Pyramid Quest Robert M. Schoch,Robert Aquinas McNally,2005-06-02 The Egyptologist acclaimed for re dating the Great Sphinx at Giza sets his sights on one of the true mysteries of antiquity the Great Pyramid of Giza What is the Great Pyramid of Giza Ask that basic question of a traditional Egyptologist and you get the basic traditional answer a fancy tombstone for a self important pharaoh of the Old Kingdom This Egyptologists argue is the sole finding based on the data and the only deduction supported by science By implication anyone who dissents from this point of view is unscientific and woolly minded a believer in magic

and ghosts Indeed some of the unconventional ideas about the Great Pyramid do have a spectacularly fabulous ring to them Yet from beneath the obvious terms of this controversy a deeper more significant question arises how is it that the Great Pyramid exercises such a gripping hold on the human psyche adding cryptic grace to the back of the one dollar bill and framing myriad claims of New Age pyramid power In Pyramid Quest Robert M Schoch and Robert Aquinas McNally use the rigorous intellectual analysis of scientific inquiry to investigate what we know about the Great Pyramid and develop a stunning hypothesis This ancient monument is the strongest proof yet that civilization began thousands of years earlier than is generally thought extending far back into a little known time In tracing that story we come to understand not only the Great Pyramid but also our own origins as civilized beings The Giza Death Star Destroyed Joseph P. Farrell,2005 Final volume in a trilogy the first of which is the author s The Giza death star and the second of which is his The Giza death star deployed

Power Crystals John DeSalvo,2012-03-26 An exploration of the scientific historical and paranormal qualities of quartz crystals and ancient crystal skulls Explores the use of crystals throughout history including their role in Atlantis and in alien technology Offers step by step instructions to successfully use crystals in scrying meditation and Enochian magic Includes never before published scientific findings on the author s crystal skull as well as other crystal skulls researched at the British Museum Explains how the Space Time Crystal Matrix connects the physical world with the spiritual and may be the communication technology of the future Known for his in depth scientific work on the Shroud of Turin and the Great Pyramid of Giza John DeSalvo Ph D now sets his sights on quartz crystals and their mystical counterpart crystal skulls Exploring the use of crystals from Mesopotamia and ancient Egypt to present day technology including their use in ritual and ceremonial magic and their importance in ancient religious literature he examines the many physical and chemical properties of quartz crystals and explains how their crystalline lattice structure is the key to their amazing abilities both scientific and paranormal Reviewing the many paranormal claims about crystal skulls DeSalvo reveals the scientific findings on his own ancient crystal skull as well as research by the British Museum on other famous crystal skulls His investigation also extends to the recent discovery in Tibet of a trove of Dropa discs grooved stones allegedly recording an ancient alien visit to Earth Highlighting the use of quartz crystals and crystal skulls for psychic and spiritual purposes DeSalvo offers step by step instructions for their use in scrying meditation and Enochian magic including communication with angels Reviewing accounts of power crystals in Atlantis and their use in alien technology he explains how crystals connect the physical world with the spiritual via a powerful communication network linking all crystals and their memories the Space Time Crystal Matrix a spiritual technology lost to the ages but which may become the communication system of the future

Parallel Universes Nicolae Sirius,2020-12-31 Among the unsolved mysteries on Earth there is the building of the Great Pyramid Decoding its role and context has always been a big debate among scholars of different disciplines Such an elaborate monument according to tradition was built by simple people Nonetheless with no other means but copper chisels and hammers these simple people

were able to quarry millions of blocks of rock up to 70 tons in weight and transport them for hundred of kilometers to be lifted for the desired design with a maximum degree of accuracy That s where the debate starts The method of building the pyramid of Khufu remained unrecorded Similarly many other ancient cultures left behind works which prove to have been realized by making use of advanced technology What happened to that technology is a big question The author develops a deep analysis based upon measurements and mathematics giving us the possibility to recollect modern data comparing current knowledge to something that seems to be very accurate and more scientific than official archaeology has lead us to believe This work however is not about my beliefs Nor is it just a metaphorical narrative about the existence of an entity with knowledge infinitely more sophisticated than human endeavour The evidence presented proves to be the work of a very developed culture In other words this work is not about what is perceived or described in modern times as belief but rather concrete evidence of subtle knowledge mastered by beings who as it turns out visited us Nicolae Siriu was born in 1950 in Lupan Romania He has been a published poet since 1968 but in 1986 he wanted his career to grow and defected from Romania moving to Australia After leaving Australia he has lived in Germany and Austria before settling in Japan in 1997 He has published in Romanian and English and his works have been performed in English Some of his plays are The Last Dictator Abel and God and Gregor s nightmare *Gateway of the Gods* Craig Hines,2007-01-09 This ground breaking and provocative book presents new and astonishing interpretations of ancient history mythology and world religions that will call many established beliefs into question In *Gateway of the Gods* author Craig Hines invites readers to reconsider preconceived notions concerning Biblical theology in light of recent scientific discoveries and inquiries concerning the nature of the universe This fascinating exploration reveals a number of ideas that have been suppressed and obscured behind layers of symbolism and misguided propaganda for thousands of years until now Why is it that so many world cultures share details of an event when fallen angels descended upon the earth and fathered hybrid offspring called the Nephilim Is it possible that these beings used gateway technology housed within pyramids and holy temples to travel between the heavenly and earthly realms Do the latest advances in theoretical physics lend credibility to the idea that otherworldly beings might reside in dimensions parallel to our own Do the recorded voices of the dead known as Electronic Voice Phenomena EVP indicate that we may be able to communicate with these other realms Was a secret message embedded within ancient texts that could only be revealed after we have attained the knowledge and technology necessary to understand it Does this message offer a solution to the approaching environmental disaster that scientists warn will be more devastating to human civilization than any others in recorded history Drawing from a variety of historical sources and years of meticulous research the author weaves together a compelling argument involving a range of seemingly disparate topics that when considered together formulate a radically new narrative concerning the history and destiny of the human race **El Misterio de la Pirámide de Keops** Robert M. Schoch,Robert Aquinas McNally,2008-02-13 En el año 1993 apareció en escena una de las teorías más

desequilibrantes de la egiptología académica. Basándose en la erosión de la piedra caliza en la que fue tallada la Esfinge de Gizeh, un prestigioso geólogo perteneciente a la Universidad de Boston fijó la datación de dicha escultura en al menos 3 000 años más antigua de lo que se había pensado hasta la fecha, llegando a la conclusión de que fue construida por una cultura prefroniceña cuyo legado fue reabsorbido posteriormente por la civilización de la poca dinástica que todos conocemos. Robert Schoch, el autor de esta sugerente teoría que fue noticia en todos los medios de comunicación del mundo, lleva a cabo en este libro un apasionante estudio sobre la Gran Pirámide. Utiliza el riguroso análisis de la investigación científica para determinar qué sabemos sobre la Gran Pirámide y desarrolla una hipótesis sensacional: este antiguo monumento es la prueba más contundente de que la civilización comenzó mucho antes de lo que generalmente se piensa, adentrándose en un tiempo desconocido casi olvidado.

HOW AND WHY WE CAME FROM PLANET MARS TO PLANET EARTH Philip Omoniyi Adetiloye, PhD, 2024-02-27

Science, religion and mysticism offer different views on human origin, human purpose of existence and the future trajectory of human civilization. Science theories regard these quests as products of chance permutations. Religion and mysticism claim, on the other hand, that human origin, human purpose of existence and the future trajectory of human civilization had been predetermined by a supreme intelligence that would lead humankind to perfection and the attainment of holiness and heaven. Professor Philip Omoniyi Adetiloye's eureka experience and mental illumination during his doctoral research in the late seventies enabled him to discover the links among science, religion and mysticism, which he has fully exposed in his ingenious books. After decades of more advanced research, he now offers his insightful revelations and new scientific theories on the origin, purpose and possible future trajectory of humankind. His findings offer the long sought paradigm shift that revealed the missing link between science and the spiritual. His insight has earned him various international recognitions as one of the foremost scientists of the twenty-first century and a living legend. His new science theories combine the thinking of the best human minds ever in science, religion and philosophy. This book, *How and Why We Came from Planet Mars to Planet Earth*, is one of his insightful revelations. This is the third of the publication series by the Foundation for Advancement of Culture and Science.

From Light Into Darkness Stephen S. Mehler, 2005

Presents a new interpretation of how religion evolved in ancient Egypt, linking the teachings of Akhenaten and his connection to the Exodus to the real Moses and Judaism and to the Rosicrucians.
