Hernando closely examines one of the most famous of these vigilante groups the Bald Knobbers Hernando sifts through the folklore and myth surrounding the Bald Knobbers to produce an authentic history of the rise and fall of Missouri s most famous vigilantes He details the differences between the modernizing Bald Knobbers of Taney County and the anti progressive Bald Knobbers of Christian County while also stressing the importance of Civil War era violence with respect to the foundation of these vigilante groups Despite being one of America s largest and most famous vigilante groups during the nineteenth century the Bald Knobbers have not previously been examined in depth Hernando s exhaustive research which includes a plethora of state and federal court records newspaper articles and firsthand accounts remedies that lack This account of the Bald Knobbers is vital to anyone not wanting to miss out on a major part of Missouri s history [The Four Pillars of Politics](#) James T. Inks ,1996 **The Art of Ill Will** Donald Dewey,2008-10 Featuring over 200 illustrations this book tells the story of American political cartoons From the colonial period to contemporary cartoonists like Pat Oliphant and Jimmy Margulies this title highlights these artists uncanny ability to encapsulate the essence of a situation and to steer the public mood with a single drawing

Drawn to Extremes Chris Lamb,2004 In 2006 a cartoon in a Danish newspaper depicted the Prophet Mohammed wearing a bomb in his turban The cartoon created an international incident with offended Muslims attacking Danish embassies and threatening the life of the cartoonist Editorial cartoons have been called the most extreme form of criticism society will allow but not all cartoons are tolerated Unrestricted by journalistic standards of objectivity editorial cartoonists wield ire and irony to reveal the naked truths about presidents celebrities business leaders and other public figures Indeed since the founding of the republic cartoonists have made important contributions to and offered critical commentary on our society Today however many syndicated cartoons are relatively generic and gag related reflecting a weakening of the newspaper industry s traditional watchdog function Chris Lamb offers a richly illustrated and engaging history of a still vibrant medium that forces us to take a look at ourselves for what we are and not what we want to be The 150 drawings in Drawn to Extremes have left readers howling sometimes in laughter but often in protest
