String Quintet D 956 C Maj:

Schubert's String Quintet in C Major, D. 956 Nilanjana Bhattacharjya, 1996 **String Quintet in C Major, Op. 163**
Franz Schubert, Pablo Casals, Georges Janzer, Sándor Végh, Sandor Zaldy, Paul Szabo, 1973 *Streichquintett C-Dur D 956 op. post. 163* Franz Schubert, 2006-01 **Rethinking Schubert** Lorraine Byrne Bodley, Julian Horton, 2016-08-05 In *Rethinking Schubert* today's leading Schubertians offer fresh perspectives on the composer's importance and our perennial fascination with him. Subjecting recurring issues in historical biographical and analytical research to renewed scrutiny, the twenty-two chapters yield new insights into Schubert's music, his influence, and his legacy, and broaden the interpretative context for the music of his final years. With close attention to matters of style, harmonic and formal analysis, and text setting, the essays gathered here explore a significant portion of the composer's extensive output across a range of genres. The most readily explicable aspect of Schubert's appeal is undoubtedly our continuing engagement with the songs. Schubert will always be the first port of call for scholars interested in the relationship between music and the poetic text, and several essays in *Rethinking Schubert* offer welcome new inquiries into this subject. Yet perhaps the most striking feature of modern scholarship is the new depth of thought that attaches to the instrumental works. This music's highly protracted dissemination has combined with a habitual critical hostility to produce a reception history that is hardly congenial to musical analysis. Empowered by the new momentum behind theories of nineteenth-century harmony and form, and recently published source materials, the sophisticated approaches to the instrumental music in *Rethinking Schubert* show decisively that it is no longer acceptable to posit Schubert's instrumental forms as flawed lyric alternatives to Beethoven. What this volume provides then is not only a fresh portrait of one of the most loved composers of the nineteenth century but also a conspectus of current Schubertian research. Whether perusing unknown repertoire or refreshing canonical works, *Rethinking Schubert* reveals the extraordinary methodological variety that is now available to research, painting a contemporary portrait of Schubert that is vibrant, plural, transnational, and complex. Schubert in the European Imagination Scott Messing, 2006 The concept of Schubert as a feminine type began in 1838. This work examines the historical reception of Franz Schubert as conveyed through the gendered imagery and language of 19th and early 20th-century European culture. The figures discussed include Musset, Sand, Nerval, Maupassant, George Eliot, and others. *Brahms: Symphony No. 1* David Lee Brodbeck, 1997-01-23 A 1997 examination of the genesis, background, and extra-compositional allusions of this controversial work. *Schubert's Fingerprints: Studies in the Instrumental Works* Susan Wollenberg, 2016-04-01 As Robert Schumann put it, "Only few works are as clearly stamped with their author's imprint as his." This book explores Schubert's stylistic traits in a series of chapters, each discussing an individual fingerprint with case studies drawn principally from the piano and chamber music. The notion of Schubert's compositional fingerprints has not previously formed the subject of a book-length study. The features of his personal style considered here include musical manifestations of Schubert's violent nature, the characteristics of his thematic

material and the signs of his classicizing manner In the process of the discussion attention is given to matters of form texture harmony and gesture in a range of works with regard to the various fingerprints identified in each chapter The repertoire discussed includes the late string quartets the String Quintet the E flat Piano Trio and the last three piano sonatas Developing ideas which she first proposed in a series of journal articles and contributions to symposia on Schubert Professor Wollenberg takes into account recent literature by other scholars and draws together her own researches to present her view of Schubert's compositional personality Schubert emerges as someone exerting intellectual control over his musical material and imbuing it with poetic resonance

Nineteenth-Century Chamber Music Stephen Hefling, 2004-03-01 Nineteenth Century Chamber Music proceeds chronologically by composer beginning with the majestic works of Beethoven and continuing through Schubert Spohr and Weber Mendelssohn Schumann Brahms the French composers Smetana and Dvorak and the end of the century pre modernists Each chapter is written by a noted authority in the field The book serves as a general introduction to Romantic chamber music and would be ideal for a seminar course on the subject or as an adjunct text for Introduction to Romantic Music courses Plus musicologists and students of 19th century music will find this to be an invaluable resource

Graphic Music Analysis Eric Wen, 2019-02-14 Graphic Music Analysis presents Schenkerian analysis in a practical and engaging manner that will resonate with musicology theory and composition students as well as performing musicians With over 650 musical examples Eric Wen guides students through the step by step process of creating graphic representations of music and reveals how Schenkerian ideas evolve out of analytical issues in the works encountered Rather than promoting an analytic method for its own sake Wen derives structural techniques from their particular musical situations to help students engage directly with the music The textbook has an online companion website textbooks.rowman.com/wen featuring Full scores and recordings of the works discussed in the book Downloadable workbook of additional pieces to analyze Detailed commentary on Schenker's own analysis of J S Bach's Prelude in C from Book 1 of The Well Tempered Clavier An instructor's manual with a step by step guide to analyzing the supplementary workbook examples is also available Please email textbooks@rowman.com for more information
