The Christ Based Teachings:

The Teachings of Jesus Christ Episcopal Church. Diocese of New York. Sunday School Commission, 1904 Expository Systematic Teachings of Christ According to Saint Mark Raphael Alade Adeniyi, 2022-06-14 This is a book that transcends me It meets spiritual needs of everyone who believes in the authority of the Scriptures in all matters of life The book is inspired and the lessons are done under the influence of the Holy Spirit *The Christ-based Teachings* Donald Curtis, 1976 The Outrageous Idea of Christian Teaching Perry Glanzer, Nathan Alleman, 2019-07-29 Hundreds of thousands of professors claim Christian as their primary identity and teaching as their primary vocational responsibility Yet in the contemporary university the intersection of these two identities often is a source of fear misunderstanding and moral confusion How does being a Christian change one's teaching Indeed should it Inspired by George Marsden's 1997 book *The Outrageous Idea of Christian Scholarship* this book draws on a survey of more than 2 300 Christian professors from 48 different institutions in North America to reveal a wide range of thinking about faith informed teaching Placing these empirical findings alongside the wider scholarly conversation about the role of identity informed teaching Perry L Glanzer and Nathan F Alleman argue that their Christian identity can and should inform professors teaching in the contemporary pluralistic university The authors provide a nuanced alternative to those who advocate for restraining the influence of one's extra professional identity and those who in the name of authenticity promote the full integration of one's primary identity into the classroom The book charts new ground regarding how professors think about Christian teaching specifically as well as how they should approach identity informed teaching more generally *Reflections of the Christ Mind* Paul Ferrini, 2000-07-25 For Paul Ferrini there was a time when the very thought of Jesus left him cold Instead of embodying the truth of Jesus teaching Christianity seemed to harbor the fearful thoughts and actions of people who were more committed to self interest than to unconditional love So when Ferrini felt Jesus voice inside him saying I want you to acknowledge me he resisted In time however he came to realize that it was not Jesus he was rejecting but the untruths that had become attached to Christian teaching Responding to the inner voice did not mean merely acknowledging Jesus as some great teacher who lived in the past but also meant that he was opening himself up to a living presence within his own awareness Once Ferrini reached this reconciliation powerful words of spiritual truth began to flow through him *Reflections of the Christ Mind* presents the most important teachings the author has received through his spiritual awakening Here at last is a gospel devoted solely to Jesus teachings of love healing and forgiveness The teacher readers meet in these pages is both compassionate and open minded he is the Jesus Christians know in their hearts Repudiating religious hypocrisy intolerance and spiritual pride Ferrini rejects the dogmatic position of the Church offering instead words of hope and healing that form the new gospel for today **Resurrection Aerobics the Christian Based Sex Aerobics , Teaching in the Life of the Church** Darin R. Clements, 2025-04-28 I chose to publish my dissertation for two reasons First though quite narrow in scope as good qualitative research should be this research

makes a modest contribution to the growing scholarship on Christianity in Cambodia Second this research makes an empirical contribution to the field of nonformal Christian Education from an Asian context in which Christians are a tiny minority As my literature review indicates the field of nonformal CE is dominated by a North American point of view which ironically is facing a general breakdown of historical CE institutions like Sunday school While much of the literature is useful in the Majority World it does not take into account the education levels educational contexts and social dynamics of places like Cambodia For example the findings from my cases indicate that nonformal CE in Cambodia has more in common with the Sunday school movement in the 19th century than with the functions organizational structures and teaching approaches discussed in current literature As I have presented these ideas in class feedback from students has consistently confirmed that my findings resonate with contexts across Asia Pacific

The Creeds of Modern Christianity versus the Teachings of the Holy Bible James Earl Kemper,2021-10-20 When it comes to religion this book is a comparison between what most Christian creeds state and what the Bible King James Version teaches about God Jesus Christ and many of the topics that most people have questions about The author asks many thought provoking questions the very questions that he sought answers to but found so much conflict in Christianity Do you have unanswered questions Are the answers important to you Have you personally read the Bible to see what it actually says Do you believe the Bible Or do you accept only what men ministers say Each topic is taken independently and there are questions asked answers suggested and conclusions drawn The reader is challenged to read this and find their own answers through prayer and personal study Are you up to a challenge
