carelessly on the table she guesses their secret desires she reads them and makes deductions as to their past Something then takes place in the cartomancer combined of intuition perhaps clairvoyance suggestion which has the result that the client subsequently lets his thoughts travel in the direction of what has been foretold and unconsciously works towards its fulfilment whether the prophecy was of good to come or alas of ill luck We touch here upon Magic of which I shall speak presently where the power of the word so often has such powerful results In the result therefore it is not so much the meaning of the cards or of the leaves of the Taroc which is of importance as the state of mind created in the client with respect to the explanations given and which might be different arbitrary and it is this state of mind which induces him to translate into reality the events foretold by the cartomancer And it may even be asked whether the cartomancer that is to say the intermediary between the client and the future is necessary for the purpose of the former discovering the latter What is known as a result made alone in the home creates a similar state of mind of autosuggestion if we believe the words of Desbarolles If you attach faith to a sign of any kind when you question this sign in your own way it will answer you and it will answer you correctly if your faith is strong      The X-files Book of the Unexplained Jane Goldman,1996 Provides further information on some of the subjects explored in The X Files episodes such as UFO sightings hauntings alien encounters faith healing and feral humans and discusses some of the real events the show is based upon      *The Encyclopedia of Murder and Mystery* B.
