The Continuum Concept In Search Of Lost Happiness:

The Continuum Concept Jean Liedloff, 1995 **The Continuum Concept** Jean Liedloff, 1975 The Case Against Adolescence Robert Epstein, 2007 This groundbreaking book argues that adolescence is an unnecessary period of life that people are better off without Robert Epstein former editor in chief of Psychology Today shows that teen turmoil is caused by outmoded systems put into place a century ago which destroyed the continuum between childhood and adulthood Where this continuum still exists in other countries there is no adolescence Isolated from adults American teens learn everything they know from their media dominated peers the last people on earth they should be learning from says Epstein Epstein explains that our teens are highly capable in some ways more capable than adults and argues strongly against infantilizing young people We must rediscover the adult in every teen he says by giving young people adult authority and responsibility as soon as they can demonstrate readiness This landmark book will change the thinking about teens for decades to come **The Natural Child** Jan Hunt, 2001-12-01 Discover an age old parenting method that treats children with dignity respect understanding and compassion from infancy into adulthood The Natural Child makes a compelling case for a return to attachment parenting a child rearing approach that has come naturally for parents throughout most of human history In this insightful guide parenting specialist Jan Hunt links together attachment parenting principles with child advocacy and homeschooling philosophies offering a consistent approach to raising a loving trusting and confident child The Natural Child dispels the myths of tough love building baby's self reliance by ignoring its cries and the necessity of spanking to enforce discipline Instead the book explains the value of extended breast feeding family co sleeping and minimal child parent separation Homeschooling like attachment parenting nurtures feelings of self worth confidence and trust The author draws on respected leaders of the homeschool movement such as John Taylor Gatto and John Holt guiding the reader through homeschool approaches that support attachment parenting principles Being an ally to children is spontaneous for caring adults but intervening on behalf of a child can be awkward and surrounded by social taboo The Natural Child shows how to stand up for a child's rights effectively and sensitively in many difficult situations The role of caring adults points out Hunt is not to give children lessons in life but to employ a variation of The Golden Rule and treat children as we would like to have been treated in childhood Praise for The Natural Child I had grown jaded with the flood of parenting books but The Natural Child is a rare and splendid exception I can't praise it sufficiently and would place it along with Liedloff's Continuum Concept and my own Magical Child It could make an enormous difference if read widely enough Joseph Chilton Pierce author of The Magical Child In prose that is at the same time eloquent and simple Hunt provides a mix of useful parenting tips that are supported by the philosophy that children reflect the treatment they receive This is no less than an impassioned plea for the future not only our children's future but the future of our way of life on this planet Wendy Priesnitz Editor Natural Life Magazine Teen 2.0 Robert Epstein, 2010-02-24 National Indie Excellence Awards first prize in the Parenting and Family

category Arguing that adolescence is an unnecessary period of life that people are better off without this groundbreaking study shows that teen confusion and hardships are caused by outmoded systems that were designed to destroy the continuum between childhood and adulthood Documenting how teens are isolated from adults and are forced to look to their media dominated peers for knowledge this discussion contends that by infantilizing young people society does irrevocable harm to their development and well being Instead parents teachers employers and others must rediscover the adults in young people by giving them authority and responsibility as soon as they exhibit readiness Teens are highly capable in some ways more than adults and this landmark discussion offers paths for reaching and enhancing the competence in America s youth

The Top Books of the Year The Continuum Concept In Search Of Lost Happiness The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
