life she had ever known Called upon to rejoin her mother and father in South America she begins a journey of discovery that will shape what will eventually become her American Dream Along the way she will face obstacles that may seem familiar to some as well as some that are so unique that are unimaginable to most As a teenager she was diagnosed with a chronic disease which she was informed would lead to her eventual paralysis As a young mother she was faced with a decision of where to raise a family away from the growing violence of her adopted homeland and as a young professional she was ostracized by her peers for her accent and the physical toll her disease had begun to take on her appearance This book takes you on one woman s journey of self discovery that spans from that small farming village in Spain to the big city lights of Miami and New York City all the while witnessing the internal battles that eventually shape her and allow her to be able to live Her American Dream
