The American Church And The Ecumenical Patriarchate Governance Diaspora Role Of Women:

The American Church and the Ecumenical Patriarchate George Matsoukas,1998-01-01 The Greek Orthodox Church in America Alexander Kitroeff,2020-06-15 In this sweeping history Alexander Kitroeff shows how the Greek Orthodox Church in America has functioned as much more than a religious institution becoming the focal point in the lives of the country's million plus Greek immigrants and their descendants Assuming the responsibility of running Greek language schools and encouraging local parishes to engage in cultural and social activities the church became the most important Greek American institution and shaped the identity of Greeks in the United States Kitroeff digs into these traditional activities highlighting the American church's dependency on the mother church the Greek Orthodox Patriarchate of Constantinople and the use of Greek language in the Sunday liturgy Today as this rich biography of the church shows us Greek Orthodoxy remains in between the Old World and the New both Greek and American **The Reading Biblical-Theological of 1 Timothy 2,12 and Acts 18,26 in The Patristic Tradition: The woman's Role in the Church and in The Family with Particular Reference to The Theology Protological** Cinzia Randazzo,2018-01-24 In this contribution the author examines the interpretation of 1 Timothy 2 12 and of the Acts 18 26 in the patristic tradition From an analytical reading of the patristic texts where the aforementioned scriptural passages recur the author deduces the essential traits through which the role of the woman in the church and in the family is expressed Globalization and Orthodox Christianity Victor Roudometof,2013-10-15 With approximately 200 to 300 million adherents worldwide Orthodox Christianity is among the largest branches of Christianity yet it remains relatively understudied This book examines the rich and complex entanglements between Orthodox Christianity and globalization offering a substantive contribution to the relationship between religion and globalization as well as the relationship between Orthodox Christianity and the sociology of religion and more broadly the interdisciplinary field of Religious Studies While deeply engaged with history this book does not simply narrate the history of Orthodox Christianity as a world religion nor does it address theological issues or cover all the individual trajectories of each subgroup or subdivision of the faith Orthodox Christianity is the object of the analysis but author Victor Roudometof speaks to a broader audience interested in culture religion and globalization Roudometof argues in favor of using globalization instead of modernization as the main theoretical vehicle for analyzing religion displacing secularization in order to argue for multiple hybridizations of religion as a suitable strategy for analyzing religious phenomena It offers Orthodox Christianity as a test case that illustrates the presence of historically specific but theoretically distinct glocalizations applicable to all faiths Orthodox Christianity Carl S. Tyneh,2003 The Orthodox Church is one of the three major branches of Christianity There are over 300 million adherents throughout the world The Orthodox Church is a fellowship of independent churches which split from the Roman Church over the question of papal supremacy in 1054 The Orthodox adherents include people in Greece Georgia Russia and Serbia There are an estimated one million members in the

United States This Advanced book explains the basic principles of Orthodox Christianity and describes in detail the holidays observed by the Orthodox Church In addition relevant book literature is presented in bibliographic form with easy access provided by title subject and author indexes Lettura Biblico-Teologica di 1Tm 2,12 e atti 18,26 nella tradizione patristica: Il ruolo della donna nella chiesa e nella famiglia con particolare riferimento alla teologia protologica Cinzia Randazzo,2018-01-24 In questo contributo l'autrice esamina l'interpretazione di 1Tm 2 12 e di Atti 18 26 nella tradizione patristica Partendo da una lettura analitica dei testi patristici nei quali ricorrono i suddetti passi scritturistici l'autrice desume i tratti essenziali attraverso i quali si estrinseca il ruolo della donna nella chiesa e nella famiglia **The Living Church** ,1976-07 **Religions of the World** J. Denysenko, 2018-11-23 The bitter separation of Ukraine's Orthodox churches is a microcosm of its societal strife From 1917 onward church leaders failed to agree on the church's mission in the twentieth century The core issues of dispute were establishing independence from the Russian church and adopting Ukrainian as the language of worship Decades of polemical exchanges and public statements by leaders of the separated churches contributed to the formation of their distinct identities and sharpened the friction amongst their respective supporters In *The Orthodox Church in Ukraine* Nicholas Denysenko provides a balanced and comprehensive analysis of this history from the early twentieth century to the present Based on extensive archival research Denysenko's study examines the dynamics of church and state that complicate attempts to restore an authentic Ukrainian religious identity in the contemporary Orthodox churches An enhanced understanding of these separate identities and how they were forged could prove to be an important tool for resolving contemporary religious differences and revising ecclesial policies This important study will be of interest to historians of the church specialists of former Soviet countries and general readers interested in the history of the Orthodox Church Global Tensions in the Russian Orthodox Diaspora Robert Collins, 2022-12-30 This book explores the tensions that have arisen in the diaspora as a result of large numbers of Russian migrants entering established overseas parishes following the collapse of the Soviet Union These tensions made more fervent by the increasing role of the Church as part of the expression of Russian identity and by the Church's entry into the global culture wars carry with them alternative views of a range of key issues cosmopolitanism versus reservation liberalism versus conservatism and ecumenism versus dogmatism The book focuses on particular disputes discusses the broader debates and examines the wider context of how the Russian Orthodox Church is evolving overall
