reflection in changes to the iconographic and stylistic conventions of Byzantine art This is a brilliant and innovative book in which Dr Anita Strezova argues that a religious movement called Hesychasm especially as espoused by the great Athonite monk St Gregory Palamas had a profound impact on the iconography and style of Byzantine art including that of the Slav diaspora of the late Byzantine period While many have been attracted to speculate on such a connection none until now has embarked on proving such a nexus The main stumbling blocks have included the need for a comprehensive knowledge of Byzantine theology a training in art history especially iconological semiotic and formalist methodologies extensive fieldwork in Macedonia Bulgaria Serbia Greece Turkey and Russia and a working knowledge of Greek Old Church Slavonic Macedonian Russian Serbian Latin as well as several modern European languages French German Russian and Italian These are some of the skills which Dr Strezova has brought to her topic Professor Sasha Grishin AM FAHA Adjunct Professor of Art History School of Literature Languages and Linguistics The Australian National University *Father Seraphim Rose* Damascene (Hieromonk),2003 **"With Jesus"** Mark Miravalle,Mark I. inclusive category of ritual The essays are intended to be introductory but to provide the basic facts and the essential bibliography for further study They approach particular problems assuming a knowledge of medieval Europe but little expertise in liturgical studies per se

The Compassion of the Father Boris Bobrinskoy, 2003 In this work Boris Bobrinskoy shows how by spiritual union to the life of Christ we can be clothed with the Holy Spirit and filled with the infinite mercy of the Father who far from pleasing himself in a blessed transcendence suffers with humanity This way of purification triumphs over all the deadly forces of division darkness and hate that dwell in the heart a universe vaster than any other universe The invocation of the Name the asceticism of the body and the baptism of the intellect constitute this long and difficult way of conversion and a cure of unification with God others and even oneself From his long experience as a priest and a theologian the author reveals the Trinitarian love guiding the living tradition of the Church a river of revelation and faith that has its foundation in the Scriptures and that transmits itself from heart to heart as from a spiritual father to his children He explores the links between hesychasm and the Eucharist solitary prayer and intercession for the world the spiritual life and theological reflection and fidelity to tradition and creative liberty By listening to the Word of the Spirit Bobrinskoy always returns to that same silence of the Father whose mercy is the eternal source of authentic love and true unity

*The Cult of the Mother of God in Byzantium* Leslie Brubaker, Mary B. Cunningham, 2016-12-05 This volume on the cult of the Theotokos Virgin Mary in Byzantium focuses on textual and historical aspects of the subject thus complementing previous work which has centred more on the cult of images of the Mother of God The papers presented here by an international team of scholars consider the development and transformation of the cult from approximately the fourth through the twelfth centuries The volume opens with discussion of the origins of the cult and its Near Eastern manifestations including the archaeological site of the Kathisma church in Palestine which represents the earliest Marian shrine in the Holy Land and Syriac poetic treatment of the Virgin The principal focus however is on the 8th and 9th centuries in Byzantium as a critical period when Christian attitudes toward the Virgin and her veneration were transformed The book re-examines the relationship between icons relics and the Virgin asking whether increasing devotion to these holy objects or figures was related in any way Some contributions consider the location of relics and later icons in Constantinople and other centres of Marian devotion others explore gender issues such as the significance of the Virgin's feminine qualities and whether women and men identified with her equally as a holy figure The aim of this volume is to build on recent work on the cult of the Virgin Mary in Byzantium and to explore areas that have not yet been studied The rationale is critical and historical using literary artistic and archaeological sources to evaluate her role in the development of the Byzantine understanding of the ways in which God interacts with creation by means of icons relics and the Theotokos
