to recognise harmful behaviours including those carried out online The discussion then moves on to methods and motivations of stalking and coercive control and the various lifestyle contexts including education environments young people in the workplace and the role of the police and frontline support services in tackling these issues It is a vital resource for undergraduate students across criminology sociology law psychology education social justice policing and forensic psychology as well as a combination of academic researchers and professionals working within stalking and domestic abuse support and prevention
