The Economics Of German Unification An Introduction

Miroslav N. Jovanović

The Economics Of German Unification An Introduction:

The Economics of German Unification Thomas Lange, Geoff Pugh, 1998 The Economics of German Unification analyses the economic process of assimilating eastern Germany into the institutions and performance levels of western Germany It includes original research as well as providing an overview of existing literature [The Economics of German Unification](#) A. Ghanie Ghaussy, Wolf Schäfer, 1993-02-25 German unification is proving much more difficult than was originally envisaged The integration of two national economies with different economic orders different sectoral structures and divergent levels of development seems set to take a long time This timely examination of the major issues involved emphasises the impact of unification on diffe

The Economics of Globalization Assaf Razin, Efraim Sadka, 1999-04-13 The growing economic openness expressed in the globalization of independent economic systems has created problems as well as opportunities that cross formal borders in unexpected ways Professors Assaf Razin and Efraim Sadka explore the ramifications of globalization in selected public finance issue areas Seven main topics are covered by the sixteen papers in the volume the international mobility of technology capital flows and exchange rate misalignments tax incentives and patterns of capital flows income redistribution and social insurance in federal systems tax harmonization and coordination political economy aspects of international tax competition the migration of skilled and unskilled labour and the fiscal aspects of monetary unification

Book Review of Lange, Thomas ... The Economics of German Unification : an Introduction Cheltenham, Elgar, 1998 Birgit Sander, 1998 **The Oxford Handbook of German Politics** Klaus Larres, Holger Moroff, Ruth Wittlinger, 2022-07-18 Few countries have caused or experienced more calamities in the 20th century than Germany The country emerged from the Cold War as a newly united and sovereign state eventually becoming Europe's indispensable partner for all major domestic and foreign policy initiatives This handbook provides a comprehensive overview of some of the major issues of German domestic politics economics foreign policy and culture by leading experts in their respective fields This book serves primarily as a reference work on Germany for scholars and an interested public but through this broader lens it also provides a magnifying glass of global developments which are challenging and transforming the modern state The growing importance of Germany as a political actor and economic partner makes this endeavor all the more timely and pertinent from a German European and global perspective

Economic Consequences of German Reunification Gerhard Pohl, 1991 Did the big bang approach work or would gradual change have been more appropriate Which measures have worked and which have not

[An Introduction to International Macroeconomics](#) Graham Bird, 2017-09-16 The main purpose of this book is to show the relevance of international macroeconomics to understanding the world economy It provides a succinct summary of open economy macroeconomics from a theoretical perspective and analyzes policy covering the balance of payments exchange rates capital flows and the co ordination of macroeconomic policy *Economic Efficiency and Political Constraints - The Dilemma of Privatization in Eastern Germany* Patrick Avato, 2005-05-24 Seminar paper from the year 2005 in the subject

Business economics Economic Policy grade A Johns Hopkins University School of Advanced International Studies SAIS course West European Political Economies language English abstract Firstly as typical for a centrally planned socialist economy the great majority of productive capacity belonged to the state Large state owned enterprises Volkseigene Betriebe often grouped into huge industrial conglomerates Kombinate made up 80 7 percent of total assets Cooperative property accounted for another 14 7 percent in March 1990 Private property merely amounted to 4 7 percent of economic resources and was confined to small scale businesses restaurants and craft shops Employment was consequently almost entirely in the hand of the state leaving only about 2 percent of the workforce independently employed Merkl 1994 p 200 Also the structure of the GDR economy differed largely from its western counterpart Employment was heavily concentrated in sectors and branches that had actually been declining in the West The production was skewed towards agriculture energy mining and manufacturing which together accounted for 47 percent of employment in the GDR 37 percent in the BRD Lange and Pugh 1998 p 32 As shown in table 1 agriculture forestry and fishery energy and mining as well as textiles and clothing employed almost 18 percent of the GDR s workforce in contrast to 7 percent in West Germany Further differences appeared in the service and trade sector which by Western standards was rather underdeveloped in the GDR

The Economics of European Integration Miroslav N. Jovanovi_,2013-01-01 Acclaim for the first edition The book is essential for students in European studies international economics and business or international relations at both graduate and postgraduate level Ricardo Pinheiro Alves The Times Higher Education Supplement Thoroughly revised and updated the second edition of this highly acclaimed textbook will be required reading for graduate and undergraduate students on a wide range of courses including European economics economic policy European integration European studies and international relations Exploring the EU at an important turning point and during uncertain and turbulent times the text will also prove an invaluable reference tool for academics and policy makers concerned with any facet of European integration Comprehensive and accessible this far reaching text provides in depth state of the art analysis of the origins achievements and prospects of principal EU economic policies covers all EU member countries as well as candidate countries sets scenarios for future EU policy and organisational evolution prescribes possible paths and directions for the EU not only for economic policies but also for organisational structure features supplementary data via a companion website Topics explored in detail include EU budget competition policy Common Agricultural Policy fiscal integration monetary integration industrial policy in manufacturing and services trade policy and international economic cooperation regional policy social policy mobility of labour energy policy transport policy environment policy and enlargement

The Economics of International Integration, Second Edition Miroslav N. Jovanović,2015-05-29 The dissipating multilateral trading system and splintering in a number of trading blocs and arrangements has been one of the most important issues in international economics particularly after the establishment of the World Trade Organisation in 1995

Labour Economics Bernd Fitzenberger,Werner Smolny,Peter Winker,2016-11-21

No detailed description available for Labour Economics **The German Economy** E. Owen-Smith,2012-10-12 Germany is clearly the dominant economic force in Europe It occupies the pivotal position of being at the centre of both the EC and of attempts to rebuild the economies of East Central Europe The German Economy traces the various aspects of German policy and growth concentrating in particular on the last two decades These include the German economy in perspective the regional dimension fiscal policy monetary policy social policy the labour market banking and finance industry trade and economic policy In *The German Economy* Eric Owen Smith has produced the only comprehensive account of the contemporary German economy currently available in English **The Economics of International Integration** Miroslav N. Jovanović,2007-01-01 International economic integration has played a significant part in economic policy decisions for most countries and regions throughout the world over decades This text looks at why the success of integration schemes has been so variable and what the prospects are for integration in the future **German Democracy** Gert-Joachim Glaessner,2005-08-01 When the former allies of World War II divided Germany into two provisional states no one would have predicted that this would last for nearly half a century Nor could anyone have predicted that sixty years later Germany would have shaken off its Nazi past so thoroughly as to emerge as a key player in Western politics Gert Joachim Glaessner explains this historic transformation and provides an in depth introduction to the German political system its foundations and developments since 1949 Themes covered include the development of the FDR and GDR during the Cold War the politics of Westernization the controversies of West Germany's role in NATO and European integration The author also examines parliamentary institutions the role of the German Chancellor party structure and organized interest groups The book includes reference material from key documents such as the German Constitution Demonstrating how Germany went from political pariah to a model of modern liberal democracy Glaessner offers a concise overview of the German political system in the post war period **Secondary Schools in Eastern Germany** Stephanie Wilde,2003 *Institutional Economics in France and Germany* Agnes Labrousse,Jean-Daniel Weisz,2013-04-17 German Ordoliberalism and French Regulation theory two institutionalist theories born in different national contexts show striking convergences and complementarities Based on an original comparison *Institutional Economics in France and Germany* analyses the basic concepts the development and the present relevance of both schools the way they deal with the crucial methodological issue of complexity and with transformation in post socialist Europe It underlines the specificity and fruitfulness of these European approaches to institutional economics often unfortunately ignored in the English language literature Written by leading scholars this book is a clear presentation of both theories with numerous illustrations and in depth analysis of recent research developments This theoretical methodological and thematic comparison raises central issues in the growing field of socioeconomic and institutionalist theory **Macroeconomic Modelling And Monetary And Exchange Rate Regimes** Paul R Masson,2019-07-23 This book presents articles that focus on the inter related issues of choice of exchange rate and monetary

policy regimes and others that use a global macroeconomic model developed by the author and collaborators to quantify the effects of the baby boom on global imbalances costs of disinflation and the effects of German unification The book presents new analysis of the euro zone experience and its applicability to other monetary unions as well as a discussion of the prerequisites for successful inflation targeting It is grounded in real world data readily accessible to non specialists and addresses important economic policy issues **Economic Transition in Hungary and East Germany J.**

Stephan,1999-02-08 What factors determine the success of economic transition development and growth Examining the contrast between East German shock therapy and Hungary s gradualism the book generates a set of generalisable conditions for economic development which imply some degree of state intervention and strategy A stability oriented incomes policy and a carefully managed integration strategy can enable sustainable export surpluses a competitive currency and macroeconomic stability whilst providing sufficient room for economic restructuring structural transformation and technological catch up The dangers of premature integration are examined **The Effects of Greater Economic Integration Within the European**

Community on the United States United States International Trade Commission,1991 **The Routledge Handbook of German Politics & Culture** Sarah Colvin,2014-11-27 The Routledge Handbook of German Politics and Culture offers a wide ranging and authoritative account of Germany in the 21st century It gathers the expertise of internationally leading scholars of German culture politics and society to explore and explain historical pathways to contemporary Germany the current Berlin Republic society and diversity Germany and Europe Germany and the world This is an essential resource for students researchers and all those looking to understand contemporary German politics and culture
