Your Identity in the Trinity Sean Cole,2019-04-12 Many believers struggle with assurance of salvation tending to approach obedience to God out of either guilt or legalism We exist to display God's glory declare God's gospel and disciple for God's Great Commission Instead of embracing these truths many Christians have believed the lie that their identity in Christ does not affect how they live their lives in obedience to him The gospel tells us that being identity comes before doing obedience This lack of understanding our gospel identity frequently results in either legalistic pride or frustrating guilt The purpose of this book is to help believers understand their identity in the three persons of the Trinity and then joyfully serve God with gospel obedience The gospel indicatives in the Bible serve as the fountain and power for obeying the moral imperatives in the Bible The gospel roots our assurance of salvation and motivation to obey God in our identity not in moralism which elevates our performance instead of exalting the finished work of Christ Modernism in Practice Leith Morton,2004-02-28 Postwar modernist verse has been rarely discussed in English language works on Japanese literature despite the fact that it has been the dominant mode of poetic expression in Japan since World War II Now readers of modern Japanese poetry in translation have gained an impressive intellectual and linguistic companion in their enjoyment of modern Japanese verse *Modernism in Practice* combines close readings of individual Japanese postwar poets and poetry with historical and critical analysis Five of the seven chapters concentrate on the life and work of such outstanding poets as Soh

Sakon Ishigaki Rin Ito Hiromi Asabuki Ryoji and Tanikawa Shuntaro Several of these writers have only come into prominence in recent decades so this work also serves to acquaint readers with contemporary Japanese verse A significant dimension of this volume is the detailed and extensive treatment afforded two important areas of postwar Japanese verse the poetry of women and of Okinawa Modernism in Practice is noteworthy not only as an introduction to postwar Japanese poets and their times but also for the numerous poems that appear in translation throughout the volume many for the first time in book form
