*The Great Depression* Robert S. McElvaine, 1993-12-06 One of the classic studies of the Great Depression featuring a new introduction by the author with insights into the economic crises of 1929 and today In the twenty five years since its publication critics and scholars have praised historian Robert McElvaine s sweeping and authoritative history of the Great Depression as one of the best and most readable studies of the era Combining clear eyed insight into the machinations of politicians and economists who struggled to revive the battered economy personal stories from the average people who were hardest hit by an economic crisis beyond their control and an evocative depiction of the popular culture of the decade McElvaine paints an epic picture of an America brought to its knees but also brought together by people s widely shared plight In a new introduction McElvaine draws striking parallels between the roots of the Great Depression and the economic meltdown that followed in the wake of the credit crisis of 2008 He also examines the resurgence of anti regulation free market ideology beginning in the Reagan era and argues that some economists and politicians revised history and ignored the lessons of the Depression era      *A History of American Life* , 1948      **The great depression, 1929-1941** Herbert Hoover, 1951      **The Age Fo the Great Depression, 1929-1941** Dixon Wecter, 1948      *The Cambridge Companion to American Literature of the 1930s* William Solomon, 2018-09-20 Offers a timely introduction to the intersection of radical politics and American literature in the period of the Great Depression      **United States Academic Decathlon Curriculum** ,      *A History of American Life: The age of the great depression, 1929-1941*, by Dixon Wecter , 1927      Liberty and Union Edgar J. Herbert Hoover and the Commodification of Middle-Class America Edward Gale Agran,2016-08-15 Herbert Hoover rose from a rudimentary background to establish himself as a self made millionaire and leading progressive reformer Until the disaster that hit the nation in 1929 Hoover was known globally as the Great Humanitarian who had saved the lives of scores of millions of Europeans and Asians during and following WWI As Secretary of Commerce through the twenties the Great Engineer constructed tooled and fine tuned the most powerful economy in the world Hoover was celebrated as a representative product of America s rise to global domination and a formidable voice for progressivism who could finish the job in the White House The Depression was Hoover s undoing but historians recognize they must take account of his considerable contributions to the creation of twentieth century America As we learn more of that America Hoover makes more sense With due consideration of Hoover s accomplishments one can further understand the construction of the American industrial and corporate economy progressivism and the New Deal and political posturing throughout the century Equally significant one can comprehend twentieth century cash box culture and Hoover s formidable contributions as a public servant to the commodification of American life He endeavored to establish that all could fulfill a secure middle class life in essence achieve the American Dream This concept in part was created by Hoover who also was considered one of the nation s public relations geniuses The political establishment continues to build upon the social and cultural foundation he laid That foundation while under stress remains fundamentally sound as the nation enters the twenty first century The criticisms rained down upon American materialism echo dangers Hoover warned against He subscribed to the maxim that a genuinely good society is not one premised upon material values it is established upon a widely distributed sense of well being grounded in service and compassion Hoover never lost sight of the imperative of selflessness for the good of others the

nation and oneself within an individualistically driven society rich in comforts and security He sedulously worked to create a middle class identity which spoke to material well being and fundamental decency A true believer Herbert Clark Hoover energetically embraced the American Promise     *Manitoba School Journal* ,1949
