The Contrary View Glimpses Of Fudge And Gold:

The Contrary View: Glimpses of Fudge and Gold Geoffrey Grigson, 2013-12-31 **The Contrary View** Geoffrey Grigson, 1974 **"My Rebellious and Imperfect Eye"**, 2021-10-18 My Rebellious and Imperfect Eye Observing Geoffrey Grigson acknowledges and celebrates Geoffrey Grigson 1905 1985 as an all round man as a distinctive lyrical poet as the exact observer of nature and of men in the past and in the present as a pioneering literary critic and art critic as an unrivalled anthologist as a ground breaking editor as a broadcaster as a botanist the list could be extended In an unsurpassed number of diverse areas of artistic and natural culture Grigson passionately communicated all he experienced and felt to as wide an audience as possible Therefore as the centenary of his birth comes in view it seems singularly appropriate to celebrate Geoffrey Grigson s unique contribution to the twentieth century cultural scene In a writing career spanning nearly sixty years he was unmatched by any of his contemporaries for a range which reaches from the edges of journalism into and beyond the academic world In prose and verse the nineteen contributors to this volume amongst them some of the most distinguished names in contemporary English letters would hardly claim to have covered every aspect of Grigson s genius but they do manage to touch upon most of the territory he illuminated The volume contains a full bibliography of Grigson s work and a number of his drawings THE CONTRARY VIEW. GLIMPSES OF FUDGE AND GOLD. BY GEOFFREY GRIGSON. Geoffrey Grigson, 1974 The Tenth Muse Cary H. Plotkin, 1989 With authority and sensitivity Plotkin traces the close relationship between Hopkins s poetry and the theories of language suggested in his Journals and expounded by Victorian philologists such as Max M ller and George Marsh Plotkin seeks to determine what changed Hopkins s perception of language between the writing of such early poems as *The Habit of Perfection* and *Nondum* 1866 and his creation of *The Wreck of the Deutschland* 1875 76 Did the language of the ode and of Hopkins s mature poetry generally arise as spontaneously as it appears to have done or does it have a traceable genesis in the ways in which language as a whole was conceived and studied in mid century England In answer Plotkin fixes the development of Hopkins s singular poetic language in the philological context of his time If one is to understand Hopkins s writings and poetic language in the context in which they developed rather than in the terms of a present day theory of history or textuality then that movement in all of its complexity must be considered Hopkins translates into the language of poetry patterns and categories common to Victorian language study **Varieties of History and Their Porous Frontiers** Roger C. Richardson, 2021-06-28 Properly understood social history local history and historiography are closely interconnected and benefit from the dialectical relationships which help bind them together The actual topics and individual chapters gathered together in this book are chronologically wide ranging but are demonstrably linked by methodological common denominators and common threads in their northern and southern settings All the essays are squarely based on new research and all reach outwards as well as inwards All are problem solving and all display a vigorous methodology at work Some re visit well known historians and
