Happiness Power: How to Unleash Your Power and Lead a More Joyful Life Robert Gill, Jr., 2021-01-19 How to stop chasing happiness and still live happily ever after Do you have everything you need but still feel like something's missing Do you frequently compare your life to others wondering why they seem to have it all Do you feel like you're just going after one high after the next with no idea where the end goal is You may have a life many people dream of but sometimes you can't help but feel some form of discontent It's not that you're ungrateful or unappreciative of what you have It might just be that what you have is actually not what you need to feel fulfilled And you're not the only one going through this Despite having one of the highest standards of living in the world the level of happiness among Americans is at its lowest In fact it has been declining for the past 20 years Social media reliance on drugs and the endless pursuit of wealth are just some of the reasons for this phenomenon We are constantly bombarded with messages and images of how life should look like and we try to reach this aspirational goal through any means necessary We can chase it through traveling buying expensive things achieving career success or even getting married and starting a family But why do you still feel unsatisfied even after you have all this What is it that makes us truly happy Plenty of scientific research has been done to find the answer to this question There is also a lot of advice from self-help books and motivational speakers on being happy Thankfully you don't have to go through all the studies and TED talks online to find the key to happiness In *Happiness Power: How to Unleash Your Power and Live a Joyful Life* you will discover Why your present circumstances don't have to determine your level of happiness and how you can take your well-being into your own hands The 1 factor that helps us live longer healthier and happier lives according to a decades-long Harvard study on adult life How to have a more positive mindset through this daily habit that Oprah Winfrey believes has rewarded her a million times over How you can combat loneliness with these friendly suggestions on how to build and strengthen your social circle The secret to happiness that the Japanese have known and practiced for centuries contributing to their high levels of satisfaction and long life spans Effortless mindfulness tricks to apply throughout the day that will help you get through stressful days and pessimistic

emotions The simple generous act that has the same positive effects as food and sex offering satisfaction not only to you but also to your recipient And much more Although happiness is not the be all and end all of life it sure doesn't hurt to go through life being happy rather than dissatisfied and lonely Our lives weren't meant to be lived in constant pursuit of an abstract vision of happiness Chasing after happiness will only make it so much harder to obtain It is when you are focused on genuinely living a life of truth purpose and meaning that happiness will come to you Find out what it takes to live a life that's true to your values and your innermost needs If you're in search of a truly joyful and meaningful life rather than just conform to other people's idea of happiness then scroll up and click the Add to Cart button right now [The Collarbound](#) Rebecca Zahabi,2022-05-12 Beautifully wrought dark fantasy NetGalley Reviewer A MAN MARKED BY MAGIC A WOMAN MARKED BY HER PAST On the other side of the Shadowpass rebellion is brewing and refugees have begun to trickle into the city at the edge of the world Looming high on the cliff is The Nest a fortress full of mages who offer protection but also embody everything the rebellion is fighting against a strict hierarchy based on magic abilities When Isha arrives as a refugee she attempts to fit in amongst the other mages but her Kher tattoo brands her as an outcast She can't remember her past or why she has the tattoo All she knows is that she survived She doesn't intend to give up now Tatters who wears the golden collar of a slave knows that this rebellion is different from past skirmishes He was once one of the rebels and technically they still own him He plans to stay in the shadows until Isha appears in his tavern He's never seen a human with a tattoo and the markings look eerily familiar As the rebellion carves a path of destruction towards the city an unlikely friendship forms between a man trying to escape his past and a woman trying to uncover hers until their secrets threaten to tear them apart The Collarbound hooks from the opening page and will appeal to fans of magical brink of war settings like that of The Poppy War and The City of Brass Zahabi deftly creates a fully realized and richly described world providing a quiet yet striking exploration of the way inequality and injustice often serve as the bedrock of systems of power M J Kuhn author of Among Thieves **The**
