The Emerald City is built all of beautiful marbles in which are set a profusion of emeralds, every one exquisitely cut and of very great size. There are other jewels used in the decorations inside the houses and palaces, such as rubies, diamonds, sapphires, amethysts, and turquoises. But in the streets and upon the outside of the buildings, only emeralds appear, from which circumstance the place is named the Emerald City of Oz.

Frank Baum, 2012-06 Though I loved the original Wizard of Oz and have enjoyed all the Oz books for more than 20 years back to when my mother first read them to me Emerald City ranks as my all time favorite Its full of adventure suspense and humor Who could forget the ridiculous roly poly Nomes and their quixotic plan to conquer Oz with the help of

some rather bizarre allies Or the village where every house and fence not to mention every inhabitant was edible One cautionary note to those who wish to read this book to their young children My little one was actually quite upset and frightened at the prospect of Oz being invaded and possibly destroyed by the Nomes and their ferocious allies A number of times I had to soothe him by explaining that Ozma was sure to find some way to save her country Perhaps this is a better book for older children The Rigamaroles have become part of this familys culture with my 12 yo son and I occasionally getting into rigamarole competitions where we go on and on without saying anything Bunbury and Bunnybury also stuck with me during the six years between reading this to my first son and my second utensia is punny and the cuttenclips the fuddles and the flutterbudgets are all cute and endearing A great read aloud for the 5 to 10 set
