Sit Still:

Teach Us to Sit Still Tim Parks, 2012-07-03 *Teach Us to Sit Still* is the visceral thought provoking and inexplicably entertaining story of how Tim Parks found himself in serious pain how doctors failed to help and the quest he took to find his own way out Overwhelmed by a crippling condition which nobody could explain or relieve Parks follows a fruitless journey through the conventional medical system only to find relief in the most unexpected place a breathing exercise that eventually leads him to take up meditation This was the very last place Parks anticipated finding answers he was about as far from New Age as you can get As everything that he once held true is called into question Parks confronts the relationship between his mind and body the hectic modern world that seems to demand all our focus and his chosen life as an intellectual and writer He is drawn to consider the effects of illness on the work of other writers the role of religion in shaping our sense of self and the influence of sports and art on our attitudes toward health and well being Most of us will fall ill at some point few will describe that journey with the same verve insight and radiant intelligence as Tim Parks Provided by publisher Why Don't Children Sit Still?
