The Elite Serial Killers of Lincoln, JFK, RFK, & MLK Robert Gaylon Ross, 2001 Discusses the assassinations of President Lincoln President Kennedy Martin Luther King Jr and Robert Kennedy **The Ruling Elite** Deanna Spingola, 2011-04-14 Lincoln's war the North's attack on the South took the life of 622 000 citizens and altered the government's structure Marx and Engels watched the war from afar and applauded his efforts The media and our government controlled schools have presented a deceptive view of every historical event and have whitewashed the most scandalous political leaders and vilified leaders who have worked in the best interests of the people Following Lincoln's precedent setting war we have been repeatedly lied into wars Currently our young men and women shed their blood in foreign lands while well connected corporations make massive profits rebuilding the infrastructure that other corporations have demolished Meanwhile our politicians possessing inside knowledge grow richer through their investments and the bribes they accept from deep pocketed lobbyists They have not listened to their constituents for decades CIA thugs in behalf of the corporations commit terrorist acts in other countries which the U S government and media blame on the so called insurgents In 2010 the Pentagon paid the following to the top five out of 100 1 Lockheed Martin Corp 16 700 588 328 2 Northrop Grumman Corp 11 145 533 497 3 Boeing Co 10 462 626 196 4 Raytheon Co 6 727 232 555 5 Science Applications International Corp 5 474 482 583 Yet throughout the country vital infrastructure is crumbling and politicians are selling taxpayer funded public properties to private interests as a profitable venture The new owners exploit the public by raising service rates while diminishing the services **Honest Answers about the Murder of President John F. Kennedy** Vincent Michael Palamara, 2021-03-19 Thousands of books and articles have been written about the murder of JFK many of which are large in volume and short on facts Quite often these works try to reinvent the wheel attempting to cover every single area of the assassination as well as many tangential and unessential points as well The reader is often left exhausted and confused The sheer volume of pages conflicting facts and theories leaves one unsatisfied and quite frankly not sure exactly what did happen on 11 22 63 This book seeks to separate the wheat from the chaff It is 55 plus years later it is time for real honest answers in an easy to read and understand format Proof of a conspiracy no theories to the point a perspective on the assassination for the millennial age and beyond Based on years decades of primary source research and having read countless books on the subject Reclaiming History Vincent Bugliosi, 2007-05-17 For fifty years the truth about the assassination of President John F Kennedy has been obscured This book releases us from a crippling distortion of American history At 1 00 p m on November 22 1963 President John F Kennedy was pronounced dead the victim of a sniper attack during his motorcade through Dallas That may be the only fact generally agreed upon in the vast literature spawned by the assassination National polls reveal that an overwhelming majority of Americans 75% believe that there was a high level conspiracy behind Lee Harvey Oswald Many even believe that Oswald was entirely innocent In this continuously absorbing powerful ground breaking book Vincent Bugliosi shows how we

have come to believe such lies about an event that changed the course of history The brilliant prosecutor of Charles Manson and the man who forged an iron clad case of circumstantial guilt around O J Simpson in his best selling Outrage Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination This is an achievement that has for years seemed beyond reach No one imagined that such a book would ever be written a single volume that once and for all resolves beyond any reasonable doubt every lingering question as to what happened in Dallas and who was responsible There have been hundreds of books about the assassination but there has never been a book that covers the entire case including addressing every piece of evidence and each and every conspiracy theory and the facts or alleged facts on which they are based In this monumental work the author has raised scholarship on the assassination to a new and final level one that far surpasses all other books on the subject It adds resonance depth and closure to the admirable work of the Warren Commission Reclaiming History is a narrative compendium of fact forensic evidence reexamination of key witnesses and common sense Every detail and nuance is accounted for every conspiracy theory revealed as a fraud on the American public Bugliosi s irresistible logic command of the evidence and ability to draw startling inferences shed fresh light on this American nightmare At last it all makes sense

The Kennedy Family S. J. Fuller, 2007 America has no official royalty by design Yet there have been the Roosevelts the Adams the Bushes the wanabee Clintons and most intriguing of all the Kennedys The Kennedys have so far only reached the presidency once but the assassination of JFK and his brother Robert and the trials and tribulations of the family members and society in general continue to fascinate the world This new book presents more than 1200 citations of books and related materials arranged by family member The accompanying CD ROM offers ready access and easy searching

Faustian Bargains Joan Mellen, 2016-09-13 Lyndon Johnson and Mac Wallace crossed paths only briefly but Wallace s life especially one violent episode and its intricate aftermath illuminates the dark side of our 36th president Perhaps no president has a more ambiguous reputation than LBJ A brilliant tactician he maneuvered colleagues and turned bills into law better than anyone But he was trailed by a legacy of underhanded dealings from his stolen Senate election in 1948 to kickbacks he artfully concealed from deals engineered with Texas wheeler dealer Billie Sol Estes and defense contractors like his longtime supporter Brown Root On the verge of investigation Johnson was reprieved when he became president upon JFK s assassination Among the remaining mysteries has been LBJ s relationship to Mac Wallace who in 1951 shot a Texas man having an affair with LBJ s loose cannon sister Josefa also Wallace s lover When arrested Wallace coolly said I work for Johnson I need to get back to Washington Charged with murder he was overnight defended by LBJ s powerful lawyer John Cofer and though convicted amazingly received a suspended sentence He then got high security clearance from LBJ friend and defense contractor D H Byrd which the Office of Naval Intelligence tried to revoke for 11 years without success Using crucial Life magazine and Naval Intelligence files and the unredacted FBI files on Mac Wallace never before utilized by others investigative writer Joan Mellen skillfully connects these two disparate Texas lives and lends stark credence to the dark side of Lyndon Johnson that has largely gone unsubstantiated

Books In Print 2004-2005 Ed Bowker Staff,Staff Bowker, Ed,2004 **Treason, Treachery & Deceit** James D. Norvell,2014-03-13 Historians may have locked the box on the JFK assassination and the life of Lyndon Baines Johnson but in reading James Norvells riveting out of the box tale you will shiver with nagging thoughts of intrigue and doubt Norvells semi fictitious story bolstered with historical facts is a spellbinding masterpiece He has interacted with principal characters particularly Madeleine Brown and Billie Sol Estes and done so in a personal manner and over an extended period of time The

more you read the more you'll wonder. Could this have happened? Be careful once you pick it up you won't put it down.

Dynamite John H. Jack Grubbs, Ph.D., Brigadier General, Ret. U.S. Army, author of *Dryline* and *Bad Intentions*. Jim Norvell's unique approach to explaining the assassination of President Kennedy leads the reader into this complex and often difficult subject from a fresh direction. I recommend this book primarily because it exposes even the experienced student of the subject to information with which he may not have been familiar and to possible associations between competing theories about what happened in Dallas that may indicate many of them are not necessarily mutually exclusive. After all, Mr. Norvell does not pull any punches and does not sugar coat the assassination story in any way.

An engaging read. Douglas P. Horne, formerly Chief Analyst for Military Records, Assassination Records Review Board, B.A. in History, Ohio State University, and author of *Inside the Assassination Records Review Board, Vol. I-V*. My classmate from the Naval Academy, Jim Norvell, has put together a very shocking scenario that leads to a very different assassination event than the lone gunman lone event Oswald did. It type answers. Instead, he constructs a list of timed events with key power brokers in 1963 that provides a hard-core conspiratorial assassination plot. And if you are not entirely convinced these diverse power brokers can mesh and team to make the killing of a President possible, then go very slowly through the chapters that lay down the assassination time lines. Point by point, bullet by bullet, the historical novel unfolds. But I assure you that it will not end with a lone event, a lone gunman. Two additional assassinations follow with the shootings of Martin Luther King Jr. and Robert F. Kennedy. Norvell drives you back in time to the 60s to piece together for you an entirely different assassination than the one focused on Oswald and defended as such by the Warren Commission. This is a very good read for all and especially for those who to this day can remember where we were on November 22, 1963.

Alexander J. Krekich, Vice Admiral, U.S. Navy, Retired, B.S., U.S. Naval Academy, 1964; M.S.A., George Washington University, 1972; U.S. Army Command and Naval War College, 1978. I extend personal thanks to Jim Norvell for his deep insights for connections not uncovered anywhere else and for bringing us nearer to the solution to the most horrific crime in American History, horrific for what it did to one man and his family, horrific for what it did to America and horrific for the failure of the authorities to mete out justice.

Barr McClellan, B.A., J.D., University of Texas, author of *Blood Money and Power: How LBJ Killed JFK* and former law partner with LBJ's attorney Ed Clark. Jim Norvell's historical novel is a truly remarkable study of a broad range of facts surrounding a single individual. What he has carefully developed is almost unthinkable to well-adjusted human beings. To my knowledge, this depiction has not been accomplished before in our time, and he should be commended for all the long years of effort that it required. I found that his identification of LBJ as a narcissist is quite well-founded. There is a long and well-established history of those traits among world leaders in every field, many in very public roles. Health care professionals have identified and articulated in textbooks different types of narcissism and their symptomatic traits, some of which are incredibly destructive and actually evil. Jim's novel acutely and accurately displays the personification of pure evil in LBJ. I think he has written a serious best seller which will lead readers to thoughtfully and

Who Really Killed JFK, MLK, RFK? Therlee Gipson,2018-09-02 John F Kennedy JFK was assassinated because of his Civil Rights agenda to integrate public Schools which Supreme Court Ruled in 1954 that segregated Schools were unconstitutional Whites at that time believe mixing the Race are Communism to this day some White hate Communism because it give Blacks equal opportunity I believe Lee Harvey Oswald was the lone gunman and he probably was part of a conspiracy with some of the CIA FBI and Law enforcement in Dallas which allowed Oswald to assassinate JFK to stop integration of the Races Martin Luther King The FBI told MLK to stop his Civil Rights actions or their would be consequences

King being against the War In Viet Nam divided his support of some Black Leaders who told him to stay with Civil Rights only and not get involved in Political and Foreign problems King ignored them all and sealed his fate in Memphis **Conspiracy to Assassinate President John F. Kennedy, Dr. Martin Luther King Jr. and Senator Robert F. Kennedy.** John Patrick Roach,2013-07 This book is about grasping power and once achieving it using that power to assassinate all challengers to the power gained The Warren Commission Report concluded that Lee Harvey Oswald acted alone and was not part of a conspiracy and went on to say that there is no evidence of a conspiracy This report pacified the American public for the last 49 years Logic and Reason dictates otherwise Each of us have the ability to use our own logic to determine who had the most to gain from the President John F Kennedy assassination However it seems unreasonable that he could do it alone and get away with it So it doesn t pass the reason test Therefore logic again comes into the equation that would require a co conspirator capable of providing a complete cover up so the conspirators will never be caught The co conspirators need only patsies to take the blame with promises of a fee or fame or whatever satisfies their weaknesses With the Kennedy assassination completed and blamed on Lee Harvey Oswald who is murdered before he can utter more than I m just a patsy the American population seems satisfied that he paid for his crime while the conspirators remain free Using the same procedure of patsies to take the rap the logical conspirators assassinate Martin Luther King Jr and Senator Robert Kennedy a leading Democratic Candidate for President in 1968 and got away with it Your use of logic and reason may lead you to the same conclusion that a conspiracy of the highest magnitude took the lives of these three idealists
