William A. Katz

The Chicano Anthology Index Ethnic Studies Library Publications:

Bibliographic Guide to Chicana and Latina Narrative Kathy Leonard, 2003-08-30 There has been a dramatic increase in the amount of narrative work published by Chicana and Latina authors in the past 5 to 10 years. Nonetheless, there has been little attempt to catalog this material. This reference provides convenient access to all forms of narrative written by Chicana and Latina authors from the early 1940s through 2002. In doing so, it helps users locate these works and surveys the growth of this vast body of literature. The volume cites more than 2,750 short stories, novels, novel excerpts, and autobiographies written by some 600 Mexican American, Puerto Rican, Cuban American, Dominican American, and Nuyorican women authors. These citations are grouped in five indexes: an author title index, title author index, anthology index, novel index, and autobiography index. Short annotations are provided for the anthologies, novels, and autobiographies. Thus, the user who knows the title of a work can discover the author, the other works the author has written, and the anthologies in which the author's shorter pieces have been reprinted, along with information about particular works. *Latino Periodicals* Salvador Güereña, Vivian M. Pisano, 1998-01-01 Reviews 150 magazines of Latino interest covering such categories as business and professional, parenting, sports, and physical fitness, current events, and general interest. Chicano Anthology Index Francisco García-Ayvens, 1990 **American Reference Books Annual**, 1992 1970 issued in 2 vols. v 1 General reference: social sciences, history, economics, business. v 2 Fine arts, humanities, science, and engineering. *Best Reference Books, 1986-1990* G. Kim Dority, Bohdan S. Wynar, 1992 Aiming to be useful for identifying gaps in core reference collections for filling out a particular subject area, for determining what to weed out and what to keep, and for checking for new editions and related materials, this bibliography should be a handy reference for all information professionals seeking to build up a quality reference collection. Approximately 1,000 entries have been culled from the more than 8,500 entries appearing in ARBA 1987-1991, covering reference titles with imprints of 1986-1990. Titles have been chosen on the basis of their usefulness to practising librarians. The lengthy reviews have been updated, and in some instances completely rewritten, to reflect new editions, with expanded coverage, additional citations, to published reviews, and price changes.
