The Education of a Mouse Richard Moore,1983      *Educational Theory in British Children's Literary Classics* Thomas Albritton,2021-06-17 In this book Thomas Albritton explores images of teaching and learning in several giants in the canon of British children's literature Identifying traces of Plato Rousseau Dewey and Vygotsky portrayals of growth mindset and high stakes testing and evidence of the pedagogical power of inquiry teacher personality and project based learning Albritton's analysis results in both a richer appreciation for the literature and a deeper understanding of the educational theory      A Board Game Education Jeffrey P. Hinebaugh,2009-07-16 A Board Game Education is an entertaining and valuable resource for parents teachers educators and anyone who appreciates the fun and entertainment provided by classic traditional board games The book provides an informative analysis of how classic board games that everyone has played and probably owns are not only great family entertainment but also develop core educational skills that have been proven to lead to academic achievement Through A Board Game Education readers learn a bit of the fascinating history trivia and little known facts regarding the most loved board games of all time i e how Monopoly was used by WWII POWs to escape At the same time Hinebaugh identifies the distinct educational skills developed by each of these games and explores in detail how the play of these games cultivates such skills A Board Game Education also provides valuable suggestions about how to modify and vary these classic board games to specifically enhance additional core educational skills and concepts Who would have thought that Candy Land could be modified into a strategy game and Chutes and Ladders could be used to teach algebraic equations and advanced math      *The Mouse's Christmas* Kit Schorsch,2016-11-03 As the mouse children watch the farmer cut down a big tree for Christmas they ask their mother if they could have a tree to decorate too When Mother Mouse says that mice are too small to have Christmas trees the little ones are disappointed With the help from the farmer a fox a rabbit and a blue bird Mother Mouse surprises her children with the perfect sized Christmas tree      **Navajo Education Newsletter** ,1971

*Educational Technology* R. P. Pathak,2012      **Sierra Educational News** ,1915      *Mind Expanding: Teaching For Thinking And Creativity In Primary Education* Wegerif, Rupert,2010-08-01 There is considerable interest in education around the world in flexible thinking and learning skills but very little consensus as to the nature of these skills and how best to promote them in schools This book puts forward a clear and practical framework for understanding thinking creativity and learning to learn as the fruits of engagement in dialogue It also outlines in detail how this framework can be applied to teaching across the curriculum at both primary and secondary level drawing on the best practices associated with the teaching thinking creativity and learning to learn movements explaining their success in terms of dialogic theory In particular the book incorporates aspects of a number of thinking skills approaches such as Lipman's Philosophy for Children approach as well as features of contemporary innovations in education such as assessment for learning and the development of creativity Each chapter opens with a vignette to set the scene and continue into a light and popularly written exposition of

theory before moving on to a description of practice and concluding with practical guidelines for how to teach for thinking and creativity in schools and classrooms The first six chapters in the book have more of a focus on developing core theoretical themes and the following six chapters in the second half of the book focus more on practice led themes The relationship between theory and practice is treated as flexible and dynamic theory being developed by practice as much as practice implementing theory
