The Cello Suites Eric Soblin, 2011-01-04 An award winning journey through Johann Sebastian Bach's six cello suites and the brilliant musician who revealed their lasting genius One fateful evening journalist and pop music critic Eric Soblin attended a recital of Johann Sebastian Bach's Cello Suites an experience that set him on an epic quest to uncover the

mysterious history of the entrancing compositions and their miraculous reemergence nearly two hundred years later In pursuit of his musicological obsession Siblin would unravel three centuries of intrigue politics and passion Winner of the Mavis Gallant Prize for Non fiction and the McAuslan First Book Prize The Cello Suites weaves together three dramatic narratives the disappearance of Bach s manuscript in the eighteenth century Pablo Casals s discovery and popularization of the music in Spain in the late nineteenth century and Siblin s infatuation with the suites in the present day The search led Siblin to Barcelona where Casals just thirteen and in possession of his first cello roamed the backstreets with his father in search of sheet music and found Bach s lost suites tucked in a dark corner of a store Casals played them every day for twelve years before finally performing them in public Siblin sheds new light on the mysteries that continue to haunt this music more than 250 years after its composer s death Why did Bach compose the suites for the cello then considered a lowly instrument What happened to the original manuscript A seamless blend of biography and music history The Cello Suites is a true life journey of discovery fueled by the power of these musical masterpieces The ironies of artistic genius and public taste are subtly explored in this winding entertaining tale of a musical masterpiece Publishers Weekly Siblin s writing is most inspired when describing the life of Casals showing a genuine affection for the cellist who used his instrument and the suites as weapons of protest and pleas for peace Booklist starred review **Guilhermina Suggia, Cellist** Anita Mercier,2008

Throughout the 1930s Guilhermina Suggia was one of the most respected musicians in Europe She partnered on stage with many famous instrumentalists and conductors and completed numerous BBC broadcasts Mercier s study of Suggia s letters and other writings reveal an intelligent warm and generous character an artist who was enormously dedicated knowledgeable and self disciplined Suggia was one of the first women to make a career of playing the cello at a time when prejudice against women playing this traditionally masculine instrument was still strong A role model for many other musicians she was herself a fearless pioneer Reclaiming Early Childhood Literacies Richard J Meyer,Kathryn F.

Whitmore,2016-09-01 At a time when literacy has become more of a political issue than a research or pedagogical one this volume refocuses attention on work with young children that places them at the center of their literacy worlds Drawing on robust and growing knowledge which is often marginalized because of political and legislative forces it explores young children s literacies as inclusive redefined and broadened encompassing technologies the arts multiple modalities and teaching and learning for democracy cultural sustainability and social justice Highlighted themes include children s rights to grow through playful engagements with multiple literacies to interrogate their worlds adults who expand and inspire children s consciousness and awareness of others and the world around them the centrality of meaning making in all aspects of language and literacy development a deep respect for diversities including languages cultures sexual orientation socioeconomic status and more and an expansive understanding of the nature of texts
