*The Ecumenical Revolution; an Interpretation of the Catholic-Protestant Dialogue* Robert McAfee Brown, 1969 **The Ecumenical Revolution** Robert McAfee Brown, 1967 *The Ecumenical Revolution* Robert MacAfee Brown, 1969 **The Ecumenical Revolution** Robert McAfee Brown, 1967 **Protestant-Catholic Relations in America** Lerond Curry, 2014-07-15 The first general survey of relations between Protestants and Catholics in America during the past half century will be welcomed not only by social historians but by clergymen and laymen interested in the development of constructive interfaith relations Lerond Curry has traced the major trends in this fifty year period and analyzed the underlying factors that influenced them Much of his account is based on correspondence and personal interviews with people who took part in the events and movements he describes The rapid growth of Catholic population just before World War I along with increasing urbanization and tensions related to the war itself produced a period of intense religious conflict often expressed in violence After the campaign of 1928 religious leaders made earnest efforts to ameliorate these conflicts but with the appointment of a United States representative to the Vatican in 1939 hostilities again arose Nevertheless Curry finds that in the middle fifties more mature interfaith relationships began to appear and after Vatican Council II Protestant Catholic dialogue developed a new depth *The 'Lviv Sobor' of 1946 and Its Aftermath*, 2022-12-28 In 1946 the Lviv Sobor voted to liquidate the Ukrainian Greco Catholic Church The Moscow Patriarchate considers it a triumph of Orthodoxy while the Catholic Church condemns it as an illegitimate council convened by Soviet authorities What is the truth This volume presents the contexts of the Lviv Sobor its aftermath and reception from various perspectives Although there is no common narrative scholars have concluded that the decisions of the Lviv Sobor were coerced by Soviet authorities the Russian Orthodox Church was forced to collaborate and that reconciliation depends on acknowledging these facts in order to move toward reconciliation **Yves Congar's Vision of the Church in a World of Unbelief** Gabriel Flynn, 2017-03-02 Yves Congar 1904 1995 was one of the chief architects of a remarkable renewal in Roman Catholic ecclesiology in the twentieth century His vision for ecclesial renewal led to a profound transformation of the Roman Catholic Church its relationship with other churches and the world This book considers the contribution made by Congar to that transformation Situating Congar s ecclesiology in the context of his whole theology the book presents for the first time a comprehensive study of two related aspects of Congar s thought unbelief and the notion of total ecclesiology Dr Flynn shows how unbelief provides the common inspiration for Congar s thought on the Church and constitutes the *raison d'être* for his entire programme of ecclesial reform at the Second Vatican Council This study demonstrates how Congar s total ecclesiology contributes to the restoration of unity and helps to redress unbelief Congar s vision for the future and his programme for ecclesial renewal centering on a church committed both to the preservation of its heritage and an openness to true reform is shown to be still pertinent to the churches in the third millennium a point accented by Pierre Marie Gy OP in his Preface to the work **Plural Identities -**

**Singular Narratives** Máiréad Nic Craith, 2002-02-01 Northern Ireland is frequently characterized in terms of a two traditions paradigm representing the conflict as being between two discrete cultures Proceeding from an analysis of the historical and religious context this study demonstrates the reductionist nature of the two traditions model highlighting instead the complexity of ethnic identities and cultural traditions It thus shows why attempts at reconciliation like the Good Friday Agreement of 1998 which seeks to promote the concept of a parity of esteem based on this identity model are fraught with difficulties Reflecting on the applicability of the concept of multiculturalism in the context of Northern Ireland the author proposes a re conceptualisation of Northern Irish culture along lines that steer clear of binary oppositions From the Contents Webs of Significance Dis membering the Past Divided by Common Cosmologies A Discourse in Difference The Process if Cruthinitude Un Unclaimed Tradition Ethnic Nationality The Fuzzy Frontier The Common Ground *Vatican II* Melissa J. Wilde, 2007 Part I Explaining the Council 1 Collective effervescence and the Holy Spirit the eventful first session 2 Who wanted what and why at the Second Vatican Council toward a theory of religious change 3 How culture mattered at Vatican II collegiality trumps authority in the councils s social movement organizations Part II Case Studies 4 The declaration on religious freedom ceding power gaining legitimacy 5 The Blessed Virgin Mary the toughest fight of the council 6 The council s failure to liberalize birth control lackluster progressive effort meets a hesitant pope **The Christian Church** Hans Schwarz, 2007-04-01 With thoroughness and clarity Hans Schwarz presents a historical and systematic understanding of the church its worship and piety its traditions and doctrines its forms and structures This skilled assessment outlines the impact of the church today and analyzes its prospects for the future **Ecumenical Directions in the United States** **Today: Churches on a Theological Journey** Antonios Kireopoulos, Juliana Mecera, 2014-05-14 Proceedings of a conference held in July 2007 at Oberlin College *Catholic Social Teaching and Theologies of Peace in Northern Ireland* Maria Power, 2020-07-07 This book investigates the response of the Catholic Church in Northern Ireland to the conflict in the region during the late Twentieth Century It does so through the prism of the writings of Cardinal Cahal Daly 1917 2009 the only member of the hierarchy to serve as a bishop throughout the entire conflict This book uses the prolific writings of Cardinal Daly to create a vision of the Peaceable Kingdom and demonstrate how Catholic social teaching has been used to promote peace justice and nonviolence It also explores the public role of the Catholic Church in situations of violence and conflict as well as the importance for national churches in developing a voice in the public square Finally the book offers a reflection on the role of Catholic social teaching in contemporary society and the ways in which the lessons of Northern Ireland can be utilised in a world where structural violence as evidenced by austerity and reactions to Brexit in the United Kingdom is now the norm This work challenges and changes the nature of the debate surrounding the role of the Catholic Church in the conflict in Northern Ireland It will therefore be a key resource for scholars of Religious Studies Catholic Theology Religion and Violence Peace Studies and Twentieth Century History *The Axioms of Religion* Edgar Young Mullins, 2010 Most

observers consider E Y Mullins president of Southern Baptist Theological Seminary from 1899 to 1928 to be the most influential Southern Baptist theologian and denominational leader of the twentieth century This title sets a fresh standard in Mullins study and in the study of Baptist history by restoring Mullins to his rightful place **The American Churches in the Ecumenical Movement, 1900-1968** Samuel McCrea Cavert, 1968 Freedom and Existence Matthew Aaron Tennant, 2023-08-07 Is theology a dead corpse or living organism For Uruguayan Jesuit Juan Luis Segundo 1925 1996 theology is dynamic Freedom and existence for central themes Segundo believed that theology should be transformative in human lives For a theology to be transformative there must be a connection to existence That is it must be existential Yet most scholars have overlooked this assumption in critical analyses of liberation theology This prima facie connection to existence is distinguishable from existentialism as a school of philosophy By showing the significant existential dimension to Segundo s theology assessing his work and contribution to twentieth century theology relates to freedom ecumenism the role of faith in society and the relationship between faith and ideologies **The Church in History** John E. Booty, 2003-01-03 An exploration of church history with a focus on the Anglican Episcopal Church *Missions and Unity* Norman E. Thomas, 2010-11-01 This study is the first comprehensive history of the impact of the modern missionary movement on the understanding of and work toward Christian unity It tells stories from all branches of the church Roman Catholic Orthodox and Protestant in its many types conciliar evangelical Pentecostal and independent Part 1 Historical highlights the contribution of modern missions to Christian unity from William Carey and his antecedents and peers to present day missions Part 2 Ten Models of Unity takes an inductive approach to history asking not how should Christians cooperate but how has the missionary movement helped Christians to work together at the local national regional and global level Part 3 Wider Ecumenism broadens the evidence to include how the missions movement has helped not only institutional churches but also broader society to have concern for the unity of the entire human family Included here is the story of how the Protestant missionary movement influenced the forming of the United Nations as well as the drafting of the Universal Declaration of Human Rights The study also covers the movement s impact on Christian attitudes toward and relations with persons of other faiths Mission and Unity is the standard reference work in the field for persons studying modern history modern church history missions and ecumenics Hopeful Realism Douglas F. Ottati, 2009-09-01 For those in the church and alongside it who remain dissatisfied with simplistic language and shallow spirituality Hopeful Realism reclaims the poetry of theology while skillfully addressing the religious and social concerns of the Christian faith *V. Y. Mudimbe* Pierre-Philippe Fraiture, 2013 This study charts the intellectual history of the seminal Congolese philosopher epistemologist and philologist V Y Mudimbe from the late 1960s to the present day exploring his major essays and novels It highlights Mudimbe s trajectory through major debates on African nationalism Panafricanism neo colonialism negritude pedagogy Christianisation decolonisation anthropology postcolonial representations and a variety of other subjects using these as contexts for close

readings of many of Mudimbe's texts both influential and lesser known      **T&T Clark Handbook of African American Theology**, 2019-07-25 This handbook explores the central theme of Christian faith from various disciplinary approaches and different contexts of black experience in the United States. The central unifying theme is freedom, an important concept both in American culture and Christianity. African American theology represents a Christian understanding of God's freedom and the good news of God's call for all humankind to enter life, true human identity and moral responsibility in genuine and just community. Contributors to the volume argue that African American theology highlights how racism and other intersecting forms of oppression complicate the human predicament and that their eradication requires an expansion of salvation to include the liberation of persons who lack full participation in society and enjoyment of the good and goods made possible by that society. The essays in this handbook employ the tools of biblical criticism, history, cultural and social analysis, religious studies, philosophy and systematic theology in order to explore and assess the nature and impact of race, ethnicity, gender, sexuality, class, immigration and cultural and moral pluralism in America as well as the intersections between African American and African diasporan religious thought and life.
