## **The Case For Tenure:**

**The Case for Tenure** Matthew W. Finkin, 1996 At a time when some institutions of higher learning are questioning the need for academic tenure and numerous state legislatures are considering its abolishment Matthew W Finkin presents a thorough and unapologetic case in defense of tenure Finkin has culled materials from a variety of sources economic analyses judicial opinions investigative reports institutional studies speeches and personal essays to survey the entire system of tenure from probationary appointment to retirement or dismissal for cause To these viewpoints he adds his own commentary to illuminate what tenure means and to clarify what it does and does not protect He places the need for tenure not only in historical perspective but also in the highly charged context of the contemporary campus In suggesting the origins of the concept of academic tenure for example Finkin excerpts the 1915 Declaration on Academic Freedom and Tenure That document characterized the university as an intellectual experiment station where new ideas may germinate and where their fruit though still distasteful to the community as a whole may be allowed to ripen until finally perchance it may become a part of the accepted intellectual food of the nation or of the world *Tenure on Trial* William Thomas Mallon, 2001 First Published in 2002 Routledge is an imprint of Taylor Francis an informa company
