The Aleutians Campaign, June 1942-August 1943 Naval Historical Center (U.S.),1945 *The Aleutians Campaign and the U.S. Navy* Colin Jameson,L. C. Smith,2016-02-11 The Aleutians Campaign and the U S Navy first published in 1945 provides an overview of WWII naval operations against the Japanese held Aleutian Islands of Alaska On June 3 4 1942 Japanese aircraft attacked the naval base at Dutch Harbor followed by landings of troops on Kiska June 6 and Attu June 7 Although of limited strategic value occupation of the islands was anathema to Americans and the US Army established an air base on Adak in August 1942 From there bombers began raids on Japanese positions and the Navy engaged the enemy offshore In May 1943 US forces landed on Attu with support of US warships and engaged in heavy fighting By the end of the month fighting was over with heavy casualties on both sides and the near total decimation of the entire Japanese force In August allied forces landed on Kiska to find that the Japanese had already in secret abandoned the island The Aleutians Campaign and the U S Navy provides a contemporary view of this little known theater of the war fought in a harsh environment against a determined enemy Illustrated with maps and photographs **The Aleutians Campaign, June 1942-August 1943** ,1945 The Aleutians Campaign, June 1942-August 1943 United States. Office of Naval Intelligence,1945 The Aleutians 1942-43 Brian Lane Herder,2019-03-21 A highly illustrated study of the Japanese conquest and American reconquest of the Aleutian Islands off the coast of Alaska one of the most inhospitable theatres of World War II It is often forgotten that during World War II the Japanese managed to successfully invade and conquer a precious part of American home soil the first time this had happened since 1815 Capturing the Aleutian Islands located in Alaska territory was seen by the Japanese as vital in order to shore up their northern defensive perimeter Fighting in the Aleutians was uniquely brutal It is a barren rugged archipelago of icy mountains and thick bogs with a climate of constant snow freezing rains and windstorms These geographic conditions tended to neutralize traditional American strengths such as air power radar naval bombardment and logistics The campaign to recapture the islands required extensive combined ops planning and inflicted on the United States its second highest casualty rate in the Pacific Theatre Featuring the largest Japanese banzai charge of the war first use of pre battle battleship bombardment in the Pacific and the battle at the Komandorski Islands this is the full story of the forgotten battle to liberate American soil from the Japanese *The Sicilian Campaign, 10 July-17 August 1943* John L. August 1942 ,1948 **Campaign in the Aleutians, June 1942-August 1943** Johnson Grant Lemmon,1971 *Aleutian Campaign In World War II: A Strategic Perspective* Major John A. Polhamus,2015-11-06 This work is a detailed historical study of the Second World War s little known Aleutian Campaign in the North Pacific commonly referred to as the Forgotten War After describing the events that transpired in the North Pacific throughout the war this work focuses on the strategic reasons why the United States and Japan decided to dedicate critical and limited resources to a secondary effort in the North Pacific The strategies are compared to determine which country dedicated a higher percentage of available manpower and resources to the region and which country gained an advantage from their respective propaganda efforts Despite the United States tactical and operational victories in the North Pacific the Japanese benefited at the strategic level Secondary theaters of operations like the Aleutians during World War II produced many lessons that were applied to other theaters during the war and remain relevant today in the Global War on Terrorism **The Army Air Forces in World War II, Volume One: Plans and Early Operations, January 1939 to August 1942** , **Professional Journal of the United States Army** ,1993 **Major Fleet-versus-fleet Operations in the Pacific War, 1941-1945** Milan N. Vego,2015-02-25 A detailed study of three major naval operations of World War II These three initiated by imperial Japan took place in the Pacific and resulted in the battles of the Coral Sea Midway Aleutians and the Philippine Sea All the cases provide ample background on the geographic and strategic context of the operations as well as an account of the unfolding of the action utilizing much primary source material in especially American and Japanese archives Provided by publisher [Alaska at War, 1941-1945](#) Fern Chandonnet,2007-09-15 Over the course of the past two hundred years only one United States territory has experienced foreign occupation Alaska Available for the first time in paperback Alaska at War brings readers face to face with the North Pacific front in World War II Wide ranging essays cover the war as seen by Alaskan eyes including the Japanese invasion of the Attu and Kiska islands the effects of the war on Aleutian Islanders and the American campaign to recover occupied territory Whether you re a historian or a novice student interested in this pivotal period of American history Alaska at War provides fascinating insight into the background history and cultural impact of war on the Alaskan homefront *The Army Air Forces in World War II* ,1948 *Weather As The Decisive Factor Of The Aleutian Campaign* Lieutenant Commander Carol A. Wilder,2014-08-15 This study is an examination of historical data to determine if weather was the decisive factor of the Aleutian Campaign The campaign was carried out early in World War II along the over 1 000 miles of the archipelago Island warfare made joint operations a necessity Weather conditions disrupted all areas of battle sea air and ground and made attempts at coordinated actions futile The intense weather conditions of the North Pacific severely complicated operations over near and on the Aleutian Islands Weather and its effect on the Japanese raid on Dutch Harbor and the American response is examined The role of the weather is also examined as the Americans attempt to bomb the Japanese out of Kiska and Attu Finally the influence of weather on the amphibious landings and ensuing ground action to eject the

Japanese from the islands is reviewed Though a dominant factor weather was not the decisive factor at the tactical level of warfare during this campaign The American ability to mass overwhelming combat power ultimately drove the Japanese from the region
