## **The Al Qaeda Discourse Of The Greater Kufr:**

**The Al Qaeda Discourse of the Greater Kufr** Daurius Figueira, 2004-11 This is the final text of the trilogy consisting of *Jihad in Trinidad and Tobago* and *Exiting a Racist Worldview* The text presents a deconstruction of Islamic discourse with specific reference to jihad military engagement and the shahid martyr The Al Qaeda discourse of the greater kufr is deconstructed to expose its antecedents in militarist Islamic discourse born out of the contradiction between Islam and western capitalist colonial imperialism Primary to the development of the discourse of military engagement with the west is the discourse of Pakistani thinkers deconstructed in the text The discourse of Al Qaeda is then the product of contradiction between Islam and western imperialism and hegemony Thereby constituting the most potent threat to Islam since the crusades as manifested in the discourse of Al Qaeda **"Salafi Jihadi Discourse of Sunni Islam in the 21st century"**

Daurius Figueira, 2011-04-13 This work is a deconstruction of Salafi Jihadi discourse in the 21st century with special emphasis on the works in English of Muhammad Maqdisi and Anwar al Awlaki The work reveals the diversity of strategic positions that exist with reference to war with on the West the role of the Muslim minority of the West in this war and the fact that the prime focus of Salafi Jihadi praxis is hegemony over the Muslim lands The prime focus of Salafi Jihadi strategy in the 21st century is not war on with the West but the purging of the apostates from the Muslim lands War with on the West is then necessary because of the hegemony of the West over the Muslim lands in alliance with the apostates The most potent reality exposed is a Salafi Jihadi apocalyptic end time discourse that drives extremism especially in the discourse of Anwar al Awlaki *Belize: Human Smuggling, Transnational Organised Crime, Politicians And Public Servants* Daurius Figueira, 2018-04-20 This book analyses Mexican Transnational Trafficking Organisations MTTOs organised crime enterprises in Belize with specific emphasis on human smuggling and the joint organised crime enterprises with politicians and public servants The driving discourse of the book insists that the failure of the Belizean state to resist the assault of transnational organised crime lies in the failure of its imported and imposed Westminster model of government to form an organic bond with the neo colonial plantation social order since independence And that the discourse of corruption is inadequate to the task of unraveling the reality of this Frankenstein monster seeking to pass itself off as a modern North Atlantic state

### **Cocaine And Heroin Trafficking In The Caribbean: The Case Of Trinidad And Tobago, Jamaica And Guyana (Revised)**

Daurius Figueira, 2025-07-21 This work published in 2004 dealing with the nature of the illicit trades in Trinidad and Tobago Jamaica and Guyana has now been thoroughly revised through the presentation of an analysis of events from 2005 to 2025 along with never presented before analyses of the evolution of the illicit trades in these three countries from the 1970s In the case of Trinidad and Tobago an analysis is presented on the impact on the social order of T T from the 1960s to 2025 of the impact of the five evolutionary stages of the business models of the illicit trades of the Western Hemisphere seen in the rise of Gangland the drug trafficking oligarchs and in the 21st century the presence of two irreconcilable illicit business models at

war with each other For Jamaica the same is done which explains the rise of Jamaican transnational organised crime organised crime and the rise of the Jamaican drug trafficking oligarchs and the presence in Jamaica in the 21st century of two irreconcilable illicit business models at war with each other For Guyana the analysis places Guyana in the context of being an active transshipment point thereby constituting a huge dynamic vibrant illicit market which exerts intense power over the legal economy of Guyana in spite of Guyana's fabled carbon energy boom This analysis then presents in detail the reality of how transnational organised crime in these three states drive the evolution of the illicit economy in these three states including gun violence presenting grave threats to the survival of these states as viable entities under the rule of law

**COCAINE AND HEROIN TRAFFICKING IN THE CARIBBEAN** Daurius Figueira, 2004-11-04 Cocaine and Heroin Trafficking in the Caribbean exposes the nature and structures of illicit drug trafficking in the Caribbean A complex reality is presented which is built upon the lies and deceptions of the war on drugs the complicity of the elites of the Caribbean with the illicit trade and the failure of the agencies charged with interdicting the illicit trade in the Caribbean The escalating levels of societal violence instability of crime and the stark contrasts of opulence in the midst of grinding poverty all linked to the illicit drug trade are dealt with The underlying reality of failed states that facilitate illicit drug trafficking in the Caribbean with a future of violence and instability is the dominant reality of the Caribbean in the 21st century exposed and explained in this text

**Religion and International Security** Lee Marsden, 2019-01-22 Religious violence is on the rise globally Hardly a day passes without news of a vicious attack being carried out in the name of religion Religion can of course bring security to many but its perversion leads to insecurity for all Why is this How and why do so many claim to act on God's behalf to inflict deliberate human suffering In Religion and International Security Lee Marsden explores the return of religion as a major cause of insecurity in the contemporary world He guides readers through the different theoretical perspectives surrounding the study of religion and security arguing that the secular bias that marginalized the role played by religion in recent times must change to reflect the realities of the emerging post secular international order Packed with examples from around the world the book offers a thoughtful and nuanced exploration of religion and security through key themes such as religiously motivated and inspired terrorism and warfare the human security of women and gay people in religiously dominated communities and the capacity for religious communities and leaders to heal conflict through peacebuilding For those who would rather deny a role for religion when considering security the genie is truly out of the bottle This book seeks to understand this phenomenon and how to come to terms with it

US Intelligence and Al Qaeda Peter de Werd, 2020-09-21 This book sets out a new analytic methodology analysis by contrasting narratives ACN which states that defining an enemy and attempting to counter threats can contribute to the manifestation of that threat Peter de Werd applies ACN to the problem the US faced in understanding and responding to the phenomenon of Al Qaeda in the 1990s He demonstrates how this approach can fill a gap in intelligence studies by enhancing the understanding of complex intelligence

problems and strengthening the practice of intelligence analysis Adopting a reflexivist theoretical stance the book underlines the importance of an integrated approach to interpretation and action and of a continuous dialogue between intelligence and policy □□□□□□□□□□□□□□□□□□□□,2010     **Al Qaeda's Global Crisis** V. G. Julie Rajan,2015-01-30 This book focuses on the crises facing Al Qaeda and how the mass killing of Muslims is challenging its credibility as a leader among Islamist jihadist organizations The book argues that these crises are directly related to Al Qaeda s affiliation with the extreme violence employed against Muslims in Iraq Syria Afghanistan and Pakistan in the decade since 9 11 Al Qaeda s public and private responses to this violence differ greatly While in public Al Qaeda has justified those attacks declaring that for the establishment of a state of true believers they are a necessary evil in private Al Qaeda has been advising its local affiliates to refrain from killing Muslims To better understand the crises facing Al Qaeda the book explores the development of Central Al Qaeda s complex relationship with radical mis appropriations and manifestations of takfir which allows one Muslim to declare another an unbeliever and its unique relationship with each of its affiliates in Iraq Syria Afghanistan and Pakistan The author then goes on to consider how the prominence of takfir is contributing to the deteriorating security in those countries and how this is affecting Al Qaeda s credibility as an Islamist terror organization The book concludes by considering the long term viability of Al Qaeda and how its demise could allow the rise of the even more radical violent Islamic State and the implications this has for the future security of the Middle East North Africa and Central South Asia This book will be of much interest to students of political violence and terrorism Islamism global security and IR     **Myth in the Modern World** David Whitt,John Perlich,2014-05-01 Ubiquitous and enduring myths are an inherent part of culture These 10 essays explore the role of myth in the modern world delving not only into science fiction and fantasy but also into sport terrorist rhetoric and television Contributors contemplate the changing face of the hero in Breaking Bad Justified and the Japanese film trilogy 20th Century Boys explore ideology in George R R Martin s A Song of Fire and Ice novels and the HBO series Game of Thrones Showtime s The L Word and The Day the Earth Stood Still and examine Al Qaeda s use of myth to justify its violent actions Other essays consider the hero ideal in sport the wolf myth in Twilight and the comic persona of Hercules in the Travel Channel series Man v Food The power of myth this volume reveals extends beyond ancient stories of gods and heroes to express the hopes fears and reality of everyday life     *Jihad in Saudi Arabia* Thomas Hegghammer,2010-04-01 Saudi Arabia homeland of Osama bin Laden and many 9 11 hijackers is widely considered to be the heartland of radical Islamism For decades the conservative and oil rich kingdom contributed recruits ideologues and money to jihadi groups worldwide Yet Islamism within Saudi Arabia itself remains poorly understood Why has Saudi Arabia produced so many militants Has the Saudi government supported violent groups How strong is al Qaida s foothold in the kingdom and does it threaten the regime Why did Bin Laden not launch a campaign there until 2003 This 2010 book presents the first ever history of Saudi jihadism based on extensive fieldwork in the kingdom and primary sources in Arabic It offers a powerful explanation for the rise of

Islamist militancy in Saudi Arabia and sheds crucial new light on the history of the global jihadist movement *Muslim Youth in the Diaspora* Pam Nilan, 2017-02-17 In a world where the term Islam is ever increasingly an inaccurate and insensitive synonym for terrorism it is unsurprising that many Muslim youth in the West struggle for a viable sense of identity This book takes up the hotly debated issue of Muslim youth identity in western countries from the standpoint of popular culture It proposes that in the context of Islamophobia and pervasive moral panic young Muslims frame up their identity in relation to external conditions that only see good and bad Muslims on both sides of the ideological fence between Islam and the West Indeed by attempting to break down the good versus bad Muslim dichotomy that largely derives from western media reports as well as political commentary *Muslim Youth in the Diaspora Challenging Extremism through Popular Culture* will enlighten the reader It illuminates the way in which diasporic Muslim youth engage with and are affected by the radical Islamist meta narrative It examines their popular culture and online activity their gendered sense of self and much more This original book will be of interest to students and scholars interested in the fields of sociology cultural studies and social anthropology It offers a particular focus on Islam for research in youth studies youth culture political radicalisation and religious identity It will also be relevant to the sector of youth and social work where practitioners seek to build cultural bridges with a new generation

*The Al Qaeda Reader* Raymond Ibrahim,2007-08-07 The global war on terror is not just a military conflict but a war of ideas Indeed it is in some respects primarily an ideological struggle Yet it is a war we cannot win without a broader understanding of al Qaeda s goals and motives What do our enemies believe What motivates their war against the West What is their vision of the ideal Islamic society Surprisingly more than five years after 9 11 there is very little understanding of these questions Despite our tendency to dismiss Islamic extremism as profoundly irrational al Qaeda is not without a coherent body of beliefs Like other totalitarian movements the movement s leaders have rationalized their brutality in a number of published treatises Now for the first time The Al Qaeda Reader gathers together the essential texts and documents that trace the origin history and evolution of the ideas of al Qaeda founders Ayman al Zawahiri and Osama bin Laden This extraordinary collection of the key texts of the al Qaeda movement including incendiary materials never before translated into English lays bare the minds motives messages and ultimate goals of an enemy bent on total victory Al Qaeda s chilling ideology calls for a relentless jihad against non Muslim infidels repudiates democracy in favor of Islamic law stresses the importance of martyrdom and mocks the notion of moderate Islam Perhaps the most disturbing aspect of these works is how grounded they are in the traditional sources of Islamic theology the Koran and the teachings of the Prophet The founders of

al Qaeda use these sources as powerful weapons of persuasion reminding followers and would be recruits that Muhammad and his warriors spread Islam through the power of the sword and that the Koran is not merely allegory or history but literal truth that commands all Muslims to action In addition to laying bare al Qaeda s ultimate motives The Al Qaeda Reader includes the organization s propagandist speeches which are directed primarily at Americans Europeans and Iraqis Here al Qaeda s many official accusations against the West are meticulously delineated from standard complaints such as the Palestinian issue and Iraq to wholly unexpected ones concerning the U S s exploitation of women and the environment Taken together the Theology and Propaganda sections of this volume reveal the most comprehensive picture of al Qaeda to date They also highlight the double speak of bin Laden and Zawahiri who often say one thing to Muslims in their religious treatises We must hate and fight the West because Islam commands it and another in their propaganda directed at the West The West is the aggressor and we are fighting back merely in self defense Westerners from across the political spectrum will be fascinated and enlightened by The Al Qaeda Reader s insights into the nature of Islamic texts and the ways in which al Qaeda has used these texts to manufacture hatred against our civilization and our way of life
