The End Of War A Novel Of The Race For Berlin

Bloomsbury Publishing

The End Of War A Novel Of The Race For Berlin:

The End of War David L. Robbins, 2001-05-29 Berlin January 1945 The war draws to a close but the fight for a vanquished city and for history is just beginning In the final months of the war in Europe the last act of a five year conflagration is about to be played out As Allied generals surround the mortally wounded Nazi military machine strategies are being formed on a greater scale than even generals can imagine While Churchill fumes helplessly Roosevelt makes crucial decisions that will cede Berlin to Stalin and the Russians The stakes are no less critical for ordinary men and women fighting to live another day From the chaos of the eastern front to the desperation of a single Jewish man hidden in a Berlin basement to the burning ambition of an American photojournalist Robbins animates the giants who shaped history and breathes life into the heartbreaking struggles of those who merely lived it

Tales of Berlin in American Literature up to the 21st Century

Joshua Parker, 2016-03-17 Of all European cities Americans today are perhaps most curious about Berlin whose position in the American imagination is an essential component of nineteenth century postwar and contemporary transatlantic imagology Over various periods Berlin has been a tenuous space for American claims to cultural heritage and to real geographic space in Europe symbolizing the ultimate evil and the power of redemption This volume offers a comprehensive examination of the city's image in American literature from 1840 to the present Tracing both a history of Berlin and of American culture through the ways the city has been narrated across three centuries by some 100 authors through 145 novels short stories plays and poems *Tales of Berlin* presents a composite landscape not only of the German capital but of shifting subtexts in American society which have contextualized its meaning for Americans in the past and continue to do so today

The End of War David L. Robbins, 2000 In the final months of the Second World War one strategic question above all occupies the Allies which liberating army will be the first to march into Berlin On the western front Montgomery lobbies for the honour while Eisenhower becomes more and more determined to thwart him and put an American general Bradley or Patton in charge of the final thrust in the east Stalin's armies advance steadily and ruthlessly towards the apotheosis of their vengeance David L Robbins orchestrates the story of the final months of war through the eyes of a gallery of characters both invented and real We see the western front through the eyes of an American war photographer Berlin through a mother and daughter hiding a Jewish refugee in the cellar of their house the eastern advance through soldiers in a punishment battalion whose fate is to lead every assault This is another brilliantly authentic and compulsively readable war novel a worthy successor to *WAR OF THE RATS* *Books Out Loud* ,2007

The Ultimate World War Two Trivia Book: Unbelievable Facts, Extraordinary Accounts and Tall Tales from the Second World War M. J. Trow, Richard Denham, 2022-12-15 The Second World War ended over seventy five years ago and yet it holds a lasting fascination for millions Most school children worldwide have studied it but it is unlikely that they would have learned any of the fascinating facts to be found in *The Ultimate World War Two Trivia Book* Funny heart breaking and downright borderline unbelievable the snippets in this book

are perfect for dropping into conversations to amaze and amuse your friends You might also find yourself becoming the king or queen of the pub trivia quiz when you have knowledge of Winkie the Pigeon the Battle of the Tennis Court and the Bee Bombs of Prester John One thing to be careful of never ever lend this book to anyone it is totally addictive and you will never see it again Many books of trivia push the envelope and the facts inside can't be trusted This is not something to worry about with The Ultimate World War Two Trivia Book because it comes from the pens of Richard Denham Robin Hood English Outlaw and Arthur Shadow of a God and M J Trow The Black Book and Enemies of the State Just because a fact sounds unlikely doesn't mean it isn't true and you can amaze your friends and colleagues as well as clean up at the Dog and Duck by memorizing absolutely any of these facts presented in short snippets for either devouring all at once or for browsing in the loo Complete with a whistle stop tour of the causes course and consequences of the war by M J Trow who to quote a recent reviewer could make a shopping list interesting this book is a quick way to learn more than you ever thought there was to know about the weird and wonderful side of World War Two

The Book Thieves Anders Rydell, 2018-02-06 A chilling reminder of Hitler's twisted power BBC For readers of The Monuments Men and The Hare with Amber Eyes the story of the Nazis systematic pillaging of Europe's libraries and the small team of heroic librarians now working to return the stolen books to their rightful owners While the Nazi party was being condemned by much of the world for burning books they were already hard at work perpetrating an even greater literary crime Through extensive new research that included records saved by the Monuments Men themselves Anders Rydell tells the untold story of Nazi book theft as he himself joins the effort to return the stolen books When the Nazi soldiers ransacked Europe's libraries and bookshops large and small the books they stole were not burned Instead the Nazis began to compile a library of their own that they could use to wage an intellectual war on literature and history In this secret war the libraries of Jews Communists Liberal politicians LGBT activists Catholics Freemasons and many other opposition groups were appropriated for Nazi research and used as an intellectual weapon against their owners But when the war was over most of the books were never returned Instead many found their way into the public library system where they remain to this day Now Rydell finds himself entrusted with one of these stolen volumes setting out to return it to its rightful owner It was passed to him by the small team of heroic librarians who have begun the monumental task of combing through Berlin's public libraries to identify the looted books and reunite them with the families of their original owners For those who lost relatives in the Holocaust these books are often the only remaining possession of their relatives they have ever held And as Rydell travels to return the volume he was given he shows just how much a single book can mean to those who own it

A Traditionalist History of the Great War, Book II Alexander Wolfheze, 2021-01-27 This book analyzes the world of 1914 by combining the approaches of traditionalist hermeneutics and 20th century geopolitics The juxtaposition of these two frameworks incorporated in the principles of Sacred Geography and Sea Power allows for a Traditionalist perspective on the choices facing the Ten Great Powers on the eve of the Great War The book's

multifaceted approach follows the iconoclastic culture critique method of the Traditional School that was developed by Ren Gu non Frithjof Schuon and Julius Evola it shows the pre war world as essentially different from the post war world Thus the Ten Great Power protagonists of the Great War may be understood on their own terms rather than through a backward projection of politically correct values on the existentially different human life world of 1914 Dislodging the historical materialist progress premise that underpins contemporary academic historiography this book reasserts the highest claim of the Art of History meta narrative meaning Words on Cassette, 2002 R R Bowker Publishing,2002 *Race, Ethnicity and Nuclear War* Paul Williams,2011-01-01 Ranging across fiction and poetry critical theory and film comics and speeches *Race Ethnicity and Nuclear War* explores how writers thinkers and filmmakers have tackled the question Are nuclear weapons white Paul Williams addresses myriad representations of nuclear weapons the Manhattan Project the destruction of Hiroshima and Nagasaki nuclear tests across the globe and the anxiety surrounding the superpowers devastating arsenals Ultimately Williams concludes that many texts act as a reminder that the power enjoyed by the white Western world imperils the whole planet *Stephen E. Ambrose The Men of War E-book Box Set* Stephen E. Ambrose,2013-06-11 This ebook box set includes books by Stephen E Ambrose that bring into focus the men and women who fought in World War II *The Victors* A breathtaking work that follows the momentous events of the war from D Day through to the final days centering this epic drama on the citizen soldiers the boys who became men as they fought proving eventually unbeatable A compelling celebration of military genius and heroism and of camaraderie and courage *Citizen Soldiers* A riveting account that follows the individual characters of World War II from the high command down to the ordinary soldier drawing on hundreds of interviews to re create the war experience with startling clarity and immediacy From the hedgerows of Normandy to the overrunning of Germany this is the real story of World War II from the perspective of the men and women who fought it *Wild Blue* Following this exceptional band of brothers the young men who flew the B 24s over Germany in World War II against terrible odds Ambrose recounts their extraordinary brand of heroism skill daring and comradeship with the vivid detail and affection **Postmodern Literature and Race** Len Platt,Sara Upstone,2015-02-19 Postmodernism Literature and Race explores the question of how dramatic shifts in conceptions of race in the late twentieth and early twenty first centuries have been addressed by writers at the cutting edge of equally dramatic transformations of literary form An opening section engages with the broad question of how the geographical and political positioning of experimental writing informs its contribution to racial discourses while later segments focus on central critical domains within this field race and performativity race and the contemporary nation and postracial futures With essays on a wide range of contemporary writers including Bernadine Evaristo Alasdair Gray Jhumpa Lahiri Andrea Levy and Don DeLillo this volume makes an important contribution to our understanding of the politics and aesthetics of contemporary writing **World War II** Richard Holmes,2009-01-30 This defining period in world history is explored and explained as never before World War II is captured

in hundreds of compelling images presenting the people places and politics involved in the epic conflict Inside this complete visual guide is chronological coverage of the lead up to war major military battles around the globe and the aftermath that still influences and impacts our world today You ll meet the key players in thought provoking profiles and discover their experiences firsthand from national leaders sounding the orders to combatants on the frontline and civilians left behind Standout moments including Pearl Harbor Hiroshima and the D Day landings are revealed in rarely seen color photographs and unforgettable eyewitness accounts Explosive photography international maps accessible text and supporting timelines combine to show the most destructive event ever known in unprecedented depth and detail Although the complexities of World War II can be hard to fathom this standout reference is organized in a logical order and the supporting captions are concise and clear throughout to aid understanding World War II provides an unparalleled account of this devastating conflict so we never forget and continue to learn from the past This title differs from DK s previous World War II title in that it is a spread by spread account la History with previous and following tabs placing each spread in chronological context of the war rather than a narrative that needs to be read from start to finish

Perspectives on International Relations and World History Mr. Rohit Manglik,2023-06-23 In this book we will study about the subject of Perspectives on International Relations and World History exploring its key themes developments and importance in the broader context of the discipline The book offers foundational and in depth understanding tailored to build academic insight and critical thought

The Palgrave Handbook of Cold War Literature Andrew Hammond,2020-09-04 This book offers a comprehensive guide to global literary engagement with the Cold War Eschewing the common focus on national cultures the collection defines Cold War literature as an international current focused on the military and ideological conflicts of the age and characterised by styles and approaches that transcended national borders Drawing on specialists from across the world the volume analyses the period s fiction poetry drama and autobiographical writings in three sections dominant concerns socialism decolonisation nuclearism propaganda censorship espionage common genres postmodernism socialism realism dystopianism migrant poetry science fiction testimonial writing and regional cultures Asia Africa Oceania Europe and the Americas In doing so the volume forms a landmark contribution to Cold War literary studies which will appeal to all those working on literature of the 1945 1989 period including specialists in comparative literature postcolonial literature contemporary literature and regional literature

The Military-Industrial Complex and American Society S. Mike Pavelec,2010-01-18 The first complete reference on the military industrial complex from its Cold War era expansion to the present The Military Industrial Complex and American Society addresses the broad subject of the political economy of defense research and its wide reaching effects on many aspects of American life Ranging from the massive arms buildup of the Cold War to the influx of private contractors and corporations such as Halliburton it reveals the interconnectedness of the military industry and government within the history of this public private enterprise The Military Industrial Complex and American Society offers over 100 alphabetically

organized entries on a wide of range of significant research bodies and government agencies as well as important people events and technologies In addition a series of essays looks at such essential topics as propaganda think tanks defense budgeting the defense industry and the economy and the breakdown of the military industrial complex in Vietnam With this work students policymakers and other interested readers will understand the ramifications of the relationships between industry scientific and technological communities the government and society

The Universal Jewish Encyclopedia ... Isaac Landman, Simon Cohen, 1943 *The Statesman's Year Book* , 1913 **Military Review** , 2004 **21st-Century Gothic**

Danel Olson, 2011 Selected by a poll of more than 180 Gothic specialists creative writers professors critics and Gothic Studies program developers at universities the fifty three original works discussed in 21st Century Gothic represent the most impressive Gothic novels written around the world between 2000 2010 The essays in this volume discuss the merits of these novels highlighting the influences and key components that make them worthy of inclusion Many of the pioneer voices of Gothic Studies as well as other key critics of the field have all contributed new essays to this volume including David Punter Jerrold Hogle Karen F Stein Marie Mulvey Roberts Mary Ellen Snodgrass Tony Magistrale Don D Ammassa Mavis Haut Walter Rankin James Doig Laurence A Rickels Douglass H Thomson Sue Zlosnik Carol Margaret Davison Ruth Bienstock Anolik Glennis Byron Judith Wilt Bernice Murphy Darrell Schweitzer and June Pulliam The guide includes a preface by one of the world s leading authorities on the weird and fantastic S T Joshi Sharing their knowledge of how traditional Gothic elements and tensions surface in a changed way within a contemporary novel the contributors enhance the reader s dark enjoyment emotional involvement and appreciation of these works These essays show not only how each of these novels are Gothic but also how they advance or change Gothicism making the works both irresistible for readers and establishing their place in the Gothic canon

The Encyclopedia of the Vietnam War Bloomsbury Publishing, 2011-05-20 Now in its second edition this comprehensive study of the Vietnam War sheds more light on the longest and one of the most controversial conflicts in U S history The Vietnam War lasted more than a decade was the longest war in U S history and cost the lives of nearly 60 000 American soldiers as well as millions of Vietnamese many of whom were uninvolved civilians The lessons learned from this tragic conflict continue to have great relevance in today s world Now in its second edition The Encyclopedia of the Vietnam War A Political Social and Military History adds an entire additional volume of entries to the already exhaustive first edition making it the most comprehensive reference available about one of the most controversial events in U S history Written to provide multidimensional perspectives into the conflict it covers not only the American experience in Vietnam but also the entire scope of Vietnamese history including the French experience and the Indochina War as well as the origins of the conflict how the United States became involved and the extensive aftermath of this prolonged war It also provides the most complete and accurate order of battle ever published based upon data compiled from Vietnamese sources This latest release delivers even more of what readers have come to expect from the editorship of

Spencer C Tucker and the military history experts at ABC CLIO
