## **The Alien Abduction Survival Guide How To Cope With Your Et Experience:**

**The Alien Abduction Survival Guide** Michelle LaVigne-Wedel, Michelle Wedel, 1995      **Alien Experiences** Nadine Lalich, Barbara Lamb, 2020-09-03 Many current and ancient sources suggest that UFOs and extraterrestrial beings have been visiting the earth and interacting with humans for thousands of years. If this is true, monumental implications arise regarding the origin and evolution of humanity and the future of our planet. This book discusses the highly controversial subject of alien contact and abduction, recounting twenty-five cases of close encounter. The cases included have been selected from the files of psychotherapist Barbara Lamb, who has been working with abductees since 1991. In her work with 560 individuals, more than 1,800 regressions have revealed encounters with what appear to be non-human life forms. Although extraterrestrial contact is difficult to prove scientifically, the events described in this book are accurate in that they have been presented as they were described by the individuals who experienced them. These are normal men and women living average, responsible lives who have been subjected to extremely unusual events. These individuals display such a compelling sincerity and marked emotional response to their strange experiences that there can be no doubt they have experienced some kind of extraordinary event. As a reader, you may be curious about the subject or you may be a confirmed skeptic. You may also be someone who is investigating unusual occurrences in your own life. Whatever the case may be, if with an open mind you will simply consider the possibilities inferred by the cases described herein, you might find yourself on the road to a greater vision of reality.
