Sociology in Post-Normal Times Charles Thorpe, 2022-02-28 The Covid 19 pandemic and the disruptions of climate change are features of post normal times In *Sociology in Post Normal Times* Charles Thorpe contends that the modern project of creating normalcy within the nation state has broken down Integral to this is sociology which is the science of social reform Drawing from the work of seminal theorists such as Zygmunt Bauman and Anthony Giddens Thorpe contends that sociology's society is no longer viable because globalization has put an end to social reform thus the assumptions and goals of sociology must be left behind in order to create a new global humanity In the face of the pandemic and climate change *Sociology in Post Normal Times* demands no less than the birth of a global humanity beyond nation states as the precondition for human survival

The Spectrum of Consciousness Ken Wilber, 1993-10-01 Wilber's groundbreaking synthesis of religion philosophy physics and psychology started a revolution in transpersonal psychology He was the first to suggest in a systematic way that the great psychological systems of the West could be integrated with the noble contemplative traditions of the East *Spectrum of Consciousness* first released by Quest in 1977 has been the prominent reference point for all subsequent attempts at integrating psychology and spirituality

True Crime Mark Seltzer, 2013-10-18 True crime is crime fact that looks like crime fiction It is one of the most popular genres of our pathological public sphere and an integral part of our contemporary wound culture a culture or at least cult of commiseration If we cannot gather in the face of anything other than crime violence terror trauma and the wound we can at least commiserate That is as novelist Chuck Palahniuk writes we can at least all be miserable together The murder leisure industry its media and its public these modern styles of violence and intimacy sociality and belief are the subjects of *True Crime* *Observations on Violence and Modernity* *True Crime* draws on and makes available to American readers and tests out work on systems theory and media theory for instance the transformative work of Niklas Luhmann on social systems and of Friedrich Kittler on the media apriori work yet to make its impact on the American scene *True Crime* is at once a study of a minor genre that is a scale model of modern society and a critical introduction to these forms of social and media history and theory With examples factual and fictional of the scene of the crime ranging from Poe to CSI from the true crime writing of the popular Japanese author Haruki Murakami to versions of the violence media complex in the work of the American novelist Patricia Highsmith and the Argentinian author Juan Jos Saer *True Crime* is a penetrating look at modern violence and the modern media and the ties that bind them in contemporary life

Constructing the Sexual Crucible David M Schnarch, 1991-03-05 This book challenges the fundamental paradigms in sexual marital therapies and provides a fresh look at the nature of intimacy and the diverse barriers to eroticism in many marriages By integrating individual sexual and marital therapies this study attempts to provide a fresh look at the nature of intimacy and the diverse barriers to eroticism in marriage The author refutes the common focus on sexual technique calling instead for an emphasis on sexual potential

New Sources of Self T. R. Young, 2013-10-22 *New Sources of Self* investigates the self and its origins functions development and expression A central theme in this book is that the psychobiological capacities of individuals are in the process of being replaced in modern society by the electromagnetic capacities of technology by the decision making and control capacities of business systems and by the physical capacities of modern industrial machinery Some of the consequences of this replacement are explored This monograph is comprised of seven chapters and begins by reexamining the assumption that self and society are intertwined and challenging the necessity of the social order being the primary source of human nature The next chapter considers the delineation and measurement of the self system the cybernetics of self control and the sociological and psychological perspectives of self The argument that the separation of self and society is tragic is also analyzed together with some contemporary social movements as ventures in the private construction and private use of self the processes by which self is linked to social structure and whether these processes are operative in the large scale organizations typically found in a complex industrial society and some sources and uses of self This text will be of interest to sociologists psychiatrists clinical and social psychologists and psychiatric social workers

The Making of Meaning Niklas Luhmann, Michael King, 2022 For the first time this publication makes available to Anglophone readers a sociology of knowledge and culture as developed by the sociologist and social theorist Niklas Luhmann Luhmann is typically described as writing only about systems and as such about a topic that sociologists relegate to the annals of history However this publication reveals that sociology has acted prematurely overlooking the rich and detailed sociology of knowledge and culture that on the one hand uses terms like meaning memory and communication and on the other is very capable of using such terms in the form of a historical analysis that unravels the making and transformation of key concepts and questions that shape the understanding of modern society like individuality and individualism culture and memory and social class This theoretical approach and the empirical material as well as the insights drawn from their combination yield rich and surprising results and show a very different image of Luhmann than that of system theorist As such this volume will be of great interest to scholars in the field of social theory sociology of knowledge and cultural

sociology but also conceptual and cultural history as well as culturally oriented research in the arts and humanities

Paternalistic Intervention Donald Vandever, 2014-07-14 Donald VanDeVeer probes the moral complexities of the question under what conditions is it permissible to intervene invasively in the lives of competent persons for example by deception force or coercive threat for their own good In a work with broad significance for law public policy professional client relations and private interactions he presents a theory of an autonomy respecting paternalism Originally published in 1986 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Parenting the Guardian Class Jonathan I. Cloud, 2008-06 It has been a continuous struggle with myself as to whether I should write this journal I was frustrated and needed to ascertain some way of keeping my sanity It finally dawned on me that on the occasions when I was very frustrated writing thoughts down might become a way to alleviate some of that stress In writing this journal I hoped to shed some light on the employees and their perceptions and how they contributed to some of the problems at United Airlines In the years I worked at United Airlines I made some of the best friends I will ever have I do not want you to think all the time I spent at United was negative It was not I have had some very good times and enjoyed working for them Through all the challenges I faced the good times far outweigh the bad I always believed in doing things to enhance the work environment and make it a fun experience for everyone so that it did not feel like being on a job Therefore I helped organize plan and create that atmosphere through functions such as potlucks and steak barbecues In addition I would bring in bagels cakes cookies etc for the whole shop We had a lot of fun United had some of the best people you could ever imagine working for them we were all like family I had no intention of doing anything with these writings it was simply a catharsis for me When I retired there were so many things going on with United I decided at that point maybe I should publish my journal A lot of the things that happened were events I was afraid would happen And did such as the loss of so many jobs
