The Concept Of Contraction In Giordano Brunos Philosophy:

The Concept of Contraction in Giordano Bruno's Philosophy Leo Catana, 2017-09-08 Through the concept of contraction Giordano Bruno 1548 1600 endeavoured to explain the relationship of God to his Creation in a way that conformed with his pantheistic view of nature as well as his heterodox view of man's relationship to God The concept of contraction is twofold In the ontological sense it denotes the way in which the One or God descends to multiplicity In the noetic sense it accounts for the ways in which the individual human soul ascends towards God through a reversed process of contemplation Bruno denied the efficacy of the several psychical psychological and medical states traditionally thought to aid contemplation and noetic ascent towards God In his view the only means was philosophical contemplation the use of memory being one important form Philosophical contemplation elevated the mind from the fragmented multiplicity of sense impressions to an understanding of the principles governing the sensible world This publication is the first book length study dedicated to concept of contraction in Bruno's philosophy Moreover it explores his sources for this concept Traditionally Ficino's translation of Plotinus dating from the second half of the fifteenth century has been seen as a key source to the Neoplatonism informing Bruno's philosophy In *The Concept of Contraction in Giordano Bruno's Philosophy* another Neoplatonic source is considered namely the pseudo Aristotelian *Liber de Causis* Book of causes which has not yet been examined in the context of Renaissance Neoplatonism This work probably written in Arabic in the ninth century was translated into Latin in the twelfth century and remained well known to many late Medieval and Renaissance philosophers Catana argues that this work may have prepared for Ficino's translation of Plotinus and that in some instances it provided a common source to Renaissance philosophers Bruno and Nicholas of Cusa 1401 1464 being conspicuous examples discussed in this book *Journal of Early Modern Studies: Volume 5, Issue 1 (Spring 2016)* Vlad Alexandrescu, Tinca Prunea-Bretonnet, 2016-06-01 The *Journal of Early Modern Studies* is an interdisciplinary peer reviewed journal of intellectual history dedicated to the exploration of the interactions between philosophy science and religion in Early Modern Europe [Liberty, Irreverence, and the Place of Women in Early Modern Italian Culture: Essays in Honour of Letizia Panizza](#) Stephen Clucas, Simone Testa, 2025-01-08 This book brings together essays from a range of disciplines within Early Modern Italian Studies which focus on research areas pioneered by the prestigious Italianist Letizia Panizza The essays cover numerous themes mirroring Panizza's broad scholarly interests and refusal of artificial disciplinary separations Contributions come from the fields of women's history cultural history intellectual history political philosophy and art history They span from Giordano Bruno and the Renaissance interest in the lives of classical philosophers to the poetry of women in the Italian academies representations of women in Ludovico Ariosto's *Orlando Furioso* and the poetry of Piero de' Medici The volume ends with essays on religious parody libertinism and controversial political writings This book presents original new work by leading scholars in the intellectual cultural and literary history of early modern Italy and is aimed at scholars of intellectual

history history of philosophy literary history women s studies and Italian history Incarnate Earth Matthew Eaton,2023-03-10 Incarnate Earth reimagines the doctrine of Incarnation by extending the unity between Creator and creation beyond Jesus to the entire world In dialogue with contemporary theologies of deep incarnation and the philosophy of Emmanuel Levinas the author argues that the face of Christ is encountered in the cruciform demand for justice embodied in the creaturely finitude and vulnerability that grounds ethics Central to this vision is a recognition that the religious role functions at the heart of Jesus life the revelation of God and the redemption of the world are performed throughout the physical world irreducible to humanity or one heroic representative of the species Thus the human encounters the divine Christ in and as the face of any vulnerable thing animal vegetal elemental or otherwise not as a transcendent being mediated through humanity The radical nature of this reimagination necessitates renewed discussions of ecological and animal ethics calling for compassionate care for all vulnerable bodies insofar as this is possible It will be of interest to scholars of Christian theology and the philosophy of religion particularly those focused on ecotheology religious naturalism and environmental ethics **The Ash Wednesday Supper** Giordano Bruno,Hilary Gatti,2018-01-01 Giordano Bruno s The Ash Wednesday Supper presents a revolutionary cosmology founded on the new Copernican astronomy that Bruno extends to infinite dimensions filling it with an endless number of planetary systems The Expulsion of the Triumphant Beast Giordano Bruno,2024-06-03 Published in London in 1584 The Expulsion of the Triumphant Beast is Giordano Bruno s first work of moral philosophy It is dedicated with a long Explicatory Letter to Elizabeth I s most cultured courtier Sir Philip Sidney It is a book about moral reform expelling the beasts of evil and putting virtues in their place Its theme is presented as an allegorical drama in which ancient myths assume modern meanings questioning the ways in which moral and religious reform have been conceived in both the ancient world and the cultures of Renaissance Europe This new Italian text based on the original printed text of 1584 held in the British Library presents a less modernized version than those presently available while maintaining a modern page format The aim is to provide a text closer to the sound of Bruno s original mix of classical Tuscan Italian and Neapolitan dialectical forms This edition also presents a new translation designed to render Bruno s complex and baroque Italian into easily readable modern English Hilary Gatti introduces The Expulsion of the Triumphant Beast underlining Bruno s meta literary reflection on the nature of allegory and myth as well as the dramatic structure of his text Drama philosophy and religion combine in this work to give an epic dimension to the perennial cosmic battle between evil and good The Word and the World K. Killeen,P. Forshaw,2007-04-11 This book explores the impact of biblical reading practices on scientific thought in the Sixteenth and Seventeenth centuries It addresses the idea that the natural philosophers of the era forged their new sciences despite rather than because of the pervasive bible centeredness of early modern thought **Late Ancient Platonism in Eighteenth-Century German Thought** Leo Catana,2019-09-30 This work synthesizes work previously published in leading journals in the field into a coherent narrative that has a distinctive focus on Germany

while also being aware of a broader European dimension It argues that the German Lutheran Christoph August Heumann 1681 1764 marginalized the biographical approach to past philosophy and paved the way for the German Lutheran Johann Jacob Brucker s 1696 1770 influential method for the writing of past philosophy centred on depersonalised and abstract systems of philosophy The work offers an authoritative and engaging account of how late ancient Platonism Plotinus in particular was interpreted in eighteenth century Germany according to these new precepts Moreover it reveals the Lutheran religious assumptions of this new approach to past philosophy which underpinned the works of Heumann and Brucker but also influential reviews that rejected the English Plato translator Thomas Taylor 1758 1835 and his understanding and evaluation of late ancient Platonism *The Hermetic Deleuze* Joshua Ramey,2012-08-20 In this book Joshua Ramey examines the extent to which Gilles Deleuze s ethics metaphysics and politics were informed by and can only be fully understood through this hermetic tradition **Philosophy and Its History** Mogens Lærke,Justin E. H. Smith,Eric Schliesser,2013-08 Many chapters articulate new detailed methods of doing history of philosophy These present conflicting visions of the history of philosophy as an autonomous sub discipline of professional philosophy
