

The Africanamerican Church At Work

Zondervan

The African American Church At Work:

The African-American Church at Work Michael A. Battle, 1994 **The African American Church Community in Rochester, New York, 1900-1940** Ingrid Overacker, 1998 This work examines the connections between the faith foundations of members of the African American church community in Rochester New York and the work the community engaged in to nurture and protect its members during the first four decades of the twentieth century The book concentrates on four local churches Memorial AME Zion Mt Olivet Baptist Trinity Presbyterian and St Simon s Episcopal and explains how each addressed the human service educational economic and political needs of African Americans in Rochester the book highlights the role of women in the church community and relies heavily on interviews with members of the respective churches This analysis of Rochester s church community challenges the perception of the African American church as accommodationist and other worldly during this critical time in the formation of the African American community both locally and nationally **The African American Church in Birmingham, Alabama, 1815-1963** Wilson Fallin, Jr., 2017-09-06 This study first published in 1997 attempts to fill a gap in the historiography of the African American church by analysing the role and place of the African American church in one city Birmingham Alabama It traces the roles and functions of the church from the arrival of African Americans as slaves in the early 1800s to 1963 the year that the civil rights movement reached a peak in the city This title will be of interest to students of nineteenth and twentieth century religious and social history

African American Church Leadership Paul Cannings, 2013 How can African American church leaders maximize their leadership potential What are current models for effective leadership in the African American Christian community This book answers those questions and more with up to date research and current best practices regarding leadership principles and strategies African American church communities and those who interact with and work with these communities will find this book particularly useful Parker Books are written to equip and encourage African American ministry leaders **The History of the Negro Church** Carter G. Woodson, 2018-09-01 Carter Woodson 1875 1950 was a prominent black leader and intellectual of the first half of the twentieth century Born in Virginia in 1875 to formerly enslaved parents he was educated at Berea College in Kentucky the University of Chicago and finally Harvard where he earned his Ph D in History Woodson championed awareness of black historical experience by teaching and initiating the first Black History Week which became the basis for the later Black History Month He was a tireless writer also who published many volumes during his life including his classic *The Mis Education of the Negro* 1933 Published in 1921 *The History of the Negro Church* traces the construction of the black church in America from colonial times through the early years of the twentieth century The book unfolds a series of biographical sketches of male church leaders through the decades and offers a broad critique of church experience Beginning with early church movements in the North and efforts to minister to slaves in the South Woodson describes the origins of religious instruction for a race that he characterizes as neglected among an unenlightened colonial

population The book offers a sophisticated and roving history of the limits of black inclusion in church and state Indeed Woodson s penetrating vision of the deep themes of American history and his incisive understanding of spiritual character make for a lively passage through a long history Many of his observations about the class caste and church seem only more relevant with the passage of time A DOCSOUTH BOOK This collaboration between UNC Press and the University of North Carolina at Chapel Hill Library brings classic works from the digital library of Documenting the American South back into print DocSouth Books uses the latest digital technologies to make these works available in paperback and e book formats Each book contains a short summary and is otherwise unaltered from the original publication DocSouth Books provide affordable and easily accessible editions to a new generation of scholars students and general readers

Black Church Studies Stacey M. Floyd-Thomas, 2007 Religious Studies Over the last thirty years African American voices and perspectives have become essential to the study of the various theological disciplines Writing out of their particular position in the North American context African American thinkers have contributed significantly to biblical studies theology church history ethics sociology of religion homiletics pastoral care and a number of other fields Frequently the work of these African American scholars is brought together in the seminary curriculum under the rubric of the black church studies class Drawing on these several disciplines the black church studies class seeks to give an account of the broad meaning of Christian faith in the African American experience Up to now however there has not been a single comprehensive textbook designed to meet the needs of students and instructors in these classes *Black Church Studies An Introduction* will meet that need Drawing on the work of specialists in several fields it introduces all of the core theological disciplines from an African American standpoint from African American biblical interpretation to womanist theology and and ethics to sociological understandings of the life of African American churches It will become an indispensable resource for all those preparing to serve in African American congregations or to understand African American contributions to the study of Christian faith Looks at the diverse definitions and functions of the Black Church as well as the ways in which race class religion and gender inform its evolution Provides a comprehensive view of the contributions of African American Scholarship to the current theological discussion Written by scholars with broad expertise in a number of subject areas and disciplines Will enable the reader to relate the work of African American theological scholars to the tasks of preaching teaching and leading in local congregations Will provide the reader the most comprehensive understanding of African American theological scholarship available in one volume Stacey Floyd Thomas Brite Divinity School Juan Floyd Thomas Texas Christian University Carol B Duncan Wilfrid Laurier University Stephen G Ray Jr Lutheran Theological Seminary Philadelphia Nancy Lynne Westfield Drew University Theology Theology and Doctrine Contemporary Theology

Social Work Practice With African American Men Janice M. Rasheed, Mikal N. Rasheed, 1999-02-09 This is a ground breaking and long overdue book that proposes a variety of innovative and practical strategies to address relevant issues for African American men in micro practice approaches such as individual couple family

and group treatment issues as well as macropractice approaches such as policy formulation program development and community practice This well documented book is informed by the authors years of qualitative research and their considerable years of clinical experience with African American men *In Search of Wisdom* Anne Streaty Wimberly, Evelyn L. Parker, 2002 A guide for pastors church leaders and all who help African Americans in their search for a meaningful Christian lifestyle Forming Christians leading fallen and flawed human beings into the path of discipleship to a crucified and risen Lord is one of the central if not the central tasks of all Christian churches It is a difficult enough task anywhere but for African Americans beset by racial conflict personal crises generational separation and other concerns it is especially so African American churches must work particularly hard to counter the messages their members receive from the dominant and often unfriendly culture This book employs the biblical text and African tradition to draw on the idea of the search for wisdom as a potent way to help African Americans in their pursuit of genuine Christian discipleship Wisdom in African American tradition is not simply knowledge rather it is those insights attitudes beliefs behaviors and practices that create and sustain a life of hope and that produce an inherent sense of the worth of one s self If their members are to engage in the search for wisdom African American churches must build an intentional ministry of faith formation Wisdom can be gained the authors argue when African Americans listen to the black oral tradition with its proverbial sayings revered Bible stories songs and narratives from the lives of exemplary individuals The book offers several similar avenues for the search for wisdom including helpful models of black males mentoring younger black males as a remedy to the destructive effects that contemporary culture has on this segment of the African American community

Organizing Black America: An Encyclopedia of African American Associations Nina Mjagkij, 2003-12-16 With information on over 500 organizations their founders and membership this unique encyclopedia is an invaluable resource on the history of African American activism Entries on both historical and contemporary organizations include African Aid Society African Americans for Humanism Black Academy of Arts and Letters Black Women s Liberation Committee Minority Women in Science National Association of Black Geologists and Geophysicists National Dental Association National Medical Association Negro Railway Labor Executives Committee Pennsylvania Freedmen s Relief Association Women s Missionary Society African Methodist Episcopal Church and many more

A History of the African American Church Carter G. Woodson, 2017-10-26 Carter G Woodson s classic text on the emergence of African American churches chronicling their story out of the eighteenth century evangelical revivals and their transformations through the nineteenth and early twentieth century is important for reasons other than black church history With the exception of recent books such as C Eric Lincoln and Lawrence H Mamiya s *The Black Church in the African American Experience* Woodson s text remains one of the best overviews of the topic But Woodson s text is also a significant account of the ways in which Christian based instruction and socialization shaped not only class divisions and vetted leadership among but also shaped who what became the Negro Colored Black African

American For even the Father of Black History as Woodson is often called could not escape the spell casted by the prevailing Christian ideology of his time and in the earlier periods he investigated In fact Woodson viewed Christianity as a rather difficult religion for the undeveloped mind of the enslaved African to grasp and never questioned this Christianity or probed the African basis of rituals and ideas among the enslaved and the emancipated Instead Woodson extols the virtues of Christianity among the converted and the men who established the various churches in African descended communities including the educative social economic and political roles played by these institutions after the U S Civil War There is little here about those who adhered to spiritual or religious practices and ideas that remained as close to Africa as possible For Woodson then the ministry was one of the highest callings and occupations to which African American male leaders could aspire and from which they accrued prominence within their communities at a time when religious instruction was the primary schooling option available These educated Negroes as Woodson called them were now armed with the Christian religion Christian names and a dream to partner in an inferior position with the dominant values and views of white society which all created sectarianism and eventually two divergent visions among African descended peoples in North America Nineteenth century converts split along class lines and urbanized elites developed a Christian distaste for their kinfolk who continued to engage in African based rituals and practices such as the ring shout By the first quarter of the nineteenth century these elites began to seek equal rights and full acceptance by whites thus the need to distance themselves from things African and despite the fact that a few church organizations kept the term African as part of their name The majority of the African based community saw racism and its insidiousness as deeply rooted in their fight for human rights while the elites viewed slavery and discrimination as obstacles which prevented their particular progress rather than a collective advancement Since Woodson writing in the first quarter of the twentieth century had access to individuals who were either enslaved or children of the enslaved his account is still therefore relevant as both a source and as a story that captures some of the foregoing processes in African and African American history

Under Their Own Vine and Fig Tree: The African-American Church in the South, 1865-1900 William E. Montgomery, 1995

The Black Church Studies Reader
Alton B. Pollard, Carol B. Duncan, 2016-04-29 The Black Church Studies Reader addresses the depth and breadth of Black theological studies from Biblical studies and ethics to homiletics and pastoral care The book examines salient themes of social and religious significance such as gender sexuality race social class health care and public policy While the volume centers around African American experiences and studies it also attends to broader African continental and Diasporan religious contexts The contributors reflect an interdisciplinary blend of Black Church Studies scholars and practitioners from across the country The text seeks to address the following fundamental questions What constitutes Black Church Studies as a discipline or field of study What is the significance of Black Church Studies for theological education What is the relationship between Black Church Studies and the broader academic study of Black religions What is the relationship between Black

Church Studies and local congregations as well as other faith based entities The book's search for the answers to these questions is compelling and illuminating

Social Work Practice with African Americans in Urban Environments Rhonda Wells-Wilbon, 2015-09-08 The experiences of African Americans in urban communities are distinct from those of other ethnic groups and to be truly understood require an in depth appreciation of the interface between micro and macro level factors This sweeping text an outgrowth of a groundbreaking urban social work curriculum focuses exclusively on the African American experience through field education community engagement and practice It presents a framework for urban social work practice that encompasses a deep understanding of the challenges faced by this community From a perspective based on empowerment strengths resilience cultural competence and multiculturalism the book delivers proven strategies for social work practice with the urban African American population It facilitates the development of creative thinking skills and the ability to meet people where they are skills that are often necessary for true transformation to take root The book describes an overarching framework for understanding and practicing urban social work including definitions and theories that have critical implications for working with people in such communities It encompasses the contributions of African American pioneers regarding a response to such challenges as poverty oppression and racism Focusing on the theory practice and policy aspects of urban social work the book examines specific subsets of the urban African American population including children adults families and older adults It addresses the challenges of urban social work in relation to public health health and mental health substance abuse criminal justice and violence prevention Additionally the book discusses how to navigate the urban built environment and the intersection between African Americans and other diverse groups Chapters include outcome measures of effectiveness case studies review questions suggested activities and supplemental readings

KEY FEATURES Fills a void in the literature on urban social work practice with African Americans Presents the outgrowth of a renowned urban curriculum field education research community engagement and practice Fulfills the requirements of the CSWE in the Educational Policy and Accreditation Standards regarding diversity Synthesizes micro mezzo and macro content in each chapter Provides contributions from African American pioneers in urban social work practice Accompanying Instructor's Manual and PowerPoint Slides

African-American Experience in World Mission Vaughn J. Walston, Robert J. Stevens, 2002 Collection of articles about the history of missions from an African American perspective

Hymns and Hymnody: Historical and Theological Introductions, Volume 3 Mark A. Lamport, Benjamin K. Forrest, Vernon M. Whaley, 2019-08-01 Hymns and the music the church sings in worship are tangible means of expressing worship And while worship is one of if not the central functions of the church along with mission service education justice and compassion and occupies a prime focus of our churches a renewed sense of awareness to our theological presuppositions and cultural cues must be maintained to ensure a proper focus in worship Hymns and Hymnody Historical and Theological Introductions is a sixty chapter three volume introductory textbook describing the most influential hymnists liturgists and musical movements

of the church This academically grounded resource evaluates both the historical and theological perspectives of the major hymnists and composers who have impacted the church over the course of twenty centuries Volume 1 explores the early church and concludes with the Renaissance era hymnists Volume 2 begins with the Reformation and extends to the eighteenth century hymnists and liturgists Volume 3 engages nineteenth century hymnists to the contemporary movements of the twenty first century Each chapter contains these five elements historical background theological perspectives communicated in their hymns compositions contribution to liturgy and worship notable hymns and bibliography The mission of Hymns and Hymnody is 1 to provide biographical data on influential hymn writers for students and interested laypeople and 2 to provide a theological analysis of what these composers have communicated in the theology of their hymns We believe it is vital for those involved in leading the worship of the church to recognize that what they communicate is in fact theology This latter aspect we contend is missing yet important in accessible formats for the current literature

Counseling in African-American Communities Zondervan,2011-01-04 The gospel brings liberty to men women and children bound by every conceivable sin and affliction Psychology provides a tool for applying the power of the gospel in practical ways Drawing on biblical truths and psychological principles Counseling in African American Communities helps us Christian counselors pastors and church leaders to meet the deep needs of our communities with life changing effect Marshaling the knowledge and experience of experts in the areas of addiction family issues mental health and other critical issues this no nonsense handbook supplies distinctively African American insights on the problems tearing lives and families apart all around us Domestic AbuseGambling AddictionBlended FamiliesSexual Addiction and the InternetDepression and Bipolar DisorderDivorce RecoveryUnemploymentSexual Abuse and IncestDemonologyGrief and LossSchizophreniaSubstance Abuse and much more Encyclopedia of African American Religions Larry G.
