The Politics of Language Purism Björn H.

Jernudd,Michael J. Shapiro,2011-07-11 No detailed description available for The Politics of Language Purism [The Mirth of Nations](#) Christie Davies,2017-07-28 The Mirth of Nations is a social and historical study of jokes told in the principal English speaking countries It is based on use of archives and other primary sources including old and rare joke books Davies makes detailed comparisons between the humor of specific pairs of nations and ethnic and regional groups In this way he achieves an appreciation of the unique characteristics of the humor of each nation or group A tightly argued book The Mirth of Nations uses the comparative method to undermine existing theories of humor which are rooted in notions of hostility conflict and superiority and derive ultimately from Hobbes and Freud Instead Davies argues that humor merely plays with aggression and with rule breaking and that the form this play takes is determined by social structures and intellectual traditions It is not related to actual conflicts between groups In particular Davies convincingly argues that Jewish humor and jokes are neither uniquely nor overwhelmingly self mocking as many writers since Freud have suggested Rather Jewish jokes like Scottish humor and jokes are the product of a strong cultural tradition of analytical thinking and intelligent self awareness The volume shows that the forty year popularity of the Polish joke cycle in America was not a product of any special negative feeling towards Poles Jokes are not serious and are not a form of determined aggression against others or against one s own group The Mirth of Nations is readable as well as revisionist It is written with great clarity and puts forward difficult and complex arguments without jargon in an accessible manner Its rich use of examples of all kinds of humor entertains the reader who will enjoy a great variety of jokes while being enlightened by the author s careful explanations of why particular sets of jokes exist and are immensely popular The book will appeal to general readers as well as those in cultural stu **The Language-Lover's Lexipedia** Joshua Blackburn,2025-10-14 Dreyer s English meets Schott s Original Miscellany in this delicious tour of the lesser known wonders of the language world perfect for language lovers word nerds and the incurably curious A delightful rollick through language unlike any you ve ever experienced As the inventor of the bestselling game about words League of the Lexicon Joshua Blackburn has created an A Z that s part encyclopedia part treasure map and an all around joy for anyone interested in words and language Meticulously researched joyfully written and beautifully designed The Language Lover s Lexipedia dives into the quirky the curious and the unexpected to reveal a world of language you never knew existed Discover the biting humor of Scottish insults you re talking mince the curious history of the Chinese typewriter and the strange yet vivid color names of Elizabethan England like dead Spaniard and lusty gallant Whether it s the dark history of the Index of Banned Books or the bewildering grammar of Yoda each pithy entry is brimming with knowledge and wit Illustrated with enchanting line art that evokes a 19th century reference book The Language Lover s Lexipedia is as visually delightful as it is intellectually captivating It s stuffed with quirky lists surprising facts and
