

The End Of War

**Romain Fathi, Margaret
Hutchison, Andrekos Varnava, Michael
Walsh**

The End Of War:

The End of War Paul Chappell, 2010-06-01 Builds on the powerful argument for peace laid in *Will War Ever End* The End of War John Horgan, 2012 Argues that war is caused by cultural beliefs rather than a genetic disposition and that peace is a choice that human beings can make presenting true accounts of both concepts throughout history and possible solutions to the problem The End of the Cold War Michael J. Hogan, 1992-06-26 This book first published in 1992 examines the end of the Cold War and the implications for the history and future of the world order Exiting war Romain Fathi, Margaret Hutchison, Andrekos Varnava, Michael Walsh, 2022-01-18 *Exiting war* explores a particular 1918-20 moment in the British Empire's history between the First World War's armistices of 1918 and the peace treaties of 1919 and 1920 That moment we argue was a challenging and transformative time for the Empire While British authorities successfully answered some of the post war tests they faced such as demobilisation repatriation and fighting the widespread effects of the Spanish flu the racial social political and economic hallmarks of their imperialism set the scene for a wide range of expressions of loyalties and disloyalties and anticolonial movements The book documents and conceptualises this 1918-20 moment and its characteristics as a crucial three year period of transformation for and within the Empire examining these years for the significant shifts in the imperial relationship that occurred and as laying the foundation for later change in the imperial system *The War That Will End War (The original unabridged edition)* H. G. Wells, 2023-12-29 In *The War That Will End War* H G Wells presents a prescient and incisive exploration of the global conflicts that defined the early 20th century particularly World War I Written in 1914 this unabridged edition retains Wells characteristic blend of speculative fiction and social commentary engaging readers in discussions about the futility of war and the ideal of lasting peace Wells employs a mix of impassioned rhetoric and analytical observation challenging his contemporaries to rethink their assumptions about militarism and the potential for a unified world order His prophetic vision reflects the disillusionment felt by many in the face of modern warfare encapsulating the zeitgeist of a society on the brink of transformative change H G Wells often referred to as the father of science fiction was deeply influenced by his own experiences and the tumultuous socio political landscape of his time His career spanned debates about socialism technology and the human condition all of which colored his vision of the world's future Wells advocated for international cooperation and disarmament events which shaped his narrative in this compelling and thought provoking text *The War That Will End War* remains strikingly relevant today offering insightful reflections on the nature of conflict and the enduring quest for peace This book is essential reading for those interested in history political science and literature as it not only illuminates the past but also provokes critical discussions about the future of humanity *7 Steps to End War & Save the Planet* Steve Ratzlaff, 2008-04-17 A pacifists timely and passionate manifesto addressing the issue of global warming Utopia as Ratzlaff explains is not some unattainable oasis but rather a world without war and with a balanced global habitat that can sustain future generations Rank and file Americans need to be able to comprehend what global

warming is all about the author writes in order to grasp what will happen if we fail to take immediate steps to combat it The book is not a scientific treatise bogged down with academic language but rather a pacifists simple approach to solving one of the worlds most difficult dilemmas Employing a minimum of hard data to explore melting ice caps rising sea levels changing weather patterns and ocean currents Ratzlaff effectively illustrates the cause and effect relationship between human activity and the planets well being While Al Gore answered the hows and whys of global warming in An Inconvenient Truth Ratzlaff illustrates the imminent need for vast governmental and political changes and he explains the consequences of ignoring the obvious threat to our planet The author states that one of the biggest problems with the current approach to global warming is the tendency of advocates to ignore the significant role of population growth Additionally at the roots of global warming lay nationalism religious wars and the military industrial complex Ratzlaff outright blames governments and corporations for the current situation After demonstrating the various successes of the United Nations in heading off global conflicts the author concludes that the UN is the only organization capable of becoming a fully empowered international governing body Yet handcuffed by its current structure it can do nothing more than cast environmental resolutions that are often ignored Unlike other books that attempt to tackle major global issues rather than pointing out the problems and offering no solutions Ratzlaff rounds out each of the seven steps with definitive alternatives in his If I Were President summaries A thorough yet easy to comprehend take on global warming KIRKUS REVIEWS [Ending the U.S. War in Iraq](#) Richard R. Jr. Brennan, Charles P. Ries, Larry Hanauer, Ben Connable, Terrence K. Kelly, 2013-11-05 Ending the U S war in Iraq required redeploying 100 000 military and civilian personnel handing off responsibility for 431 activities to the Iraqi government U S embassy USCENTCOM or other U S government entities and moving or transferring ownership of over a million pieces of property in accordance with U S and Iraqi laws national policy and DoD requirements This book examines the planning and execution of this transition **The War That Will End War** H.G. Wells, 2021-01-01 The War That Will End War by H G Wells In this thought provoking essay H G Wells confronts the devastating realities of World War I and explores the idea of using the conflict as a catalyst to end all future wars The War That Will End War presents Wells vision for a world order based on international cooperation and disarmament urging for lasting peace and global harmony Key Aspects of the Book The War That Will End War World War I Analysis Wells essay offers a critical analysis of the causes and consequences of World War I reflecting on its profound impact on humanity Peace and Disarmament The book advocates for the pursuit of peace through collective efforts and the dismantling of militarism Humanitarian Ideals The War That Will End War reflects Wells humanitarian ideals and his belief in the potential for humanity to build a better future H G Wells was an English writer born in 1866 renowned for his contributions to science fiction and social commentary He wrote prolifically on various subjects including war and peace envisioning a world united by knowledge and empathy Wells works continue to inspire readers and provoke contemplation on the course of human history [Feminist Solutions for Ending War](#) Megan

MacKenzie, Nicole Wegner, 2021-11-20 War is a man's game or so goes the saying Whether this is true or not patriarchal capitalism is certainly one of the driving forces behind war in the modern era So can we end war with feminism This book argues that this is possible and is in fact already happening Each chapter provides a solution to war using innovative examples of how feminist and queer theory and practice inform pacifist treaties movements and methods from the international to the domestic spheres The contributors propose a range of solutions that include arms abolition centring Indigenous knowledge economic restructuring and transforming how we count civilian deaths Ending war requires challenging complex structures but the solutions found in this edition have risen to this challenge By thinking beyond the violence of the capitalist patriarchy this book makes the powerful case that the possibility of life without war is real War and Punishment H. E. Goemans, 2000-08-20 What makes wars drag on and why do they end when they do Here H E Goemans brings theoretical rigor and empirical depth to a long standing question of securities studies He explores how various government leaders assess the cost of war in terms of domestic politics and their own postwar fates Goemans first develops the argument that two sides will wage war until both gain sufficient knowledge of the other's strengths and weaknesses so as to agree on the probable outcome of continued war Yet the incentives that motivate leaders to then terminate war Goemans maintains can vary greatly depending on the type of government they represent The author looks at democracies dictatorships and mixed regimes and compares the willingness among leaders to back out of wars or risk the costs of continued warfare Democracies according to Goemans will prefer to withdraw quickly from a war they are not winning in order to appease the populace Autocracies will do likewise so as not to be overthrown by their internal enemies Mixed regimes which are made up of several competing groups and which exclude a substantial proportion of the people from access to power will likely see little risk in continuing a losing war in the hope of turning the tide Goemans explores the conditions and the reasoning behind this gamble for resurrection as well as other strategies using rational choice theory statistical analysis and detailed case studies of Germany Britain France and Russia during World War I In so doing he offers a new perspective of the Great War that integrates domestic politics international politics and battlefield developments

Commentary on the Old Testament C. F. Keil, Franz Delitzsch, 2014-06-27 For over a century the Keil Delitzsch Commentary on the Old Testament has stood as a monumental and indispensable resource for biblical scholars pastors and serious students of the Bible Authored by two of the nineteenth century's most respected Old Testament scholars Carl Friedrich Keil and Franz Delitzsch this commentary is celebrated for its unparalleled depth rigorous scholarship and reverent approach to the text It meticulously navigates the historical grammatical and theological dimensions of the Old Testament providing profound insights into every book verse by verse This classic work remains a cornerstone of biblical exegesis offering a timeless guide to understanding the richness and complexity of God's Word The Great Powers and the End of the Ottoman Empire Marian Kent, 2005-07-27 These studies of the foreign policy of each of the Great Powers and the

Ottoman Empire examine how far the end of the Ottoman Empire was the result of Great Power imperialism and how far the result of structural weaknesses

Congressional Record United States. A History of the Great War John Buchan, 1923

War, Memory, and the Politics of Humor Allen Douglas, 2002-05-31 War Memory and the Politics of Humor features carnage and cannibalism gender and cross dressing drunks and heroes militarism and memory all set against the background of World War I France Allen Douglas shows how a new satiric weekly the Canard Enchaîné exploited these topics and others to become one of France's most influential voices of reaction to the Great War The Canard still published today is France's leading satiric newspaper and the most successful periodical of the twentieth century and Douglas colorfully illuminates the mechanisms of its unique style Following the Canard from its birth in 1915 to the eve of the Great Depression the narrative reveals a heady mix of word play word games and cartoons Over the years the journal generally leftist specifically antimilitarist and anti imperialist aimed its shots in all directions using some stereotypes the twenty first century might find unacceptable But Douglas calls its humor an affirmation of life and as such the most effective antidote to war
