American Modernism (Re)Considered Robert C. Hauhart, Jeff Birkenstein, 2025-08-07 What exactly is modernism and who are modernist writers What distinguishes American modernism from its European counterpart American Modernism Re Considered questions the principal distinction between modernism and other genres movements styles in literature through new critical readings of canonical modernist texts alongside texts which pose a problem for modernism due to their ambiguous if not marginal relation to some of its predominant tenets It asks Is modernism characterized principally by a transition from older forms like naturalism and realism to a style that is new innovative and experimental Is it found in shared understandings and alignments regarding the nature and purpose of art Is it identifiable by modernists treatment of various central themes including as a reaction to modernity as a response to the Boer and World wars as an interrogation of Britain s empire and its dissolution and how these events fragmented modern life Or is it all of the above Contributors discuss a wide range of texts by authors such as Nella Larsen Willa Cather Charlotte Perkins Gilman Anne Carson Wallace Stevens Am rico Paredes Richard Wright Ernest Hemingway and T S Eliot to challenge the aesthetic social and temporal boundaries of modernism in America Through original close readings of these texts American Modernism Re Considered subjects modernism to new interrogations and offers new answers to questions that remain contemporary even as they harken back to its height of popularity and interest in the mid 1920s **Byron Browne, a Seminal American Modernist**

Jim Rogers, Byron Browne, 2001 **The Cambridge Companion to American Modernism** Walter Kalaidjian, 2005-04-28 The Cambridge Companion to American Modernism provides a comprehensive and authoritative overview of American literary modernism from 1890 to 1939 These original essays by twelve distinguished scholars of international reputation offer critical overviews of the major genres literary culture and social contexts that define the current state of Modern American literature and cultural studies Among the diverse topics covered are nationalism race gender and the impact of music and visual arts on literary modernism as well as overviews of the achievements of American modernism in fiction poetry and drama The book concludes with a chapter on modern American criticism An essential reference guide to the field the Companion offers readers a chronology of key events and publication dates covering the first half of the twentieth century in the United States and an up to date bibliography of further reading organized by chapter topics **American Modernism**

and Depression Documentary Jeff Allred, 2012-11-01 American Modernism and Depression Documentary surveys the uneven terrain of American modernity through the lens of the documentary book Jeff Allred argues that photo texts of the 1930s stage a set of mediations between rural hinterlands and metropolitan areas between elite producers of culture and the forgotten man of Depression era culture between a myth of consensual national unity and various competing ethnic and regional collectivities In light of the complexity this entails this study takes issue with a critical tradition that has painted the documentary expression of the 1930s as a simplistic and propagandistic divergence from literary modernism Allred situates

these texts and the documentary modernism they represent as a central part of American modernism and response to American modernity as he looks at the impoverished sharecroppers depicted in the groundbreaking *Let Us Now Praise Famous Men* the disenfranchised African Americans in Richard Wright's polemical *12 Million Black Voices* and the experiments in Depression era photography found in *Life* magazine

Cross-cultural Visions in African American Modernism Yoshinobu Hakutani, 2006 Yoshinobu Hakutani traces the development of African American modernism which initially gathered momentum with Richard Wright's literary manifesto *Blueprint for Negro Writing* in 1937 Hakutani dissects and discusses the cross cultural influences on the then burgeoning discipline in three stages American dialogues European and African cultural visions and Asian and African American cross cultural visions In writing *Black Boy* the centerpiece of the Chicago Renaissance Wright was inspired by Theodore Dreiser Because the European and African cultural visions that Wright Ralph Ellison Alice Walker and Toni Morrison acquired were buttressed by the universal humanism that is common to all cultures this ideology is shown to transcend the problems of society Fascinated by Eastern thought and art Wright Walker Sonia Sanchez and James Emanuel wrote highly accomplished poetry and prose Like Ezra Pound Wright was drawn to classic haiku as reflected in the 4 000 haiku he wrote at the end of his life As W B Yeats's symbolism was influenced by his cross cultural visions of noh theatre and Irish folklore so is James Emanuel's jazz haiku energized by his cross cultural rhythms of Japanese poetry and African American music The book demonstrates some of the most visible cultural exchanges in modern and postmodern African American literature Such a study can be extended to other contemporary African American writers whose works also thrive on their cross cultural visions such as Amiri Baraka Ishmael Reed Charles Johnson and haiku poet Lenard Moore
