Alienation Modern Man Fritz Pappenheim,1959 This intriguing work deals with the plight of the alienated individual estranged from humanity and the surrounding world It examines such questions as Why do writers like Kafka Thomas Wolfe Rilke and the existential philosophers who portray the individual as a stranger in the world have such a strong appeal Is estrangement limited to individual cases or has it become a universal fate Is alienation a consequence of the triumph of the machine Is it characteristic of the human condition or is it a specific development of modern society Should humanity resign itself to alienation or can it be overcome conquered

Silberstein,1990-12-01 Moore focuses on Buber's central message about what it means to be a human being a person of faith and what mankind can do to overcome the eclipse of God Shofar Solid well researched and sympathetic might well spur a person to go back and read Buber Commonwealth *Reconstructing Karl Polanyi* Gareth Dale,2016-09-20 Shortlisted for the Deutscher Memorial Prize 2017 Karl Polanyi's contribution to political economy and social science is immeasurable In *Reconstructing Karl Polanyi* Gareth Dale foremost scholar and biographer of Polanyi provides a sweeping survey of his contributions to the social sciences An opponent of traditional economics and a believer in economics contingency to society and culture Polanyi's work has a

cross disciplinary appeal finding popularity in anthropology economic history economic sociology and political science Paradoxical formulations such as liberal socialist and cosmopolitan patriot are often used to describe Polanyi s intellectual and political vision In exploring these paradoxes Dale draws upon original writings and transcripts to reconstruct Polanyi s views on a range of topics long neglected in critical literature including the history of antiquity the evolution and dynamics of Stalin s Russia McCarthyism and Polanyi s critical dialogue with Marxism Accompanying the reconstruction of his work is Dale s analysis of Polanyi s relevance to current issues notably the clash between democracy and capitalism and the nature and trajectory of European unification This proves an indispensable critical guide to Polanyian thought The Vitality of Critical Theory Harry F. Dahms,2011-05-19 States that the critical theory of the Frankfurt School is as important today if not more so as it was at its inception during the 1930s This title looks at the distinguishing features of this tradition and how it is critical yet also complementary of other approaches in the social sciences especially in sociology

Three Authors of Alienation M. Ian Adams,2014-12-15 As a philosophical and social concept alienation covers a broad range of mental states both normal and abnormal Correspondingly a wide range of literary forms has been employed to deal with this important theme In *Three Authors of Alienation* an exploration of the literary expression of alienation M Ian Adams discusses the works of three contemporary Latin American authors The fiction of Mar a Luisa Bombal Juan Carlos Onetti and Alejo Carpentier reflects alienation disgust with life and a feeling of nothingness arising from the conditions of modern society However each author treats the theme differently In *La ltima niebla* Mar a Luisa Bombal uses poetic imagery to create the emotional life of the protagonist Juan Carlos Onetti portrays the schizoid extreme of alienation with a complex of symbols based on changes of vision caused by the mental states of his characters In *Los pasos perdidos* Alejo Carpentier presents the problem of the modern alienated artist who attempts to rid himself of his social alienation by changing times and cultures In his close analysis of the works discussed Adams considers each literary element in its context and also in terms of its relation to the larger artistic vision of the author In addition he places the works of the three authors in the greater perspective of modern social problems by discussing the concepts of social alienation proposed by Erich Fromm and Erich Kahler His conclusion is that although disgust with life and feelings of meaninglessness are at the heart of the experiences of the characters of all three authors only in Alejo Carpentier s *Los pasos perdidos* are social conditions the major cause of alienation In the works of Bombal and Onetti alienation is a result not of social conditions but of factors unique to the characters personalities and circumstances *Three Authors of Alienation* is a solid contribution to criticism of contemporary Latin American narrative Adams s projection of a social problem into the realm of aesthetic experience yields intriguing interpretations of both the problem and the literature
