Mysticism in the French Tradition Louise Nelstrop, Bradley B. Onishi, 2016-03-09 In the nineteenth and early twentieth centuries secular French scholars started re engaging with religious ideas particularly mystical ones *Mysticism in the French Tradition* introduces key philosophical undercurrents and trajectories in French thought that underpin and arise from this engagement as well as considering earlier French contributions to the development of mysticism Filling a gap in the literature the book offers critical reflections on French scholarship in terms of its engagement with its mystical and apophatic dimensions A multiplicity of factors converge to shape these encounters with mystical theology feminist devotional and philosophical treatments as well as literary historical and artistic approaches The essays draw these into conversation Bringing together an international and interdisciplinary range of contributions from both new and established scholars this book provides access to the melting pot out of which the mystical tradition in France erupted in the twenty first century and from which it continues to challenge theology today

The Science of the Cross Edith Stein, 2002 Overview To help celebrate the fourth centenary of the birth of St John of the Cross in 1542 Edith Stein received the task of preparing a study of his writings She uses her skill as a philosopher to enter into an illuminating reflection on the difference between the two symbols of cross and night Pointing out how entering

the night is synonymous with carrying the cross she provides a condensed presentation of John's thought on the active and passive nights as discussed in *The Ascent of Mount Carmel* and *The Dark Night*. All of this leads Edith to speak of the glory of resurrection that the soul shares through a unitive contemplation described chiefly in *The Living Flame of Love*. In the summer of 1942 the Nazis without warrant took Edith away. The nuns found the manuscript of this profound study lying open in her room. Because of the Nazis' merciless persecution of Jews in Germany, Edith Stein traveled discreetly across the border into Holland to find safe harbor in the Carmel of Echt. But the Nazi invasion of Holland in 1940 again put Edith in danger. The cross weighed down heavily as those of Jewish birth were harassed. Sr Teresa Benedicta of the Cross's superiors then assigned her a task they thought would take her mind off the threatening situation. The fourth centenary of the birth of St. John of the Cross, 1542, was approaching and Edith could surely contribute a valuable study for the celebration. It is no surprise that in view of her circumstances she discovered in the subject of the cross a central viewpoint for her study. A subject like this enabled her to grasp John's unity of being as expressed in his life and works. Using her training in phenomenology, she helps the reader apprehend the difference in the symbolic character of cross and night and why the night symbol prevails in John. She clarifies that detachment is designated by him as a night through which the soul must pass to reach union with God and points out how entering the night is equivalent to carrying the cross. Finally, in a fascinating way, Edith speaks of how the heart or fountainhead of personal life, an inmost region, is present in both God and the soul and that in the spiritual marriage this inmost region is surrendered by each to the other. She observes that in the soul seized by God in contemplation, all that is mortal is consumed in the fire of eternal love. The spirit, as spirit, is destined for immortal being to move through fire along a path from the cross of Christ to the glory of his resurrection.

There is a crisis in church leadership today. Because of widespread scandals, significant power struggles within denominations and local churches, and self-serving clergy, the laity society has lost confidence in the Church as a moral voice. What is the solution? *The Cross and the Towel* provides an ancient prophetic voice in overcoming the sins within the church. It is a guidebook for pastors and church leaders who have a sincere desire to achieve God's true mission in the world.
