Les stratégies textuelles de Michel Foucault Frances Fortier, 1997-01-01 L'entreprise critique de Foucault distingue dans le vaste espace de la culture occidentale des paroles singulières par la mutation du savoir qu'elles donnent Sade Linn Marx Mallarmé pour ne nommer que ceux qui deviennent ainsi des fondateurs de discursivité au sens où ils proposent des schémas interprétatifs jusqu'au point où ils atteignent une organisation de la connaissance et vont susciter de multiples débats Peut-on présumer que le discours de Foucault prend un tel statut Foucault s'est assigné sans relâche l'impératif de penser autrement Je n'ai jamais critiqué que des fictions et j'en suis parfaitement conscient dira-t-il En se soustrayant ainsi à l'enjeu de vérité de la parole savante il accuse son appartenance à l'ordre interprétatif ordinaire selon lequel tous les savoirs ne sont que des interprétations Dans cette perspective Frances Fortier examine les stratégies textuelles mises en œuvre dans chacun des dix ouvrages de Foucault de *l'Histoire de la folie* au *Souci de soi* Son objectif est de saisir les visées de l'épistémologie critique du philosophe et de montrer qu'elles sont indissociables du travail de l'écriture De fait toujours finement ciselée ample et volubile la prose de Foucault explore inlassablement les liens du savoir et du langage Cette déconstruction du discours foucauldien attentive aux entrelacs du dire et du dit se réclame d'un lieu d'interprétation proprement discursif la marge des codes qui en ont jusqu'ici balisé la lecture

French books in print, anglais Electre, 2002 **Language, Counter-Memory, Practice** Michel Foucault, 2019-06-30 Because of their range brilliance and singularity the ideas of the philosopher critic historian Michel Foucault have gained extraordinary currency throughout the Western intellectual community This book offers a selection of seven of Foucault's most important published essays translated from the French with an introductory essay and notes by Donald F Bouchard Also included are a summary of a course given by Foucault at Collège de France the transcript of a conversation between Foucault and Gilles Deleuze and an interview with Foucault that appeared in the journal *Actuel* Professor Bouchard has divided the book into three closely related sections The four essays in Part One examine language as a perilous limit of what we know and what we are The essays in the second part suggest the methodological guidelines to which Foucault subscribes and they record in the editor's words the penetration of the language of literature into the domain of discursive thought The material in the last section is

more obviously political than the essays It treats language in use language attempting to impart knowledge and power Translated by the editor and Sherry Simon into fluent and lucid English these essays will appeal primarily to students of literature especially those interested in contemporary continental structuralist criticism But because of the breadth of Foucault s interests they should also prove valuable to anthropologists linguists sociologists and psychologists
