The Case For Transracial Adoption:

The Case for Transracial Adoption Rita James Simon, Howard Altstein, Marygold Shire Melli, 1994 This timely study analyzes the issue of adoptions that cross racial and national lines and assesses their success and appropriateness The book's centerpiece is a comprehensive long term study of the transracial adoption conducted by Rita Simon and Howard Altstein the result of twenty years of research and analysis The authors discuss the case often made against transracial adoption and explain the laws that govern these adoptions

Transracial Adoption, Identity, and Racism in the United States, Kyra E. Antares, 2023-06-21 Transracial Adoption Identity and Racism in the United States Between Two Worlds places racial literacy and anti racism at the center of the transracial adoption debate The author argues that transracial adoption stems from systemic issues of racial injustice and that those problems will not be solved quickly for they are still being realized While the work to raise awareness of and correct the disproportionate number of Black children in foster care is done transracial adoption will continue to occur In the meantime the author suggests an intentional examination of the narratives of Black transracial adoptees experiences of race to learn about the racial socialization in transracial adoptive households during childhood teen years and into adulthood Adoptees share what they learned about race in White families what they needed in terms of racial socialization that they didn't get the myriad feelings they have toward their families and how they make sense of race in their lives as young adults in the United States The stories told by adoptees in this book are centered to inspire a change in how transracial adoption is approached by White parents adoption professionals social workers researchers and counseling psychologists

Breaking the Adolescent Parent Cycle Jack C. Westman, 2009-06-16 This book addresses the dilemma created by the discrepancy between our efforts to prevent adolescent pregnancy and our support of adolescent parenthood which the author argues is America's greatest unrecognized public health crisis It is the most preventable cause of crime and welfare dependency and because we hold no expectations for parents who conceive and give birth to children rates of child neglect and abuse in the United States far exceed those of other developed nations Westman explores the circumstances and values that make motherhood seem to be girls best option and that induce males to conceive without the ability to support their children It proposes a feasible legal procedure as the basis for ensuring that adolescents babies have competent parents with the resources and environments they need

Adoption, Race, and Identity William Laufer, 2017-09-04 Adoption Race and Identity is a long range study of the impact of interracial adoption on those adopted and their families Initiated in 1972 it was continued in 1979 1984 and 1991 Cumulatively these four phases trace the subjects from early childhood into young adulthood This is the only extended study of this controversial subject Simon and Altstein provide a broad perspective of the impact of transracial adoption and include profiles of the families involved in the study They explore and compare the experiences of both the parents and the children They identify families whose adoption experiences were problematic and those whose experiences were positive Finally the

study looks at the insights the experience of transracial adoption brought to the adoptive parents and what advice they would pass on to future parents adopting children from different racial backgrounds They include the reflections of those adopted included in the 1972 first phase who are now adults themselves This second edition includes a new concluding chapter that updates the fourth and last phase of the study The authors were able to locate 88 of the 96 families who participated in the 1984 study Bringing together all four phases of this twenty year study into one volume gives the reader a richer and deeper understanding of what the experience of transracial adoption has meant for the parents the adoptees and children born into the families studied This landmark work will be of compelling interest to social workers policy makers and professionals and families involved on all sides of interracial adoption

Tripping on the Color Line Heather M. Dalmage,2000 Through in depth interviews with individuals from black white multiracial families and insightful sociological analysis Heather M Dalmage examines the challenges faced by people living in such families and explores how their experiences demonstrate the need for rethinking race in America She examines the lived reality of race in the ways multiracial family members construct and describe their own identities and sense of community and politics Their lack of language to describe their multiracial existence along with their experience of coping with racial ambiguity and with institutional demands to conform to a racially divided racist system is the central theme of Tripping on the Color Line
